

Temperature Drop Forecast For Friday

Sub-Zero Weather Stays in Midwest; Snow Predicted

While eastern Wisconsin and the eastern part of the nation experienced a temporary warming trend, sub-zero temperatures persisted throughout most of the Midwest.

Appleton thermometers rose 10 degrees above the predicted high of zero Wednesday afternoon, and dropped to minus 10 over night 10 degrees above the predicted low 20 below.

However, the U.S. Weather Bureau in Green Bay said the Valley is receiving only a short period of relief. The bureau predicted a low tonight of zero and said temperatures probably won't rise above that mark Friday.

According to the Weather Bureau a low pressure system sighted moving slowly into Canada was not expected to hit Wisconsin for a few days.

However the Weather Bureau said it has gained momentum and should be over the Fox Cities area by midnight. The station also said a snowfall of up to an inch is expected.

Extreme West
The below zero zone in the Midwest was confined to the extreme eastern Dakotas Minnesota western half of Wisconsin northeastern Nebraska most of Iowa and in parts of northern Illinois.

In Lone Rock Wis. one of the nation's coldest spots during the severe spell of frigid weather in the last week, the mercury made a rapid rise Wednesday after dropping to -37 in the morning. It was only -3 at 11 p.m. but four hours later, the mercury had dropped to 26 below averaging a descent of nearly eight degrees.

7 Explosions Wreck Plant In New York

GARDEN CITY, N.Y. (AP)—A series of explosions blew a magazine plant into bits and shook three Long Island villages today.

People were thrown out of bed and lights suddenly flashed on in homes in the New York City suburban area with a population of about 80,000.

Hempstead and Mineola, the Nassau County seat, were shaken in addition to Garden City.

Ninety families were evacuated from two apartment houses temporarily.

Police said the seven explosions—of ever increasing intensity—were in fuel oil tanks in the basement of the one-story brick magazine plant.

Officials had no immediate conjecture on the cause of the blasts at the plant of the Direct Mail Advertising Reporter, a national-circulation monthly publication at 224 7th St., Garden City.

No one was believed to have been in the magazine plant and no injuries were reported.

Fire followed the explosions. Firemen got the blaze under control in a short time.

\$98.8 Billion Record U.S. Budget Indicates Deficit of \$11.9 Billion

Mother, 3 of 6 Children Hurt in Farm Home Blaze

Mrs. Arnold Van Schyndel Rescues Son as Fire Hits in Rural Kaukauna

KAUKAUNA — A mother and one of her six children were hospitalized and two others treated and released as a result of a fire which burned out the upstairs of the 2-story, frame farm home of Mr. and Mrs. Arnold Van Schyndel, route 1 Kaukauna, about 4 1/2 p. m. Wednesday.

The farm is located on Maloney Road two miles north of County Trunk JJ.

Confined to Kaukauna Community Hospital in fair condition with first and second degree burns of the face, neck, back and upper extremities are Mrs. Van Schyndel, 39 and 7-year-old David.

Examined and released were Roman 5 and Donald 2. The fire is believed to have started in an attic closet of the home. The three boys were playing upstairs when Mrs. Van Schyndel went to check on them.

She noted a piece of insulation fall from the ceiling, opened the closet door and flames shot out at her. David ran into the burning room and the mother was forced to break through the flames to rescue the child.

Drives For Help
As she bundled the smaller children into the car and drove to the home of a niece, Mrs. Richard Dorman one-quarter mile away Van Schyndel and three other boys Dennis 12, Kenneth 11 and Vernon 10, who had been doing chores in the barn at tempted to carry out some family possessions from the first floor.

Volunteer firemen from the Town of Vandembroek and Little Chute volunteers who brought the fire truck to the scene fought the blaze for about an hour before bringing it under control. Flames

burned out the upstairs of the 2-story, frame farm home of Mr. and Mrs. Arnold Van Schyndel, route 1 Kaukauna, about 4 1/2 p. m. Wednesday.

The entire upstairs portion of the home was burned out and the first floor was extensively charred and damaged by smoke and water. Edward Sprangers, fire chief, termed the home almost a complete loss. All the family clothing was destroyed. Sprangers said faulty wiring may have caused the fire.

About 20 firemen fought the blaze but the fire was too far gone to save the home, the chief said. Despite the sub-zero temperatures, no freeze-up of the hose lines was reported and an adequate supply of water was supplied by the 1,000-gallon pump and three tank trucks. Firemen used three hose lines in bringing the fire under control.

Van Schyndel said the home was partially covered by insurance. He and the remainder of the family are staying at the home of his niece.

Little Chute American Legion members have started a drive to collect clothing to help the family. Persons having clothing to fit boys between 2 and 12 are to contact Arden Tousey.

4 Killed, 5 Hurt When Apartment Burns in Chicago

CHICAGO (AP)—Four persons were killed and five others were injured in a fire that swept through a three-story apartment building on the city's Southwest Side Wednesday night.

More than 50 residents were forced to flee the structure in the near zero cold. Firemen used aerial ladders to rescue three women stranded on third-floor ledges.

The dead were identified as Patricia Schacht, 11, her sister Diana 3, Mrs. Anna Masek 53 and Mrs. Helen Shellhammer 57. Firemen found the bodies huddled together in Mrs. Masek's apartment.

Five persons including four firemen were overcome by dense smoke that filled the building. Deputy Fire Marshal James Leahy estimated damage at \$50,000.

Youth Seized After Physician Receives Threatening Letter

BELOIT (AP)—A 16-year-old youth was apprehended Wednesday as he attempted to pick up a sum of money he demanded in a threatening letter to a suburban Beloit physician authorities said today.

Detective Capt. Howard Bjorklund of the Beloit Police Department said the boy admitted that he wrote the letter during the weekend and addressed it to Dr. Lester P. Brulman who lives just outside the city. Mrs. Brulman reported the matter to authorities and detectives and Rock County deputies were at the pickup spot in the city Wednesday when the youth called.

Capt. Bjorklund said the letter demanded a "considerable sum."

Dist. Atty. William Donovan said the boy probably would be taken into Juvenile Court on a delinquency complaint.

Firemen were shooting from the roof when firemen arrived.

Tshombe in Leopoldville

Ready for Talks to Discuss Surrender Of Katanga Province

LEOPOLDVILLE, the Congo (AP)—Katanga's elusive President Moise Tshombe reportedly ready to abandon the tactics which for 30 months frustrated Congo unity plans was said to be in Elisabethville today for talks to complete Katanga's surrender.

Awaiting Tshombe were firm demands for unopposed entry for U.N. troops into Katanga, his last stronghold 150 miles northwest of Elisabethville.

A spokesman at U.N. headquarters in New York said Tshombe would probably meet with George Sherry, the No. 2 U.N. representative in Elisabethville. The chief U.N. representative Eliud Mathu is reported ill.

Unkly Plan Waits
The threat of mass destruction in Katanga, where Tshombe's supporters have mined industrial and power facilities for destruction, has kept a U.N. combat column some miles southeast of the mining center.

Once the U.N. entry into Katanga is arranged, a U.N. spokesman said talks can begin with Tshombe on arrangements to put U.N. Secretary General U Thant's plan for Congo reunification into full effect.

May See De Gaulle
Principal interest in diplomatic quarters focused on two possible December 1959 at the outset of an 11-nation tour of Europe Asia.

Federal Budget at Glance

BY THE ASSOCIATED PRESS
Budget estimates for the year ending June 30:

	1963	1964
Income	\$ 85,500,000,000	\$ 86,900,000,000
Outgo	\$ 94,300,000,000	\$ 98,800,000,000
Deficit	\$ 8,800,000,000	\$ 11,900,000,000
Year-End Debt	\$303,494,000,000	\$315,804,000,000

European Journey May be Expanded

President Kennedy May Go to Other Countries Beside Italy

WASHINGTON (AP)—Diplomats between France and the United States speculated today that President Kennedy's trip to Italy might be expanded to include some other European countries.

The White House announced 2 That a meeting might be Wednesday that Kennedy had arranged between Kennedy and Soviet Premier Khrushchev for an informal talk on East West problems. The date is less than a year yet to be determined.

Administration officials said Khrushchev met that the President plans to go to Europe in only to Italy and there is no plan May 1961 a few months after for him to visit anywhere else taking office primarily for talks.

However, Western diplomats with De Gaulle. His trip was said it would be surprising if it extended to Vienna for a meeting closure of the visit to Rome with Khrushchev and on the way not bring leaders from other European home in early June he stopped pean capitals for a Kennedy stop over in London.

The last president to visit Rome was Dwight D. Eisenhower who was called at the Italian capital in quarters focused on two possible December 1959 at the outset of an 11-nation tour of Europe Asia.

1 That Kennedy might see and Africa. On that occasion French President Charles de Gaulle had a 27-minute audience with Pope John XXIII.

Can Mao, Nikita Coexist?

fluence many a Latin-American on the faces of the Red Chinese delegation Peking might consider doing just that.

Khrushchev rejected Peking's idea of a meeting of world Red leaders on Chinese terms. If the Chinese want to talk about ending the dispute, says Khrushchev, they first must stop the name-calling in public. It has been going on for a long time now and is rising in violence.

Khrushchev accused the Chinese of wanting to spread communism by war without regard for the widespread destruction that course might bring. There are other ways, says the Soviet leader and there should not be resort to arms even in a revolutionary movement if the seizure of power can be achieved less riskily.

The Chinese don't agree that both sides will suffer catastrophe in nuclear war. There are three quarters of a billion Chinese. Mao Tse-tung contends plenty of

But Premier Khrushchev told the Chinese Communists Wednesday that if they will not listen to his logic, they will have to go their own way. From the looks

Debt to Top \$315 Billion; President Envisions More Jobs, Output, Buying Power

WASHINGTON (AP)—President Kennedy proposed today an unprecedented \$98.8 billion budget keyed to deficit boosting tax cuts which he said would spark the nation toward full employment, production and purchasing power.

Kennedy's spending program for the year starting July 1 would top even the highest of wartime budgets, \$98.3 billion in 1944-45, and shoot the public debt to a record \$315.6 billion.

Nonetheless, he insisted it was shaped to put new life into the economy and insure "efficient and frugal" conduct of the government.

In a message sending his midterm budget to congress, Kennedy acknowledged the \$13.5 billion, three-year tax cutting plan he unveiled earlier this week would at first add red ink to federal finances. He estimated the deficit would rise from the \$8.8 billion now anticipated this year to \$11.9 billion.

Recommendations Kennedy sent to Capitol Hill included:

—Over all defense spending of \$54.4 billion up \$2.4 billion from the current year, emphasis on a strong retaliatory force flexible conventional forces better air and missile defenses.

—Space programs costing \$4.2 billion an increase of \$1.8 billion manned space flight efforts to get most of the total, with the goal of getting a man to the moon.

Medical Care Plan
—Foreign aid totaling \$4.95 billion with special attention for countries willing to help themselves.

—Another bid for medical care for the aged financed through Social Security taxes, a new request for a Cabinet level Department of Urban Affairs. Detailed recommendations will be made later for aid to education, farm and other programs.

For peacetime the anticipated \$11.9 billion deficit would be second only to the \$12.4 billion incurred under former President Dwight D. Eisenhower in 1958-59. But Kennedy argued a 1963-64 deficit is unavoidable even at the present level of taxes. The choice he said lies between accepting a chronic deficit of inertia due to inadequate economic growth and a temporary deficit caused by programs designed to generate the economy increase revenues and eventually achieve budget surpluses.

Investment in Future
The first type of deficit is a sign of waste and weakness, he argued. The second is an investment in the future.

Kennedy foresaw receipts of \$89.9 billion. He offered this reasoning to conclude that reduced taxes will start producing new revenues in the year ahead.

Tax cuts taking effect in 1963, he didn't say when—would by themselves decrease government income for the fiscal year some \$3.3 billion. But two factors trim the net loss from what might have been expected to \$2.7 billion.

These are a speedup in collection of corporation taxes, which now lag six months and the advance in taxable income anticipated.

Turn to Page 4, Col. 5

Party Heads Center
Khrushchev spent the morning at the East German Communist party conference where the argument between Moscow and Peking occupies the attention of 2,500 delegates and guests.

Gomulka demanded that the Chinese Communists cease their attacks on Soviet policies and show greater modesty and moderation in their dealings with Moscow.

Gomulka went right down the line to make it clear that he was backing Khrushchev without qualification in the argument with Peking. He also urged that this argument be taken out of the world's gaze and be settled by private discussions.

With East German party chief Walter Ulbricht at his side, Khrushchev then went to the wall. He showed no inclination to accept West Berlin Mayor Willy Brandt's suggestion that he look at the wall from West Berlin.

Stays Out of West
He approached the border at the U.S. sector's Friedrichstrasse crossing point.

Brandt in an interview early this month suggested that Khrushchev get a first-hand picture of the real conditions in both parts of divided Berlin. But Khrushchev made no move to cross over into the West.

In bright sunshine Khrushchev stood at the first red-and-white striped pole barring entry into

East Berlin's Congress Reveals Communism in Serious Trouble

BY WILLIAM L. RYAN
BERLIN (AP)—The world Communist movement is in trouble. Castro annoyed since Khrushchev suddenly yanked away his current congress of Communist hope for nuclear weapons in October leaders in East Berlin can only tober chose the day of Khrushchev when the rift between Peking Chey's big speech to denounce the Communist division and issue a fiery call to revolution all over Latin America. His attitude had Wednesday. His bombast, has a Chinese sound.

What frightens the Communists? It is the prospect of polarization of authority — two Communist seats of power instead of one, with the world movement ripped apart.

Even Fidel Castro, the newest addition to the ranks of Red leaders, seems to be leaning in the direction of the Chinese deviation these days. He could in-

Xavier Plans Arts Festival For February

Music, Painting,
Drama, Sculpture
To be on Program

Preparations are underway for the Carnival of Arts weekend at Xavier High School on Feb. 15, 16 and 17.

Under the chairmanship of Harry Nelson, the event will feature the work of schools and individuals in the fields of debate, drama, choral and instrumental music, painting and sculpture.

The Carnival of Arts starts on Friday, Feb. 15, with an assembly of all Xavier students during which a debate between teams of Xavier and Appleton High School will be presented. Robert Baer is in charge of the debate program.

Friday evening an exhibit of paintings, sculpture and other art pieces will be offered. An added feature of the evening will be a fish fry open to the public.

Drama Planned

Drama will take the fore on Saturday afternoon, Feb. 16, with four Catholic high schools presenting offerings. Sister M. Teresa Avila is coordinator of the drama program. St. John High School, Little Chute, will present "White Dove," a one-act play with bullfighting as its theme. Sister M. Martina will direct the play.

St. Mary High School, Menasha, will present a cutting of the Children's Theater's "Winnie the Pooh" by A. A. Milne, under the direction of Sister M. Regine. Lourdes High School will produce a cutting from a musical under the direction of Brother Edmund, F.S.C.

Xavier's presentation will consist of two examples of the chamber theater as developed by Professor Breen of Northwestern University. The technique consists of the dramatization of a short story or novel. Sister M. Teresa Avila has chosen to dramatize Maureen Daly's "Sixteen" and Edgar Allen Poe's "Cask of Amontillado."

A critic judge will appraise the dramas. The program will start at 2 p.m. Feb. 16 in the Xavier Commons.

Band Festival

Saturday evening will be taken up with a band festival featuring both grade and high school bands. Francis Scholtz will be chairman for this event. On Sunday afternoon, a choral festival with local choral groups participating will be featured, with Harry Huen acting as coordinator.

At 8 p.m. Sunday, Feb. 17, the Xavier bands will conclude the three-day art carnival with a "Pop Concert." The concert band, wind ensemble and stage band will perform music in keeping with the "pop" theme.

An added feature will be a demonstration of "improvisation in jazz" given by a well-known local jazz performer. The jazz ensemble will be featured in a Dixieland Concerto with the wind ensemble. This wrap-up of the Carnival of Arts will be under the direction of Francis Scholtz.

The purpose of the Carnival of Arts is the fostering of all types of artistic expression in the Fox Cities area.

Drive on to Collect Funds For Center

Kaukauna Residents
Asked to Give for
Youth Activities

KAUKAUNA — Approximately 200 Kaukauna High School students and members of the Youth Center today began distribution of about 3,000 envelopes asking city residents for donations to the Center.

The fund drive will be concluded Sunday afternoon when the same students make a house-to-house canvass to pick up contributions. Persons not home Sunday are asked to leave envelopes with donations in mail boxes or mail them directly to the Youth Center.

Heading the annual effort are Francis DeBruin and Fred Barriereau, faculty advisers for the Youth Center, and James Bamberg, secretary of the adult board of directors. Earlier this week Bamberg mailed solicitation letters to businesses and industry in the city.

\$30 Enroll

Membership in the Youth Center this year is \$30, a record high. The center is open Wednesdays, Fridays and Saturdays each week during the school year. Special activities are provided and scheduled throughout the year.

Membership is open to all high school age students in the city, together with students enrolled in Kaukauna High School or the Kaukauna Vocational School who may live outside the city limits.

Pepper Steak is a familiar dish to anyone who admires Chinese cookery or frequents Chinese restaurants. Its recipe is really a basic one that can be varied into many intriguing dishes by substituting

other foods for the green peppers. Today's recipe collection features nine different variations, including the Chinese Pepper Steak, each with its own flavorful food change to make it unusual.

Discover Delight of Oriental Foods As Chinese New Year Approaches

BY LILLIAN MACKESY
Food-Creations Editor

At midnight on Jan. 25 in the heart of America's Chinatown the noisy sound of drums and shouts, firecrackers and merriment will usher in the Chinese New Year. The Chinese celebrate this important holiday according to the old calendar of China and New Year's Eve festivities officially open the year 8,787, a year of the Rabbit.

An ancient Chinese food custom is to serve noodles, the long variety, at the New Year's Eve supper to insure both long life and prosperity for the coming year.

This is a good time to consider Chinese cookery, known the world over as superb because of its delicate flavors and delightful surprise touches. The Chinese have a deft way with food, never cooking it too much or too long and preparing it precisely. Most American homemakers shy away from this type of cookery in everyday meal planning in the mistaken idea that it's both difficult and exotic. Actually, the opposite is true. Chinese cuisine is perhaps the most flexible and versatile in the world. The Chinese Pepper Steak featured today proves this in its additional variations that produce eight more completely different tasting dishes from one basic recipe.

The expert Chinese cook has developed a flair that some gourmets rate better than the celebrated French for lifting an everyday, humdrum dish into something spectacular. There was a time when ingredients for Oriental cookery were hard to get, but today this is no problem with the wealth of canned and bottled foods on grocers' shelves.

As for preparation, it's also a myth that Chinese and other Oriental foods are complicated to make. Chinese foods are among the easiest of all foreign dishes to prepare. Just follow the directions faithfully — both in preparing the ingredients and cooking them — and the result will be a wonderful menu surprise. Many Oriental dishes are in the economical class, too, real budget savers that can bring a bit of glamor to family meals.

Believe it or not, the following dishes require no special skills or hard-to-come-by equipment or long, tedious hours in the kitchen. Besides the Chinese Pepper Steak and its eight variations, there is a recipe for Chien Tzu, little pastries, that has been adapted for American homemakers from an authentic Chinese recipe, and a delicious casserole made Cantonese-style. Here they are for some excellent eating.

Chinese Pepper Steak

- 1 pound round or flank steak
- 1/4 cup corn oil
- 1 clove garlic
- 1/4 cup coarsely chopped onion
- 2 cups bite-size pieces green pepper
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 1/4 teaspoon ginger
- 1 tablespoon cornstarch
- 1 cup stock or bouillon
- 1 tablespoon soy sauce

Cooked rice
Cut steak diagonally across the grain into thin slices, then cut into strips about two inches long. Heat corn oil in skillet over medium heat. Place garlic in hot oil;

Turn to Page 2, Col. 1

Cantonese Food Has many devoted fans for good reason. It's delicious, wholesome and most often economical. Tender pink shrimp are used in this Cantonese-style casserole and are extended into a sauce laced with tender-crisp celery and mellow-sweet tiny green peas. The dish almost is a meal-in-one with the built-in bottom layer of rice. Serve with a sliced orange salad for a bit of tang.

Warm-From-Oven Desserts

BY MARY-BETH KUESTER
Home-Economics
Western-Michigan Power Co.

Tempting winter desserts often are best when served warm from the oven.

Here are two that will serve both as family specials and company dessert. Topsy Turvy Pudding has a hearty, rich flavor and goes well with a favorite casserole. It will be at perfect serving temperature when it's time for dessert.

For company dessert, try Pear Custard. Its crunchy crust is beneath delicate pears in custard.

Sprinkle top with nutmeg, and sliced almonds for an extra special touch.

Topsy Turvy Pudding

- 1 cup flour
- 1/2 cup sugar
- 2 teaspoons baking powder
- 1/4 teaspoon salt
- 1/2 cup milk
- 1/4 cup chopped nuts
- 1 cup dried figs, dates or apricots, cut up
- 1/4 cup water
- 1/4 cup orange juice
- 2/3 cup brown sugar, packed
- 3 tablespoons butter

Preheat oven to 350 degrees. Mix together flour, sugar, baking powder and salt. Stir in milk, nuts and figs. Blend well. Spread this mixture evenly over bottom of greased, eight-inch square pan. Mix rest of ingredients in sauce-

pan. Bring to a boil over direct heat, stirring to blend. Pour over batter in pan, but do not stir. Bake 50 to 55 minutes.

When baked, this pudding has a cake-like layer on top with the sauce beneath. Serve warm with whipped cream or plain cream. Recipe makes 10 to 12 servings.

Pear Custard Dessert

- 2 cups biscuit mix
- 1/4 cup sugar
- 1/4 cup butter or margarine
- 6 to 8 canned pear halves
- 2 egg yolks, slightly beaten
- 1 cup sweet cream, sour cream or milk
- Nutmeg
- 1/4 cup sliced almonds (optional)

Preheat oven to 375 degrees. Combine biscuit mix with two

tablespoons sugar. Cut in butter until mixture resembles meal. Pat evenly over bottom and halfway up sides of eight-inch square baking pan, pressing pastry firmly until it holds. Drain pear halves and arrange in rows over pastry, cut side down. Sprinkle pears with remaining sugar. Bake 15 minutes.

Mix together egg yolks and cream or dairy sour cream, if preferred. After 15-minute baking period, pour mixture over top of pears on pastry. Sprinkle with nutmeg and almonds. Bake 30 minutes longer until custard is set. Serve warm. Recipe makes about nine servings.

Deviled Eggs

Special deviled eggs: chop cooked shrimp and add to the mashed and seasoned yolk mixture. Garnish each egg with a whole shrimp.

Discover Delight of Chinese Foods

CONTINUED FROM PAGE 1

Blend cornstarch with stock and mushrooms, sliced, for the green pepper. Stir into mixture in skillet. Bring mixture to boil, cook, stirring constantly, until liquid is thickened. Serve over rice. Recipe makes about four servings.

Chinese Mushroom Steak
Follow recipe for Chinese Pepper Steak, substituting one pound mushrooms, sliced, for the green pepper.

Chinese Protein Steak
Follow Chinese Pepper Steak recipe, substituting two cups diced, cooked potatoes and one cup chopped celery leaves for the green pepper.

Chinese Turnip Steak
Substitute one pound white turnips, peeled and cut into matchstick pieces, for the green pepper in the Chinese Pepper Steak recipe.

Chinese Onion Steak
Using same basic recipe, substitute three large or four medium sized onions cut into rings, for the green pepper.

Chinese Asparagus Steak
In this one one-pound fresh asparagus or two 16-ounce packages of frozen asparagus is substituted for the green pepper. Cut the asparagus diagonally into one-inch pieces. If frozen asparagus is used, thaw just enough to separate spears, then slice diagonally.

Chinese Mixed Vegetable Steak
The green pepper is omitted from the Pepper Steak recipe and the following ingredients added: one cup sliced mushrooms, two five-ounce cans bamboo shoots, two five-ounce cans water chestnuts, sliced and one-half cup diagonally sliced celery.

Chinese Cauliflower Steak
Cauliflower is used in place of the green pepper for this recipe. Use one head of cauliflower, weighing about one and one-half pounds. Break into pieces with spoon while cooking and be sure to cook vegetable only until it is crispy tender.

Chinese Bean Steak
Following the recipe for Chinese Pepper Steak, substitute one pound green beans cut diagonally into one-inch pieces, for the green pepper. The beans should be cooked until tender-crisp.

Chien Tzu
(little pastries)
1 cup sifted flour
1/2 teaspoon salt
1/4 cup sesame seed
2 tablespoons brown sugar
1/4 cup water
2 tablespoons corn oil
Creamy peanut butter
Corn oil for frying
Combine flour, salt and sesame seed in mixing bowl. Bring brown sugar and water to a boil over low heat, stirring until sugar is dissolved. Remove from heat, add two tablespoons corn oil. Add all at once to flour mixture, stirring to blend.
Shape into 15 small balls, cover with damp cloth. Roll each ball of dough into a paper thin circle. Spread center of each circle of dough generously with peanut butter. Moisten edges with water, fold dough over and seal edges with fork.
Fill deep skillet one-third full of corn oil, heat to 375 degrees. Fry pastries in hot oil until golden brown, about three minutes.

The Enchantment of Gracious Living

Lead Charm and Elegance to Your Home

207 East College Avenue—ME 3-1237

Thursday, January 17, 1963 Appleton Post-Crescent B2

Turn once to brown on each side. Recipe makes 15 pastries.

Casseroles-Style Casseroles
2 cups cooked rice
1 1/2 cups diagonally sliced celery
2 tablespoons butter or margarine, melted
2 tablespoons flour
1/2 teaspoon salt
1/4 teaspoon pepper
17-ounce can sweet peas, drained
Drained pea liquid
Milk
2 egg yolks, slightly beaten
1 tablespoon soy sauce
2 cups sliced cooked shrimp
1/2 cup Chinese noodles
Chopped parsley
Pat cooked rice in bottom of greased two - quart casserole. Sauté celery in melted butter or margarine in frying pan until celery is crisp tender. Drain butter into another pan, blend in flour, salt and pepper. Add enough milk to drained pea liquid to make two and one-half cups. Gradually add to flour mixture. Cook over low heat, stirring frequently until slightly thickened about 10 minutes. Stir small amount of hot sauce into egg yolks, combine with remaining sauce. Add soy sauce, canned peas, celery and shrimp. Pour over rice in casserole. Top with Chinese noodles and parsley. Bake in a preheated, 350-degree oven 25 to 30 minutes. Serve with additional soy sauce. Recipe makes from six to eight servings.

Mother's Helper
by Holman & Pearson

THERE'S NOTHING like a Hunt of some kind to start a child's party off with a bang. For small boys, trading cards might take the place of the traditional peanuts for hunting purposes. You can buy trading cards in packs at most dime stores. Be as generous as you can in the number you hide and leave time for trading once the hunt is over.

Aperitifs Now Popular in U. S.

BY MALCOLM R. HERBERT
Chicago Daily News Service

In the last few years perhaps because of international travel and perhaps because Americans are becoming more sophisticated in their tastes, the "hard liquor" cocktail, the famous "cocktail," the aperitif, has skyrocketed in popularity.

Aperitifs are wine-based contributions to the cocktail hour. More and more gourmets, discriminating diners and chefs are serving and

ordering aperitifs in place of the cocktail.

Aperitifs rarely exceed an alcoholic titer of 20 per cent compared to cocktails which can total 70 to 80 per cent. Excess alcohol tends to dull the palate and taste buds for the food and wine that are to follow. Aperitifs tend to whet the appetite and heighten the taste.

Continental cocktails have long been drunk in Europe and other countries. Japan has its sake, Germany its spritzers, France its Vermouth Cassis, Spain its sherry, the English their toddy and Italy its vermouth.

But in America, there is no known national wine-based drink. Wine-producing states such as California, New York and Ohio have all invented many such cocktails based on the wines that they produce. Perhaps soon, America will have a national aperitif. Meanwhile, the only aperitif with an American name is the Americano.

Americano
3 ounces sweet vermouth
Dash of bitters
Seltzer as desired
Mix together and serve in

Book for the Cook

Spanish Cuisine Full Of Culinary Surprises

"The Art of Spanish Cooking" by Betty Weiss, Bookbinder, Garden City, N.Y.

Potential travelers and cooking enthusiasts alike will delight in Betty Weiss's latest cookbook, "The Art of Spanish Cooking." A combination authentic cookbook, fascinating travelogue and interesting collection of memorabilia, this book is the result of the author's recent trip to Spain.

Unlike the cuisines of other Latin countries, authentic Spanish foods are not "hot" at all but actually are only seasoned with a few well-chosen seasonings. In this temperate country, virtually surrounded by warm waters, it is not surprising that pescados and mariscos (fish and shellfish) are featured on almost every menu. Particularly abundant in Spanish shrimps are prepared in exquisite ways that capture their natural flavor.

The Shrimp Association of the Americas heartily recommends the fine shrimp recipes in "The Art of Spanish Cooking" and offers this taste of Spain for your sampling.

Langostinos a la Marinera
(Large Shrimp Seashore Style)
2 medium onions, chopped
1 green pepper, diced

2 or 3 garlic cloves, crushed
3 tablespoons olive oil
1-pound can whole tomatoes, peeled
Salt and pepper
1½ pounds raw shrimp, shelled and deveined
Cooked rice
2 tablespoons minced parsley
Cook onions, pepper and garlic in olive oil over moderate heat until tender. Add tomatoes, salt and pepper to taste. Simmer 20 minutes longer. Add shrimp, cook over low heat until just pink. Do not allow sauce to come to boil. Serve with rice and garnish with parsley.

small highball glass Yield 2 glasses.

Vermouth Cassis
3 ounces French Vermouth
¼ ounce Creme de Cassis
Seltzer to taste

Mix all ingredients together and serve in four-ounce wine glass Yield 1 glass.

Another equally popular continental cocktail is Dubonnet. This drink is made from carefully selected liqueur wines to which has been added Peruvian bark or quinine. It is rich and slightly sweet. It can be served chilled with soda. There is also a Dubonnet Cocktail.

Dubonnet Cocktail
1 ounce Dubonnet
1 ounce soda
¼ ounce lemon juice
Mix together and stir into 4-ounce wine glass Yield 1 glass.

There are other before dinner drinks. Plain sherry is excellent. Usually a dry sherry is best. Dry French vermouth is also very good. Sweet Italian vermouth is sometimes served and it is also excellent if mixed half and half with dry vermouth.

A new aperitif now on the market is a strawberry vermouth which when chilled is exceptionally pleasing, especially with the ladies. But no matter which aperitif you serve remember, they are mixed to whet the appetite and not the whistle.

Midnight Snack

Welsh rarebit is a favorite evening snack in many countries. It can be made quickly by heating a can of cheddar cheese soup with one-fourth teaspoon mustard and

one-fourth cup of milk. Use a low heat for most cheese dishes because they scorch easily. Serve the rarebit over crisp toast with thin slices of tomato and a garnish of crisp bacon.

Daughter Knows Dad's Right; His Clothes Fit Teen-Age Style

ANN LANDERS

DEAR ANN LANDERS I'm a father who is ready to tear the running hairs out of my head. I can't get a 16-year-old boy wearing clothes that are probably all worn to wear. Dad's clothes but it's my son I'm talking about—my daughter.

Landers

The teen-agers today buy the largest size they can find—except when it comes to jeans and saddle pants. Then they buy the smallest. When I asked my wife where my hunting jacket was last night she said, Judy wore it to a hay ride. Is there a solution or am I doomed for life?—Daddykins Dear Daddykins: Not for life—just until she gets married. And then guess what—you'll miss the annoyance.

DEAR ANN LANDERS My hobby is repairing hi-fi and radios. It is fun for me and I also manage to make a little extra money on the side. My workshop is a cozy area off the kitchen. It used to be a butler's pantry. It is the style now to wear but my wife never used it. Last week she suddenly decided

my "junk" would have to go into the basement because it didn't look nice right next to her kitchen. Without even discussing it with me she moved everything downstairs. Now she has her sewing machine in there and the room is messier than ever. Her pattern dummies and bolts of material are all over the place.

The basement is damp and uncomfortable. The climatic conditions are not good for delicate electronic equipment. I would like your advice—in print, if you please—Displace Person.

Dear Person: I know nothing about climatic conditions and electronic equipment, but I do know something about emotional climate and marriage.

Your wife had no right to summarily move your equipment to the basement. Move your stuff back upstairs immediately and make it clear you will not be treated like a small child.

DEAR ANN LANDERS I am 23 a college graduate and hold a responsible position. Two years ago I started to date Jerry. Last February we became engaged. Jerry and I did not have the same religious background. We decided our marriage would stand a better chance if we each examined the other's religion attended the other's church and then decided which one would change over.

After three months of alternating—attending his church one Sunday, the next Sunday mine—I decided his religion had more solace to offer and agreed to change. I told my parents and they were unhappy but did not make a fuss. Last month Jerry and I broke up. My folks are now insisting that I come back to my original church. I don't want to. What is your opinion?—Mercedes

Dear Mercedes: A girl 23 should be allowed to make this decision on her own. Stick to your guns, Girl.

To learn the booby traps of teenage drinking write for Ann Landers' booklet, "Teenage Drinking" enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Note to Cooks

Note to new cooks keep white as well as black pepper on hand. Use the white pepper in a light colored dish when you don't want grains of black pepper to show.

Shown Above Are the new officers of Deborah Rebekah Lodge No. 13, installed in ceremonies Tuesday evening at Odd Fellows Hall. They are Mrs. Ira Pruett, past noble grand, Miss Violet Pederson, vice grand, Mrs. William Damerow, installing officer, and Mrs. Althea Zurilla, noble grand. A reception was held after the ceremony.

Couple Plans Early Summer Wedding Rite

NEW LONDON — Mr and Mrs Rufus Gruetzmacher, route 1 New London, have announced the engagement of their daughter,

Miss Gruetzmacher

Sandra Adeline, to Lester R. Quandt, son of William Quandt route 2, Bonduel.

Miss Gruetzmacher a graduate of Washington High School is employed at Oshkosh. Her fiancé, a graduate of Bonduel High School, is engaged in farming. A June wedding is planned.

Deborah Rebekahs Seat New Officers

Mrs. Althea Zurilla was installing at Odd Fellows Hall. She succeeds Mrs. Ira Pruett in that office. Also seated were Miss Violet Pedersen, vice grand Mrs. D. L. Chady, recording secretary, Mrs. Garland Sorrell financial secretary, and Mrs. Edwin Weifenbach treasurer. Mrs. William Damerow, deputy president, served as installing officer. Appointed to office were Mrs. Joseph Johnson, right supporter to the noble grand, Burton Clark left supporter to the noble grand, Willard Lyman right supporter to the vice grand, Miss Agnes Van Ryzin, left supporter to the vice grand, Henry Breitenfeldt, musician, Constant Captain, inside guardian, Earl Moritz, outside guardian, Arnold Schilabel, flag bearer, Arthur Hamilton, chaplain, and Edwin Weifenbach and Ira Pruett, floral committee.

Assisting as installing officers were Miss Myrtle Van Ryzin, deputy marshal, Mrs. Constant Captain, deputy warden, Mrs. Otto Tilly, deputy inside and outside guardian, Mrs. Henry Breitfeldt, deputy musician, Mrs. Lester McCarter, deputy chaplain, Mrs. Earl Moritz, deputy recording secretary, and Mrs. Josephine Burhans, deputy.

The Ailing House Make Wall Soundproof

BY ROGER C. WHITMAN

Q We are converting a large upstairs apartment into two smaller ones of two and a half rooms each. Is there any way we can make the wall between the two apartments soundproof?

A A fair amount of sound reduction can be obtained by building a false wall out of contact with the existing one. The framing should be fastened to the ceiling and floor. Place an insulating blanket between the old wall and the new one, then finish with gypsum wallboard (plasterboard).

Q We have a ranch type house on a concrete slab, with no basement. We have oil fired steam heat. The heating unit is covering everything in the utility room with a black soot, which is sifting into other rooms too. Would covering the oil burner stop this—or any thing else?

A Either the oil burner needs adjustment because of improper mixture of oil and air, or some parts of the furnace or boiler have doors that do not close tightly thus allowing soot to float through small spaces. The burner could be enclosed with a sheet metal hood but some provision must be made for air to get to the burner in order to obtain combustion. I strongly urge you have an oil burner service man check the operating efficiency of your unit and also test the automatic draft adjuster.

Q Please repeat your whitewash formula.

A A very simple whitewash can be prepared by adding water to hydrated lime that has been well protected from the air. The following is a good formula for use on wood surfaces: Dissolve 12 pounds of salt and 6 ounces of powdered alum in about 4 gallons of hot water. Add 1 quart of molasses to this mixture. Then thoroughly mix 50 pounds of hydrated lime with about 7 gallons of water. Add the first solution of the lime mixture, stirring vigorously. When thoroughly mixed, thin out with more water to the desired brushing consistency. When first applied this whitewash will have a yellow tinge but it disappears in a few days. (Copyright, 1963)

A Lovelier You

By Mary Sue Miller

If a woman's wintertime life is spent mainly indoors, the chances are that her complexion has begun to lose its summertime sparkle. Mature skin, in particular, grows dull and slack for want of fresh air and exercise. But, short of a vacation, what can be done about it?

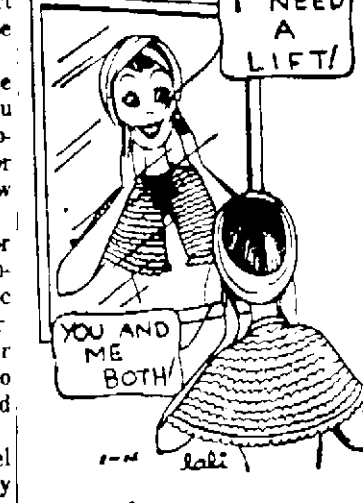

The skin can get a complete change of scene although you never leave home, simply by stepping up its care program. For the purpose, there are several new methods.

One makes use of gels for cleansing and treatment. An entirely new concept in the cosmetic field, gels are enticingly clear, non-greasy, liquefying and water soluble. Cleansing gels purport to leave the skin radiantly clean and supple.

Applications of a treatment gel reduce skin smoothness especially around the eyes and mouth. The action stems from a unique formula compounded of placenta extract in a milk serum base.

Another method offers a bracing lift via astringent cream. Not to

be confused with astringents designed to control excess oil, astringent creams pamper dry skin in need of firming, refining and un-

Skin Bracers

lining. Dieters too could benefit from use, if the facial contours tend to slacken during a loss of weight.

Of course you may have your own pet theories about how to allay the effects of weather and winter. And that's fine as long as you put them to work for you.

To firm and uplift sagging facial muscles and flesh use my four-way method. It works wonders through corrective exercise, posture, skin care and make-up. Procedures are detailed in the leaflet, "Banish Crepey Throat & Chin." For your copy write Mary Sue Miller in care of your newspaper, enclosing 10 cents in coin and a large self-addressed, stamped envelope.

Charity Circle Tells Antique Show Plans

Mrs. Franklin Mohs, chairman, reported on plans for the May 24 and 25 Antique Show when the Charity Circle of the King's Daughters met at 8 p.m. Tuesday at the home of Mrs. John Brann, 1230 Lehigh Lane. The show will be held at KP Hall. Mrs. Brann, co-chairman, stated commitments for the project. Proceeds will go toward the circle's pledge of \$2,000 to the Y Building Fund. Mrs. Robert Johnson, president, introduced Mrs. Richard White, a new member.

The Welfare report was read by Mrs. Carlton Kuck. Mrs. James Gustman, Kaukauna, reported on the Christmas auction proceeds, which have been slated for the Plasmann School for Retarded Children. The hostess was assisted by Mrs. Henry Schild and Mrs. Edward Shannon. Mrs. Ray Wenz, 510 W. Seymour St., will be hostess at the Feb. 19 meeting.

Legion Women To View Film

KAUKAUNA — Donald Wetzel representative of the Fox Valley Mental Health Association, will show a movie, "Back To Life," at a meeting of the American Legion Auxiliary at 7:30 p.m. today at the Legion clubrooms.

The movie deals with rehabilitation of the mental patient returning to the community after a hospital stay and work of the association in helping such individuals. Miss Blanche Gerend is program chairman. A social hour will be held after the meeting.

Versatile Desserts For Speed Artists

A custard-based dessert mix is fast enough to turn with a fork. The English (see this) is a fast and easy idea for you.

In a quart saucepan stir together the apple, water, sugar and cinnamon. Simmer until apples are tender and syrup has evaporated — about 15 minutes. Spoon apples into five custard cups or heatproof dessert dishes. Turn dessert mix and milk into saucepan; stir constantly over medium heat until mixture comes to a full boil. Remove

from heat. Don't worry about mixture being thin. It thickens as it cools. At once pour over the apples into the custard cups. Chill without stirring. Recipe makes five servings.

English custard sometimes uses custard — flavored dessert mix for their famous trifle. If you would like to follow suit, buy a couple of sponge-cake layers and fit one into a deep glass serving dish. Sprinkle the cake with cherry and add a layer of fruit; canned apricots and pineapple plus sliced bananas make a delightful combination.

Now add the prepared dessert mix. Add the second layer of cake; sprinkle with cherry and top with whipped cream. Garnish the cream with cherries, if you like.

1/2 cup water
2 tablespoons dark brown sugar
1/4 teaspoon cinnamon
1 package custard-flavored dessert mix
2 1/2 cups milk

In a quart saucepan stir together the apple, water, sugar and cinnamon. Simmer until apples are tender and syrup has evaporated — about 15 minutes. Spoon apples into five custard cups or heatproof dessert dishes. Turn dessert mix and milk into saucepan; stir constantly over medium heat until mixture comes to a full boil. Remove

Designing Woman

BY BARBARA KELLY

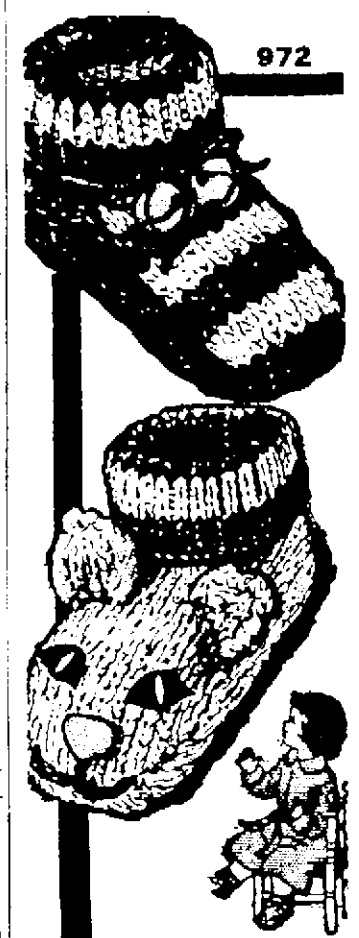

Use Your Floor Plan

No professional interior designer would think of planning a room without making a floor plan the first step. This is true whether all furniture is to be bought new, or only part of it. Space must be faced — there are only so many cubic feet of it in the room, only so many running feet to each unobstructed wall, and how these dimensions are occupied makes all the difference between crowding and spaciousness, between a smooth arrangement and the confusion of clutter and items that don't fit.

A floor plan shows on paper the best places to put the old furniture without moving it, and what's exactly the right size to look for in new furniture. Cut-outs of furniture that can be experimented with so easily on paper also inspire new arrangement ideas. To help you make all-important floor plans correctly, my

Furniture Arrangement Kit was designed to include floor plan paper, 126 furniture cut-outs, complete instructions and suggestions. It's ready to mail to you for 50 cents sent to me at this newspaper.

Today's Etiquette

BY LOUISE DAVIS

MAINTAINS "JUNIOR"

Dear Louise: You say that Joseph Doakes should drop the Junior from his name within a reasonable length of time after the death of his father. How about Ohio's Robert A. Taft, Jr., recently elected congressman at large? Shouldn't he now be just Robert A. Taft?

Louise Davis Answers: Let's say that he could be Robert A. Taft, but his case is an exception as long as he prefers to carry the Junior. His famous father is fresh in the memories of United States citizens. As long as the late Senator Taft will go down in history, the son is wise to be known as Robert A. Taft, Jr. Many sons of famous fathers wish to win their laurels on their own merits.

OBLIGATING GUESTS
Dear Louise: Several showers have been given for the girl who is marrying my nephew. My niece (his sister) is giving one too, but she made a list of the gifts that the bride wants. Each invitation asked for something different and the cheapest on the list is five dollars. Isn't this a little out of line and in poor taste?

Louise Davis Answers: Yes, I heartily agree with you that to list what the shower guests should get and stipulate the price range is poor taste. It takes the enjoyment out of giving, doesn't it? The bridegroom's sister went all out to see that the bride-elect would be getting what she wants, but she didn't realize how some of the guests would feel about it. She didn't divide her thoughtfulness very well.

Honey Butter

Make your own Honey Butter by blending one-half cup butter by one-half cup of honey. After creaming this mixture thoroughly, store it in the refrigerator. Use it as needed to spread on sandwiches, pancakes or waffles, or slip a teaspoonful of it between halves of hot biscuits or muffins.

Lawyers' Wives Set Annual Meeting

Mrs. Frederick Froehlich was hostess meeting to be held at luncheon at a board meeting of Lawyers' Wives of Outagamie County Thursday. She was assisted by Mrs. Stanley Cappel as co-hostess.

Mrs. Joseph Shiff, president-elect, was named a delegate to the Midwinter Meeting Feb. 14 and 15 at Milwaukee.

Mrs. Stanley Gabart, nominating chairman, reported that her committee had selected a slate of officers to be presented at the annual meeting. Committee members are Mrs. Gerald Jolin, Mrs. Neil McCarty, Kaukauna, Mrs. Franklin Nebe and Mrs. Abe Sigman.

Grand Squares to Dance Saturday

The Grand Squares Square Dance Club will have a beginners lesson from 9:30 to 11:30 p. m. Saturday at the Hub Bar, Kaukauna. Regular dancing will be from 9:30 to 11:30 p. m. Lyle

Leatherman, Menasha, will be caller.

Mr. and Mrs. Fred Hammann, Mr. and Mrs. Eugene Gattner and Mr. and Mrs. Donald LeClair will serve as the entertainment.

U.S. Military Costs Set at \$51 Billion

Related Programs Will Bring Defense Outlay to \$56 Billion, \$2.6 Billion Above This Year's

BY ELTON C. FAY
WASHINGTON (AP)—President Kennedy today outlined military spending of \$51 billion for next year, the first year of the new defense budget.

With related programs, such as building of fallout shelters and atomic energy activities, the defense outlays for the coming fiscal year were estimated at \$56 billion, \$2.6 billion more than this year's and about \$10 billion more than in 1960.

"There is no discount price on defense," said Kennedy in his budget message. "The free world must be prepared at all times to face the perils of global nuclear war, limited conventional conflict, and covert guerrilla activities."

"The 1964 budget," he added, "carries forward this administration's policies to develop and strengthen the flexible and balanced forces needed to guard against each of these hazards."

Main Bulwark

American military strength, the President said, is "the free world's principal bulwark against aggression. Our military forces are mighty but they must be further strengthened and modernized if we are to be able to resist any opponent, whatever his choice of weapons."

What will the huge military package buy? Kennedy ticked off these items:

—Additional land-based Minuteman ICBMs to be placed in dispersed sites, capable of withstanding a surprise attack and hitting back.

A defense spokesman said 150 additional Minutemen will be provided by the fiscal 1964 budget, to lift the planned total in the Minuteman arsenal to 950.

—The financing for the last six of a total of 41 Polaris submarines. By the end of next fiscal year, 24 of these submarines with 384 missiles in their tubes will be in operation. The present Polaris fleet numbers 10.

—Improved air and missile defense forces. "High levels of effort will continue on developing a defense against missiles, including further testing of the Nike Zeus antimissile missile and initial development of the more advanced Nike-X surface-to-air missile," said Kennedy.

—A Civil Defense fallout shelter program which the President said would improve the chances that a large portion of the U.S. population would survive a nuclear attack.

—Strengthened counterinsurgency forces to help American allies deal with Communist subversion and covert aggression within their frontiers.

For the first time in years, the budget recommendation for the Air Force decreased, while those for the Army and Navy increased. In part this reflected Kennedy's view that there is need for "more powerful and flexible conventional forces—ground, sea and air—to increase the range of nonnuclear response to aggression."

The Air Force spending estimate for the current year is \$20.06 billion, for the new year \$19.9 billion. The Army total would increase from a present \$11.87 billion to \$12.17 billion. The Navy recommendation goes up from \$14.19 billion to \$15.10 billion.

3 East Germans Flee

BERLIN (AP)—Three East Germans escaped into West Berlin early today through the triple row of barbed wire on the city's western border.

West Berlin police said they were not noticed by Communist guards and therefore no details of their escape were revealed.

Board Will Try To Settle U. S. Dock Strike

Kennedy Says If Experts Fail He'll Seek Injunction

NEW YORK (AP)—A board of labor relations experts appointed by President Kennedy goes into emergency session here today in a last-ditch effort to settle the Atlantic and Gulf Coast dock strike.

Kennedy said in appointing the board that the 26-day-old strike is "doing intolerable injury to the national welfare" and disrupting vital commerce in the Free World.

Kennedy indicated that if the board's efforts failed, he would ask Congress to force an end to the strike of 60,000 longshoremen that has crippled shipping in ports from Maine to Texas.

Board Head

The head of the board, Sen. Wayne Morse, D-Ore., told news- men: "I have never seen a labor case that could not be settled by good-faith negotiations between the party litigants."

Thomas Gleason, executive vice president and chief negotiator for the striking AFL-CIO International Longshoremen's Association, said union representatives were ready to meet with the board today.

Alexander Chopin, chief industry negotiator, said he had "nothing to say at this time."

Chopin is head of the New York Shipping Association, which represents 145 shipping and stevedoring companies. Contract terms reached here between the I.L.A. and the association traditionally set a pattern for settlements in other ports on the Atlantic and Gulf Coasts.

Kennedy appointed the emergency board Wednesday shortly after Secretary of Labor W. Willard Wirtz reported collapse of the negotiations.

Named as mediators along with Morse were James J. Healy, associated professor of industrial relations at Harvard University, and Theodore W. Kheel, New York City lawyer and veteran labor dispute arbitrator and impartial chairman of management-labor relations in various industries. Morse served on the War Labor Board during World War II.

Kennedy asked Morse to report back to him no later than next Monday.

The President said the strike, which has tied up more than 550 ships and idled nearly 100,000 waterfront and seagoing workers, is inflicting economic losses on the nation "at a rate of millions of dollars a day."

While Ducks Huddle together against the cold, Gus Latchney, known in Detroit as "Polar Bear Gus," skates on the ice of a canal near the Detroit River, wearing only his swimming trunks. Then he dived into the open water for a swim. Gus is 59. (AP Wirephoto)

Republican Legislators Say Party Needs Young Blood

BY FRANCES MCKUSICK

Post-Crescent Washington Bureau

WASHINGTON — Republican legislators in the House of Representatives who are in the under 35 age bracket have decided the Grand Old Party needs to be inoculated with some new blood.

Church Need Not Pay for Fowl Giblets

MADISON (AP)—The Sacred Heart Roman Catholic church at Sun Prairie doesn't have to pay for chicken giblets it did not get and did not want.

Dane County Judge William L. Buenzli not only ruled in favor of the church Wednesday but fined the seller of the chickens, Gordon Stock of Whitewater, \$100 for misrepresentation.

The judge held that the church had contracted last September to buy chickens "without giblets for 32 cents a pound." Stock delivered 925 chickens and billed the church for 2,119 pounds—or \$678.

The church said that it got only 1768 pounds of chicken for its festival. Stock said the difference was because he removed the giblets as a favor. Buenzli said the church should only have been billed \$565.

Church officials agreed they didn't want the giblets, but said they didn't want to pay for them either.

Physical Shows HST in Satisfactory Condition

KANSAS CITY, Mo. (AP)—Former President Harry S. Truman, in Research Hospital for his annual physical checkup, is in satisfactory condition, the hospital reported Wednesday.

More X-ray pictures were being taken of the 78-year-old Truman in the continuing checkup. He entered the hospital Monday.

Strangler of Boston Girl Being Held

BOSTON (AP)—Police Commissioner Edmund L. McNamara said today a 15-year-old boy has been identified as the strangler of a 16-year-old Roxbury girl on Jan. 5.

McNamara said the Negro youth was one of four questioned at headquarters for several hours. He said the youth will be arraigned in Roxbury District Court on a charge of being a delinquent child.

McNamara said the accused youth has denied any connection with the slaying.

The commissioner said the boy who identified the accused youth admitted being in the alley when the girl was slain.

The body of Daniella Saunders was found in an alley not far from her home in the Roxbury District the night of Jan. 5.

She was the ninth female strangling victim in Greater Boston in the past seven months. None of the slayings has been solved.

A popular high school junior, Miss Saunders was born in Munich, Germany. She was the daughter of an American Negro, Army veteran and a German war bride.

Police have said they doubt there was any connection between the slaying of Miss Saunders and those of the other women.

After examining the girl's body, Medical Examiner Richard Ford said the girl had not been sexually abused. Neither was there any evidence of robbery.

Motorist Finds Road Is Really Railroad Track

BURBANK, Calif. (AP)—A woman motorist drove half a mile on a railroad track, then got stuck in a switch and delayed a 100-car freight train.

Mazie Wells of Burbank said she got on the tracks at a crossing Wednesday. A track supervisor saw her car jounce by at 25 miles an hour, followed by a freight train going in the same direction. He threw a switch that flung down the train.

Police said the woman told them: "I thought this was a road." She was not cited.

Today's Chuckle

Behind every successful man there's a woman who keeps telling him he's wrong. (Copr. 1963)

Cuts in Agricultural Programs Not Expected To Affect Support Levels

President Says Farm Costs Seen At About \$5.8 Billion in Fiscal '64

BY OVID A. ARTIN

WASHINGTON (AP)—Funds expected from two sources should enable the government to slash the cost of farm programs by 16 per cent without changing the level of support payments to farmers, President Kennedy said today.

The President told Congress in his budget message that expenditures relating to agriculture and agriculture resources are expected to total about \$5.8 billion in the fiscal year starting July 1. That would be a reduction of \$1.1 billion from the current fiscal year.

But this would not mean that the administration was cutting assistance in support on farm prices down on the farm aid. In fact, said incomes is expected to continue at about the level of the last two years.

Federal Treasury

The savings to the federal treasury would reflect:

1. Expected heavy cash receipts from sale of surplus government cotton—receipts which would help finance the farm programs.

2. Expected increased financing of price support loan programs by private banks.

The budget estimated total net expenditures of \$1,808,000,000 for price support and related activities compared with \$2,853,000,000 this year. This lower figure takes into account the expected cotton receipts and increased farm program financing by banks acting as agents for the department.

But the financing carried by the banks could show up in the 1963 and later budgets to increase farm program expenditures.

Department Spending

Expenditures outlined for the Agriculture Department by the President totaled \$6,565,000,000 compared with this year's \$7,493,000,000. Department spending covers not only the farm program outlays but some other activities which, in the general government budget, are classified otherwise.

For instance, department spending covers the forest service, list-

ed in the general budget under natural resources; foreign food donations under the food for peace program which are charged under foreign aid, and the food stamp program, placed under public welfare.

Kennedy said his administration intends to submit new dairy, cotton and feed grain programs. In the case of dairy and feed grains, the new proposals are expected to be designed to halt overproduction and in time reduce costs of these programs.

Other Proposals

Other farm legislative proposals to be made, he said included authorization for an eventual nationwide food stamp plan. However, he would not extend this program during the 1964 fiscal year above the present annual outlay of \$51 million.

The budget would keep most other activities of the agriculture department at about the present levels.

Three Men Sought in Jan. 7 Disappearance Of Kenosha Man

KENOSHA (AP)—Detective Capt. Arthur Riley said Wednesday three men are being sought for questioning in the disappearance of juke box distributor Anthony J. Biernat on Jan. 7.

Riley described the men as "good leads," and said they are being sought on the basis of information supplied by the Milwaukee Police Department.

The 46-year-old Biernat was reported last seen at a railroad station. His bloodied car and coat were found in the station parking lot the next day. Witnesses told of seeing a struggle in the lot the night before.

Police Chief Stanley Haukedahl said the names of the three Kenoshans being sought had been added to a list of persons police wanted to interview. He said two were gamblers and the third is "an honest and respectable man."

Opening lead — ♥ Q

The declarer led three rounds of hearts, forcing declarer to ruff in dummy. This should have warned South immediately that he was up against real talent in experienced defenders have a horror of leading dummy's void suit.

Declarer led the queen of spades from dummy and played the king of spades from his hand, hoping to lure out the ace. No such luck. West calmly played a low spade on this trick.

South continued with another spade and this time West took his ace. South held his breath hoping for a heart return. This would allow declarer to ruff and draw the last trump.

Locked in Dummy
West had a better idea. He returned a club and now South was locked in the dummy. There were only clubs and diamonds in the dummy and when declarer led the third diamond West defeated the contract by ruffing.

South should have seen what sort of defense was in store for him. When the first trump trick was refused, South should have done what he could to find a way out—however dangerous.

After winning the first trump trick with the king, South should cash dummy's top clubs and then continue with the ace and king of diamonds. Fortunately for South the diamonds break 2-2 and he escapes without a ruff. Then he can lead another trump to force out the ace.

Now the defenders cannot lock him in dummy. Nobody can lead a diamond. Any other return allows South to win in his own hand and draw the last trump. (Copyright, 1963)

Seamstresses to Compete in Contest

BONDUEL — A rural Bonduel girl is en route by train to Nevada to compete for honors at the junior division of the national "Make It Yourself With Wool" Contest Friday through Wednesday at Las Vegas.

Miss Joan Zeman, 17, daughter of Mr. and Mrs. Louis Zeman, route 1, Bonduel, is traveling with the senior division winner, Jacqueline Hietpas, daughter of Mr. and Mrs. Paul Hietpas, Little Chute and Mr. and Mrs. W. B. Hughes, state contest representatives.

The Bonduel High School senior won the district contest in Appleton the state contest in Madison and the regional contest in Milwaukee. At the national contest she will be competing for top honors a vacation trip to Hawaii and a college scholarship.

In the contests Miss Zeman modeled a rust-colored tailored wool suit with a matching hat of the same fabric. She chose an abstract print of cotton sateen for the blouse and lining of the jacket which has saddle-stitching as a detail accent.

The young seamstress is a member and junior leader of the Town Line 4-H Club of Shawano County and is in her fifth year of activity. She was a finalist in the State Fair Dress Revue of 1962 and has also won the Holstein achievement award.

At Bonduel High School she is a student teacher through FHA and works with freshman girls in sewing. She is also an active member of the high school band.

Miss Joan Zeman

Start New Year on Right Foot

Are you on a good feeling with your feet? Most people aren't, but a new year is a good time to start.

Some easy-to-follow resolutions will help get you off on the right foot.

Get shoes that fit and get rid of any that don't. Good fit means your toes are comfortable, not cramped, so that tender nerves and muscles aren't squeezed and blood circulates properly. Shoes must fit snugly around the heels, otherwise they will slide up and down and cause blisters in no time.

Make sure the shoes you buy are all leather. Leather uppers provide the support your foot needs and are supple enough to give with the foot. Resilient leather soles are shock absorbers that not only cushion the soles of your feet but reduce leg and body fatigue too. Leather linings stay smooth and won't wrinkle and cause blisters.

Avoid shoes made of flimsy substitute materials that can't give the support you need.

Another day another shoe. Positively resolve not to wear the same pair of shoes every day. Give the shoes a rest and your feet a change—shoes and feet will last much longer.

Vary the types. Don't wear high heels exclusively and don't wear them all day long. Make a habit of changing into flats or low heels after a day on the "heights." Get your leg muscles used to both high and low heeled walking shoes.

Your Money's Worth

Freeze in Florida Won't Hike Prices

BY SYLVIA PORTER

Will the skyrocketing prices of fresh fruits and vegetables in the wake of the December freeze in Florida send our cost of living into a new upsurge as the freeze of 1962-63 did and as so many headlines suggest will happen again?

Will the hike in postal rates and other price boosts which we know will take place in 1963 mark the end of the cycle of relative stability in U.S. living costs which began back in 1958?

No these forces by themselves won't do this. Dramatic and obvious as the price hikes in fruits and vegetables and postal rates are they won't push us into another living cost upsurge.

The prospect still is that the rise in living costs in 1963 will be within the range of recent years—1½ to 2 per cent annually. The prospect still is that the biggest upward pressure will come in the area of services not goods or food. If this outlook changes, it will be because of factors that cannot now be foreseen—and this is the considered view of Washington's top experts on consumer prices.

Ch 2 Facts
This appraisal may seem Pollyannish in the face of these two facts:
(1) The Dec. 11-13 cold wave ruined a huge part of Florida's orange, grapefruit and tangerine

crop, wiped out some of its vegetable plantings, damaged a third of its citrus trees, hurt young trees of all varieties.

As a result, official government statistics on wholesale prices show that since Dec. 16, grapefruit prices have been marked up 66 per cent, oranges, up 16 per cent (with California oranges up 14.4 per cent in sympathy); cabbages more than doubled, celery, up 76 per cent; lettuce, up 40 per cent; tomatoes, up 19 per cent; snapbeans, up 70 per cent.

As a result, retail prices of the foods have been sharply increased too throughout the country. In the neighborhood grocery store in which I shop, (for instance, prices have been hiked a flat 30 per cent on oranges, grapefruit, tangerines, tomatoes, avocados.)

What's more, a just issued Agriculture Dept. report says that Florida fruits were more seriously damaged this past December than in the 1957 freeze.

(2) The one-cent rise in postal rates which went into effect Jan. 7 will cost the average American family an extra \$1.00 for postage this year, will boost the average family mailing bill to about \$9.

Of course, these price hikes are hitting us in the pocketbook. How then, justify the prediction that the impact over the year will be less severe than it now appears?

First Point
A first point is that purchases of fresh fruits and vegetables and of stamps play a comparatively small role in our over-all living costs. The disastrous December 1967-April 1968 freeze in Florida

and Texas created major shortages, pushed up fruit-vegetable prices 50 per cent. Even if the present freeze causes a similar and lasting 12 per cent rise—which officials doubt—the increase would push up the consumer price index by only 0.4 per cent.

In 1957-58, the fruit-vegetable price hikes triggered price boosts in many other areas, had a cumulative impact on the living cost index. The background to this is far different. In 1957-58, the price index was much more sensitive to such extraordinary movements as this. Since then, the index has been more realistically adjusted so that a fruit-vegetable freeze in one Southern state doesn't throw the whole living cost picture out of focus.

A second point is that the influence of the fruit-vegetable price increases will be felt most strongly in these first few months, probably will be dissipated as the year rolls on. Large stocks of these perishable foods already had been harvested before the three-day freeze, the problem before the freeze was surplus, not scarcity of the foods.

As for the postal rate hike, it's now in the index. There will be no more increases this year.

Our cost of living is still heading up, will reach another all-time high in 1963. But price-cutting, not price-raising, is the trend in many areas which have the greatest effect on our living costs. Despite the headlines, no new inflation spiral is in sight. (Copyright, 1963)

Creamed Eggs

Creamed hard-cooked eggs make a fine lunch or supper dish when they are served over curried hot biscuits. To make the biscuits, just add a half teaspoon of curry powder to the dry ingredients when you are mixing a standard biscuit recipe.

6-Month-Old Boy Dies at Hospital

KAUKAIPAA — A 6-month-old Greenleaf boy died this morning at the Kahanamoku Community Hospital. He is Michael Garrod Golden, son of Mr. and Mrs. Clarence Golden.

Death was attributed to a heart obstruction.

He is survived by his parents, one brother, one sister, four grandparents and three great-grandparents.

Funeral services will be at 2:30 p. m. Thursday at St. Mary Catholic Church, East Waukegan. Burial will be in the parish cemetery.

SMART WOMEN AND GIRLS WILL ATTEND THE BIG STORE-WIDE CLEARANCE

NOW ON AT

Tells

Count All Possessions to Determine Total Assets

How long has it been since a newly finished attic room and you've totaled up your assets try a clothes bag might contain a fur rug to figure out approximately jacket you'd been meaning to what you and your family are have remodeled. It's worth the worth? Not just your bank account car and house but all inventory for you'll probably be surprised at all the things you own and their total value.

An easy way to do this is to take a room-by-room inventory of furniture first, making out a separate sheet for each room as well as for the cellar, attic and garage. After you've completed this, make a list of closets and their contents. If you can't remember the prices of certain things don't stop. Wait till you're all through and consult your cancelled checks and filed receipts.

Check Insurance Policies
While you're going through your receipts have a look at your insurance policies and compare your assets with the amounts listed on your policies. Many people find that their possessions are worth three or four times as much as their insurance covers. Policies that were taken out five or 10 years ago are automatically paid each year when premiums are due and then forgotten. As the value of your possessions increases so should the amount of your insurance. Otherwise, a loss can be disastrous.

The award for excellence was won by all three Rambler series:

Rambler American, America's lowest-priced car and unchallenged Economy King.

Rambler Classic Six—only car with the Best of Both: big performance, big room for six 6-footers... plus easier parking and famous economy.

Rambler Ambassador V-8 with optional 270 HP engine (250 HP is standard), the high-performance luxury car.

Stronger Advanced Unit Construction

Read why Motor Trend's unbiased automobile authorities chose Rambler above all other American cars:

"New styling is based on lean, clean lines that are apparent from almost any angle."

"Motor Trend's Cars of the Year prove their mettle in actual testing, confirm their engineering excellence, reliability, sturdiness, and performance."

"Quality has always been one of American Motors' largest selling points and continues to be."

"In the field of unitized bodies, which American Motors pioneered, this latest design represents a real advancement and the biggest single reason we chose Rambler Car of the Year."

"This new construction method results in a unit so strong it'll take punishment longer and naturally hold its resale value."

"Interiors of both Classic and Ambassador are roomy and comfortable. Plenty of legroom."

"There isn't any pitch or chop-piness noticeable even on rough roads. Completely responsive to all road conditions."

"Good safety device. Self-adjusting brakes and dual master cylinders... if one system fails, the other brings the car to a safe stop."

RAMBLER CLASSIC SIX

"Our Classic was equipped with the rugged, ohv in-line Six engine with optional E-Stick transmission... no clutch pedal is used, and clutching is done automatically."

"Highway cruising (60 to 65 mph) gave a high of 26.7 mpg, mixed city and freeway... 23.4."

"Trunk is large."

RAMBLER AMBASSADOR 270 HP V-8

"A sportier, more performance-oriented vehicle. Console-mounted Twin-Stick overdrive unit is big feature for '63. It's simpler, more convenient."

RAMBLER AMERICAN

"More interior space than the size would indicate, and no compromise... in riding comfort."

"Ample performance. At high cornering speeds felt stable."

"We've never seen a heater that produced more heat."

"...designed for rough-country use... plenty of road clearance."

JFK Asks \$5 Billion In Foreign Aid Funds

BY LEWIS GULICK

WASHINGTON (AP) — President Kennedy asked Congress today for nearly \$5 billion in foreign aid money, declaring it would bolster U.S. security while helping nations that are willing to help themselves.

Last year he requested about the same amount and got about \$4 billion less.

In his budget message, the President estimated that actual foreign aid expenditures for the fiscal year starting July 1 will total \$2.75 billion—a drop of \$100 million from the current fiscal year. The remaining \$2.25 billion would be kept in reserve for aid programs on which bills do not become law this fiscal year.

Reason for Drop
The reason for the \$100 million drop: a \$200 million boost in economic assistance will be more than offset by a \$300 million cutback in overseas arms deliveries, which hit a peak this year.

Focusing on selective aid to self-helping, developing countries which can make the most use of it, Kennedy said bigger outlays for economic development loans and \$1 billion for the Alliance for Progress program for Latin America will be accompanied by a decline in outright grants, or gifts.

The President's \$4,945,000,000 budget requests for fiscal year 1964—\$3,465,000,000 in economic aid and \$1,480,000,000 in military assistance—sounded the opening gong in what is expected to be another round in the annual executive-legislative tussles over the politically unpopular program.

Sumo Vokal
Kennedy termed the sums vital to the U.S. security and essential to American commitments and purposes abroad. He promised increased efficiency in administering the program, stressed reforms by aid receiving nations and spoke of growing aid efforts by other Western countries.

"We are steadfast in our determination to promote the security of the Free World, not only through our commitment to join in the defense of freedom, but also through our pledge to contribute to the economic and social development of less privileged, independent peoples," Kennedy said.

The message did not give a breakdown on how much any particular country will get.

Kennedy listed as of special concern the Alliance for Progress program. In addition to earmarking more than \$1 billion for Latin America next year, he said the Peace Corps will give priority to the area. The Peace Corps plans to raise its spending to \$80 million from last year's \$47 million.

Receives Bank

1. Announced he will seek a five-year renewal of the Export-Import Bank, whose authority is to lapse next June 30, and a \$2 billion increase in its loan powers. The bank finances U.S. exports.

2. Called for the creation of a national academy of foreign affairs for the schooling of U.S. diplomats, similar to the war college.

Everything Snafu For Bank Robber

CHAMBLEE, Ga. (AP)—Detective Capt. Ted Wayne said Roy Alton Lane, 38, tried to rob the Peachtree Bank & Trust Co. Tuesday but everything went wrong. Wayne said the man walked in, waved a pistol and ordered: "Put the money in a sack."

But Lane hadn't brought a sack. A bank employee started looking for one.

Then the gunman suddenly collapsed and bank employees tied him up—with a rope he had brought with him.

Lane, a onetime truck driver, was held for investigation of attempted bank robbery.

Negro Wins Fight to Register at Clemson

ALEXANDRIA, Va. (AP)—A Negro student won a court fight Wednesday for admission to all-white Clemson Agricultural College of South Carolina.

The U.S. 4th Circuit Court of Appeals reversed a lower court decision in the case of Harvey B. Gantt, 28, of Charleston, S.C.

The opinion, only a week after arguments were heard, upsets the decision by Judge C.C. Wyche of the U.S. District Court for Western South Carolina.

Wyche ruled last month that Gantt had not proved by the evidence that he was denied admission solely because of his race.

Attorneys for Gantt, who made his bid to enter Clemson as a transfer student from Iowa State University at Ames, had argued it "is no accident" that "South Carolina is now the only Southern state which has not, either by court order or voluntarily, admitted Negro students to its institutions of higher learning attended by white persons."

Man Kills Neighbor's Dog; Must Pay Damage

DECATUR, Ga. (AP)—Donald E. King has been ordered to pay \$2,200 damages for killing his neighbor's beagle hound.

The neighbor, Fred E. Shroyer, testified in a court trial Monday that King loved the dog into his yard last Easter by tying a piece of meat to a string and placing it through a hole in a fence separating their yards. Then, Shroyer said, King shot the dog.

Missing Packages

Italian Family Found New Way to Defraud

CHICAGO Daily News Service

MILAN, Italy — An Italian firm has discovered how to cut down thefts by employees. The answer: steal more from the employees and steal it first.

Ferruccio Di Vitale, owner-manager of "Daily Delivery," a package service, and his children Donato and Anna were regular visitors at police headquarters. They complained that valuable packages were being lost. They suspected a package snitch and his 14-year-old son, as well as their drivers.

The police talked the suspects. Questioned, they admitted to a few petty thefts, but nothing big. Meanwhile the complaints by the Di Vitale family mounted till they reached \$24,000. Frustrated by their lack of progress, the detectives switched tactics and began asking the employees who had supposedly lost the packages.

To their astonishment, they found that the alleged snitchers were perfectly delighted with the service of "Daily Delivery."

"Always punctual and never late a thing," they said.

When the Di Vitale were doing what they were doing, search their houses. Then they made preliminary searches themselves, confiscating at will anything they wanted.

The employees, fearful of being arrested and thinking a real thief was among their numbers, said nothing.

The enterprising family went off to jail, charged with theft and simulated theft, extortion and abuse of the rights of employees.

Twins Ronald and Ruth Mayes, 8, are all smiles as they admire the pirate ships in the Beanbag Buccaneers game that Ruth won as a national Hobby Club prize. It's a game for two to play, which means that Ronald can share his sister's prize for drawing one of the five best entries in the nation in Cappy Dick's squirrel Add-a-Letter contest. The youngsters are the son and daughter of Mr. and Mrs. G. C. Mayes, 520 E. Harding Ave. (Post-Crescent Photo)

Elaborate or Simple

Originality Important Factor in Winning Hobby Club Contests

It's originality that counts most and with every word correct and with Cappy Dick and his team lettered carefully of judges to win national prizes. Sally Van Himbergen, 8, third in the weekly Young Hobby Club contests.

At least that's what the last three winning entries from the Post-Crescent circulation area seem to indicate. It doesn't matter whether the entries are simple or elaborate so long as they have a quality of individual work and creativity. Of course, if specific answers are involved the entries must be correct before they are eligible for either the area or national contests.

James Bronoel, 11, sixth grader at Franklin School, Appleton, sent his entry in on a plain government post card and became one of the five national winners. Combining silver paint with water colors, he made his word association puzzle entry interesting neat

several articles of her own for her "Van's Bakery Shop" Ruth Mayes, 8, third grade student at Foster School in Appleton used her imagination skilfully to win Mr. Squirrel's Add-a-Letter contest. Mounting the small newspaper contest clipping on orange construction paper, she not only colored Mr. Squirrel appropriately but drew in several nuts, coloring them brown, and included a pipe cleaner stickman running toward the animal. She cut out the tree top and added a sturdy trunk of black paper.

All three youngsters have entered the contests many times and have won area prizes. This was the first time that each won the big prize as national winners. James won the all metal rotary printing press as his prize. Although this serious young man enjoys drawing his favorite sub-

ject in school is science. He was one of the Appleton youngsters in the special summer course for advanced work in the subject. His dream is to become a ham operator. James is the son of Mr. and Mrs. R. H. Bronoel, 1908 N. Alvin St., Appleton. Vivacious, blue-eyed Sally Van Himbergen enjoys "making pictures" because art is her favorite subject at school. The only girl now at home—she has two married sisters—Sally has three brothers, Tim, 17, Tom, 13, and Terry, 12. Terry also has won several Hobby Club contests on the area level. Their parents are Mr. and Mrs. Harry A. Van Himbergen, 436 N. Main St., Kimberly. A whirlwind of conversation, Sally also includes the black and tan terrier, Tinnie, and the canary, Tweeny, as members of the family.

When Ruth won the Bean Bag Buccaneer game as her national prize, her twin brother, Ronald, was as pleased as she because it's a game that two can play. Both youngsters are regular readers of the daily Hobby Club feature and now that Ruth is a national winner, Ronald is trying hard to reach that peak too. He recently was an area winner.

The twins and their three-year-old sister, Karen, are the children of Mr. and Mrs. G. C. Mayes, 520 E. Harding Ave., Appleton.

State Tourist Industry Lags, Says Report

UW Researchers Claim Profits Decline in North

MADISON (AP)—The recreation-vacation industry in central Wisconsin is lagging, a team of University of Wisconsin researchers has reported.

Prof. I. V. Fine and Roy E. Tuttle made the report as the third in a series of eight that will cover every section of the state. The team's first two reports showed recreation-vacation industry profits dwindling in northwestern and northeastern Wisconsin.

The central survey covered these eleven counties: Adams, Clark, Juneau, Marathon, Marquette, Portage, Shawano, Taylor, Waupaca, Waushara and Wood.

Fine and Tuttle said 21 of the 78 replying industry operators claimed they operated at a loss in 1961. Another 22 operators

earned less than \$2,000 in profits. Nearly 50 per cent earned \$2,000 or more, nearly 8 per cent reported \$10,000, and the others earned up to \$15,000.

Of 42 who gave payroll information, approximately 45 per cent indicated an annual payroll of less than \$200. These responses, Fine and Tuttle said, seemed to indicate that a majority of operators of tourist accommodations depended on their families for labor.

Significantly, the researchers added, the median property tax help the industry

was greater than the median pay roll expenses.

Although the main tourist attraction associated with central Wisconsin is water-oriented activity such as fishing, swimming and boating, only about 50 per cent indicated lakes or some natural water available adjacent to their premises.

Fine and Tuttle said a majority of the respondents feel government agencies should engage in more promotional activities to help the industry.

'Rocking Motion' May Be Caused by Ears

BY JOSEPH G. MELNER, M.D.

Dear Dr. Melner: Every now and then I get a bad cold or other minor trouble and go to the doctor and he thinks I'm foolish. You see, I look terribly healthy. But for the last six months or more I've been getting what I can only describe as a "rocking motion" in my head.

Could it have anything to do with my ears? I get earaches very easily.—P.C.

I hope you are exaggerating or misinterpreting when you say your doctor thinks you are foolish for going to him for small ills. True, we don't know much more about curing the common cold than we did 100 years ago, but we can do a lot about stopping complications if they start to develop.

As for other minor ills, if the patient is worried, we can reassure him, and usually make him feel better, both mentally and physically. There's nothing foolish about that. Are you sure you aren't imagining your doctor's feelings when he gives you that reassurance and tells you there's nothing to worry about?

The "rocking motion" can result when the ears are especially sensitive in the region called the "semi-circular canals."

These fluid-filled organs are largely responsible for our sense of balance. Any shifting of the fluid matrix is transmitted by way of the nerves.

Some degree of congestion can, at times, upset this "gyroscope" and cause a "rocking" or dizzy sensation.

So can too much salt in the diet, so one suggestion is to cut down on it, and see if that helps.

If the earaches become progressively worse, have your doctor check to see whether there's any chronic infection.

Dear Dr. Melner: My daughter in college has a bad complexion. I know she keeps her face very clean, doesn't irritate it with cosmetics, eats good food and even takes vitamin. Her trouble must come from within. Could she possibly have worms?—B.W.

She might have worms for all I know, but they wouldn't cause

skin trouble. The probability is none—and it's highly common among even the healthiest teenagers. Before hunting for some rare cause, look for a simple explanation first. You ought to be interested in my booklet, "Acne, the Teen-age Problem." (Answer: wishing a copy should send 20 cents coin and a long, stamped, self-addressed envelope to Dr. Melner, care of this paper.)

Dear Dr. Melner: Is it possible to have an abnormal or misshapen baby if you get pregnant too soon after a miscarriage? Would it be long enough to wait until after one period after the miscarriage?—Mrs. V.B.

Such a time factor has no bearing at all on whether a child will be abnormal or deformed. If, in connection with the miscarriage, there had been some other reason for delaying pregnancy, your doctor certainly would have advised you.

Count your calories the easy way To receive a copy of my

Negligence Charged Against Driver of Car in Double Fatality

MADISON (AP)—A Bank City man, Stanley French, 21, driver of a car in an accident that killed his two brothers, was charged Tuesday with involuntary manslaughter.

French was named in a warrant requested by Coroner John Stevenson charging French for ordi-

nary negligence in the fatal crash. The car left a highway and crashed into a tree near Madison, Dec. 20, killing Duane, 25, and Roy French, 16.

French will be arraigned after he recovers from injuries suffered in the crash.

The estate carries a maximum fine of \$50 and loss of a driving license for a year.

any negligence in the fatal crash.

Council Vetoes Proposal for Reassessment

Aldermen Concur With Action of Finance Committee

The common council turned thumbs down Wednesday night to a former alderman's proposal calling for a sample reassessment of the City of Appleton.

In taking its action, the council concurred in the recommendation of its finance committee which voted against the idea at a meeting last week.

In March of 1952, Alderman Roy Painter submitted a resolution calling for the sampling project. He said on the basis of the sampling, the common council could then determine whether the entire city should be reassessed.

Use Funds

Painter's resolution had stipulated that if a city-wide reassessment was carried out, "a portion of the increase in tax monies be set aside for the capital improvement program."

Any proposal for a local reassessment at this time is a dead issue as far as members of the common council are concerned.

In other action, the common council

Purchased five squad cars for the police department from the Gibson Co., the low bidder, for \$7,595.

Authorized the purchase of 8,000 bicycle licenses for 1963 from the Wisconsin State Prison at Waupun for \$1,440.

Bought a pack-up truck for the fire department from Fox Valley Truck Service, the low bidder, for \$8,487.

Instructed the acting public works director to advertise for part-time inspectors for the 1963 construction season.

Adopted a policy that all general contractors bidding on city projects be pre-qualified.

Authorized the city clerk to advertise for bids for two dump trucks one truck and packer body for rubbish collection and a jeep (or equal) with plow the equipment to be for street sanitation department.

Gave Fire Chief Roland Kuehn authority to advertise for hiring six additional firemen so the fire department's work week can be eventually reduced from 72 to 63 hours.

Army Engineers Ask Funds for Fox River Work

WASHINGTON, D.C. — Army engineers today asked congress for a total of \$623,000 for river and harbors projects in northeastern Wisconsin during fiscal 1964. Of that amount, \$400,000 would be used for dredging and maintenance of locks and channels of the Fox River from Green Bay to the mouth of the Wolf River upstream from Oshkosh. The other \$223,000 would be allocated to construction, piers and maintenance of the Sheboygan harbor.

It Looks Like the Wash is hung out to dry in the YMCA gymnasium, but actually the "sheets" above are lists of cards of prospective givers to the YMCA fund drive. Drive workers have until 8 p.m. tonight to select the names of those on whom they wish to call after the drive lock-off on Jan. 23. After today, cards will have to be examined from files in the drive office. Making her selections is Mrs. Charles R. Seaborne Jr., 306 E. North St., Appleton. (Post-Crescent Photo)

Northside Advancement Elects 3 Directors, Hears Sound Expert

H. C. Baldock, Stanley Smith and Myrl Leedom Take Seats on Board

Three new directors were elected, a Little Chute barbershop quartet entertained and a Menasha recording studio operator explained the fundamentals of sound recording at the annual meeting of the Northside Advancement Association at the Appleton Elks Club Wednesday night.

C. M. Riley, president of the organization, said it was the best attended annual meeting in the group's history.

New directors are H. C. Baldock, Stanley Smith and Myrl Leedom, replacing Riley, Edgar Quevillon and Walter Winters.

Present Directors

Present directors include Riley, Willard Johnson, president-elect, Chris Indermuhle, vice president-treasurer, Quevillon, secretary, Walter Winters, Chester De Noble, George Theuss, Don Bink and Ray Ashman.

Robert Falkner, of Gold Star Recording, Menasha, explained the fundamentals of sound recording and demonstrated stereo recording and demonstrated stereo recording on opposite sides of the stage, and Falkner recorded them.

In playing back the tape, he demonstrated stereo directionality.

Falkner said recording has come a long way since Thomas Young developed the first voice preserver in 1896. He explained how recordings first were cut in tin foil cylinders, and later the process was changed to wax tubes.

Master Plates

Falkner showed samples of metal stamping plates molded from acetate master plates. He said

the master plates are cut on a special lathe. Falkner said the stamping plates are put in a hydraulic press. The press stamps the grooves in a vinyl disc, producing the final record, which is marketed.

Kimberly Man Heads School Boards Group

MILWAUKEE (AP) — Harold Wentzel of Kimberly was elected president of the Wisconsin Association of School Boards at a three-day convention Wednesday night.

Wentzel will take office March 1, succeeding Ted G. Holthausen of Stevens Point who served two terms.

Tom Crist Jr. of Wisconsin Dells was named first vice president and Ben M. Guthrie of Ladu Flambeau, second vice president.

Youth Sentenced for Being Disorderly in Outagamie Courtroom

James L. Swertz 18 1115 N. Durkee St., was sentenced Wednesday to 30 days in the Outagamie County jail after he pleaded guilty of disorderly conduct in Outagamie County Court, Branch 2.

Swertz was arrested by Sheriff Lt. Jack Frenz in the courtroom Wednesday afternoon when Swertz created a disturbance at the sentencing of his brother, Thomas, 19.

Two Injured in 3-Car Crash in Appleton

Two persons were taken to the Appleton Memorial Hospital early today after a three-car accident on W. College Avenue. At least one of the persons was seriously injured.

Taken to the hospital by Larry's Ambulance Service was Robert M. Becker 33 1009 W. Lorain St. Hospital authorities said Becker was resting but his condition was not known.

Under Observation

Also injured and taken to Memorial by squad car was Earl Lorenz 48, 834 W. Packard St. He complained of a sore back and was placed under observation at the hospital for 24 hours.

County police said the accident occurred when Becker's car traveling west on W. College Avenue, attempted to pass a car going west driven by Earl Lorenz, 834 W. Packard St. The Becker car collided with a car being driven east by John J. Chervinka Jr., 24, 1934 Pershing St., New London. The Becker car was slammed back into its lane and onto a shoulder striking the Lorenz car it was passing.

Institute Man Named to Head TAPPI Group

W. A. Wink head of the Institute of Paper Chemistry's paper evaluation section has been named chairman of a group in the Technical Association of the Pulp and Paper Industry (TAPPI). The group he will head is the Technical Services Group of the TAPPI Division of Testing. There are five divisions in TAPPI.

The Technical Service Group consists of eight separate committees. The chairman of the group is automatically a member of the Division's steering committee. Wink's appointment as chairman was effective Jan. 1.

Wink has been head of the Institute's paper evaluation section since 1955. He originally joined the Institute staff in 1934. He is the author of numerous articles and technical papers published in journals, and is an authority on the testing of papers and paper testing instrumentation.

50th Resident Takes Out Papers to Run in Spring Election

Louis M. Porath, 1615 W. Rogers Ave. Wednesday became the 50th Appleton resident to take out nomination papers for the 1963 spring election.

Porath, an unemployed disabled veteran, has started circulating papers for the position of 7th Ward alderman.

The incumbent alderman, Mrs. Dorothy Skilling, 1233 Oakcrest Ct., has filed and is a candidate for re-election.

The positions of 10 aldermen, 11 county supervisors and three school commissioners will be filled at the April 2 election. Deadline for filing nomination papers is Jan. 20.

Kimberly Auxiliary to Handle Heart Drive

Ladies of the American Legion Auxiliary, William Vorhagen Unit 64, will handle the 1963 Heart Fund campaign in Kimberly and Cornish Lecht.

Dr. W. B. Hildebrand, state chairman, said division chairman will be appointed to carry out local campaign plans.

New Fire Station Site Proposed for Downtown

Mayor Mitchell Suggests Area Bounded by Atlantic, Drew, Bateman Streets, Railroad Tracks

BY WILLIAM C. CAREY

Post-Crescent Staff Writer

Mayor Clarence Mitchell came up with a surprise package for the common council Wednesday night — a 20,000 square foot site for a proposed new Appleton Fire Department headquarters building.

Consisting of several pieces of property, it is bounded by E. Atlantic, N. Drew and N. Bateman streets and the Chicago & North Western railroad tracks on the city's near northeast side.

After receiving a report from Mitchell on his talks with property owners, the common council authorized the board of public works to proceed with acquisition of the property which will cost between \$75,000 and \$80,000.

Plans Construction

The council's action was a tip-off that city officials plan to expedite construction of a new fire station to replace the No. 1 station at Oneida and Washington streets. The latter is a 78-year-old

Council Okays Appointment of Works Director

Robert W. Bues To Assume Duties In Appleton March 1

The common council Wednesday night confirmed the appointment of Robert W. Bues, 38, Rhinelander, as Appleton's new public works director.

Bues whose appointment was announced earlier in the week by Mayor Clarence Mitchell attended the meeting. He will start his new duties with the City of Appleton on March 1 at an annual salary of \$10,280.

Aldermen gave unanimous approval to the appointment. Bues succeeds Edwin Duszynski, the city's first DPW director, who resigned Oct. 1 to accept a similar position with the city of Madison.

Bues Spoke

"I want to express my pride in being picked as your public works director," Bues told the council.

"I also want to assure you that I will try to fulfill the duties of public works director to the best of my ability," Bues added.

Appointment of Bues, who has been DPW director at Rhinelander since 1960 was hailed by several members of the council including some of Mitchell's periodic critics.

Bues was the top-ranking candidate among the field of 14 that applied for the position and took State Bureau of Personnel examinations.

In making his appointment, Mayor Mitchell said, "The City of Appleton is fortunate in being able to get the best talent available for the job."

Ald. Mrs. Dorothy Stillings (rh) made a few brief remarks following council confirmation of the appointment.

"I would like to commend the mayor for the way he proceeded in selecting a new public works director," Mrs. Stillings said.

A Formal Welcome to the City of Appleton was extended the city's new director of public works, Robert W. Bues, right, by Mayor Clarence Mitchell at Wednesday night's common council meeting. Bues said he was ready to start his new duties with the city on March 1. He presently is public works director at Rhinelander. (Post-Crescent Photo)

Green Bay and Australia

Proxy Ceremony Unites Widely-Separated Pair

CANBERRA, Australia (AP)—Burton Ashley, minerals attaché at the U.S. Embassy in Australia, was married today by telephone to Lucille P. Rabe of Green Bay, Wis.

Judge Donald Gleason of Green Bay officiated at the proxy ceremony.

Two witnesses, both in Green Bay and long time friends of Ashley, were Robert Kaftan and his brother, Arthur.

Ashley, formerly of Green Bay, has been in Canberra for about two years and recently was reassigned here for another two years.

Mrs. Ashley is connected with the Maryland Board of Health and has done graduate work in nursing.

She was formerly with the Wisconsin Heart Association. During World War II she was a captain

in the United States nurses corps in New Guinea and spent some time in Australia.

Arrives Soon

She will arrive in Australia soon to join her husband.

Ashley did not know until this morning the ceremony was taking place today.

"I did not know until 7.15 a.m. when I was notified that a call from Green Bay would be coming through an hour and a half later," he said.

"A great deal of paper work had to be done at the Wisconsin end to satisfy the local laws there and much of it had to be done by my wife."

"Our decision to marry was made very recently after I had been reassigned for a further term in Canberra," he said. "I don't believe in long engagements."

"And I wanted my fiancée to be married to me before she arrived here. I had been married before, but this is the first time she has been married."

"She sounded quite calm when the call came through and during the ceremony."

"No doubt she was glad it was all over because she had to do most of the preparatory work."

Ashley said he was not staging a celebration today.

"We will have a celebration when my wife arrives."

Burglaries Net Former Menasha Man Prison Terms

OSHKOSH — Thomas Hoppe, 18, no permanent address but formerly of Menasha, was sentenced to consecutive terms of up to two years each at the Green Bay Reformatory this morning by Winnebago County Judge James V. Sitter after his prosecution on two 1962 burglaries was revoked.

Hoppe burglarized Chemical Supply Co., 304 Railroad St., Menasha, and A and R Service Station, Town of Plover, Portage County, early last fall.

His probation was ordered revoked after he was convicted last week of burglarizing Main Auto Sales, Oshkosh, Dec. 31. He also was given a two-year sentence at Green Bay on that charge. All three sentences are to be consecutive.

Kaukauna Banks Elect Officers

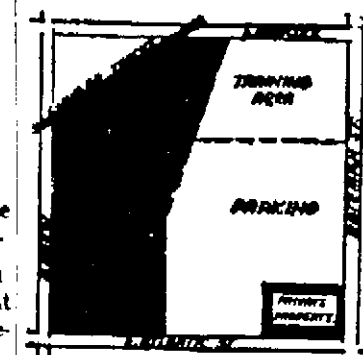

KAUKAUNA — All officers and directors of both Kaukauna banks were re-elected at meetings held this week.

Named to offices at the Farmers and Merchants Bank were W. H. Roloff, president, E.A. Gilling, vice president, John Van De Lee, executive vice president and cashier, and David Hartjes and Edward J. Schmidt, assistant cashiers.

Directors include Van De Lee, Roloff, Gilling, Joseph Van De Lee, Bernard Van Zoelen and Eugene Hann.

The Bank of Kaukauna officers include L. A. Gerard, president; A. M. Schmidt, vice president; Clarence Sastrow, executive vice president and cashier, and Elmer Giff and Harold G. Whelan, assistant cashiers.

Directors named were Gerard, James Bomberry, Sastrow, Schmidt, E. C. Wanner, J. A. Wyneboom and Theodore Oulaphe.

landmark which made the news two weeks ago when trucks and other equipment had to be removed from the building because the main floor started to give way.

Mitchell has been in touch with property owners for several weeks and obtained offers to sell from the owners of three homes, and a warehouse property. The homes will cost \$10,500, \$11,000 and \$15,000 respectively, and the old Patterson warehouse property about \$40,000.

The council's action in okaying purchase of the land, which is comprised of about 1.1 acre, triggered speculation that a new fire department building will be constructed this fall or early next year.

Fire Chief Roland Kuehn estimated the cost of the new building at \$1,000,000.

Police Chief Cites Low Salaries In Not Enforcing 'Moonlight' Ban

Members of Department Present Their Side Of Story During Meeting With Commission

Appleton Police Chief Earl O. Wolff told men in his department Tuesday he could not enforce a ruling against "moonlighting" because salaries they now receive are not in line with their duties.

Patrolmen officers and detectives met at the station to present their side of the "moonlighting" story to their bosses—the chief, members of the police and fire commission and Mayor Clarence Mitchell. Most of the department's 66 men were at the meeting.

Supply Information

Commission President Patrick Coughlin said the meeting would supply the commissioners with current information on the "moonlighting" problem so the commission could discuss the situation with the city's personnel committee Tuesday.

The problem was brought up in the personnel committee several weeks ago when the committee discussed wages for policemen. One committeeman said the police do not need more wages because their "moonlighting" jobs give them enough money.

Commission member Kurt Koletzke said the ban against second jobs was introduced into police regulations in 1923 and was enforced at the time Koletzke said jobs were scarce in Appleton throughout the 20's and 30's and policemen were told not to take more work. The ban was relaxed during World War II, and has not been enforced since.

Patrolmen had their say about the situation and argued that union arguments against "moonlighting" were unfair. The union has told the personnel committee that some policemen are being hired for jobs and are taking jobs from union men.

Other points which were discussed by the policemen include: The department's regulations, last revised in 1939, now need revision.

The policeman is considered a "second class" citizen who is discriminated against because he seeks a second job.

Police work should be considered a "profession" and professional wages should be paid.

Other Employees

Part time work is being done by other city employees, including teachers.

Some policemen have living expenses over and above the normal cost of living of other employees.

The present wage structure in the police department is too low to attract new men to police work.

One patrolman said the city considers the policeman "along with the garbage collectors and rubbish pickers in determining pay raises."

Another patrolman told the meeting he would be "glad to quit 'moonlighting' if he could afford to."

One department employee commented "union men wouldn't work for wages we receive."

A detective told the meeting "if we don't pay our bills on time, the citizens are the first to make issue of it. Another man estimated it would take wage increases of between \$50 and \$60 per month to bring the police pay in line with the cost-of-living."

Fire Destroyed the second floor of the frame farm home of Mr. and Mrs. Arnold Van Schynel, route 1, Kaukauna, late Wednesday afternoon. The mother and 7-year old son were hospitalized with first and second degree burns as a result of the blaze, believed to have been started by defective wiring. (Post-Crescent Photo)

88 OSC Students Apply for Graduation at Mid-Term

59 Education, 29 Liberal Arts Degrees to be Awarded Jan. 24

OSHKOSH — Application has been made for mid-year graduation by 88 Oshkosh State College students, who will receive bachelor degrees upon successful completion of the current semester, according to L. O. Tetzlaff, college registrar.

The semester ends Jan. 24, following a week of comprehensive final examinations.

Of the applicants, 59 will receive degrees from the college's education divisions and 29 from the liberal arts division. There are no mid-year commencement ceremonies, Tetzlaff said.

Area students who will receive degrees include Shirley M. McKinnon, 737 Carver Lane, Menasha, and Jean Rosalie Riedeman, route 8, Oshkosh, both lower elementary; Joan Marie Blesser, 918 E. Byrd St., Appleton, Arlyn A. Dobberstein, route 1, Winneconne, Sharon Ann Eickhoff, 1730 W. Summer St., Appleton, Betty Emma Schuurman, 1913 Wagon Ave., Oshkosh, Lois Ann Halenborg, 1005 Laurel Court, Neenah, Keith Oliver Schneider, 200A Wisconsin Ave., Oshkosh, and Ronald J. Weminger, 1800 1/2 W. Eighth St., Appleton, all upper elementary.

Secondary Education Students receiving degrees include Gene Henry Alexander, 222A Prospect Ave., Oshkosh, William M. Cullen, 1747A Elmwood Ave., Oshkosh, Carol Jane Gregorius, 1301 Taylor, Oshkosh, Kenneth Wayne Janz, 755 Cleveland St., Neenah, Dianne Mary Kimmell, 819 John St., Oshkosh, Gerald G. Koslow, 729 Ninth St., Menasha, Flor-E. Byrd St., Appleton, Arlyn A. Dobberstein, route 1, Winneconne, Sharon Ann Eickhoff, 1730 W. Summer St., Appleton, Betty Emma Schuurman, 1913 Wagon Ave., Oshkosh, Lois Ann Halenborg, 1005 Laurel Court, Neenah, Keith Oliver Schneider, 200A Wisconsin Ave., Oshkosh, and Ronald J. Weminger, 1800 1/2 W. Eighth St., Appleton, all upper elementary.

Ave., Neenah, Richard Gerald Sheveland, 718 W. Lincoln Ave., Oshkosh, and Marion Giffey Stevenson, 1000 Washington Ave., Oshkosh.

Liberal arts degrees will be earned by students including Dennis John Plasmann, 1700 N. Omaha St., Appleton, art degree; Patrick L. Boland, 2020 Bay Shore Drive, Oshkosh, Judith Ann Cleveland, 327 Eleventh St., Neenah, Ronald R. Hibbard, 236A E. Parkway, Oshkosh, Arthur Joseph Johnson, 201 1/2 E. Winneconne Ave., Neenah, John Kozotaky, 1002 Jackson St., Oshkosh, Mel Allan Mickey, 804 Algona Blvd., Oshkosh;

James Steven Oleson, 652A McKinley, Oshkosh, Thomas Lee Pennewell, 228 Northwestern Ave., Oshkosh, Wayne William Radtke, 1711 Punhoqua St., Oshkosh, David J. Riese, 749 Bowen St., Oshkosh, C. Calvin Sackerson, 1503 W. College Ave., Appleton, Ralph L. Syring, 149 McKinley, Neenah, Leonard L. Tessen, 415 W. Irving, Oshkosh, C. James Van Patten, 311 E. Franklin St., Appleton, and Diane Mae Wuellner, 632 Meade St., Kaukauna.

"For Building Youthful patriotism — resolute, responsible and reverent" William Herziger, social studies instructor Menasha High School, Wednesday received the teacher's award from Freedoms Foundation, Valley Forge, Pa. Left to right are, Cassie Bachhuber, representing the student body; Herziger; L. A. Wienbergen, principal, who made the presentation; and Mrs. John Wilterding, president of the Menasha Historical Society, who nominated Herziger for the award. (Post-Crescent Photo)

Neenah City Employees to Get 2 Per Cent Pay Increase

NEENAH — The Neenah Council Wednesday night approved a 2 per cent pay increase for all full-time city employees and officials.

The pay hike, effective Jan. 1, 1963, is to be computed on the basis of present actual salaries of city employees and officials.

In related action, the Council also approved specific pay increases for two city officials and all part time creating guards.

The two Neenah officials granted pay increases were City Atty. Charles Schaller, who will receive a salary of \$6,120 this year, and City Sealer Vernon Porto, whose salary was increased to \$1,120 per year.

Neenah creating guards, who are considered part time employees, had their hourly pay rate increased from \$1.40 per hour to \$1.60.

City of Neenah officials and employees were also granted a more dence in Neenah.

Neenah vacation program as a result of Council action Wednesday night. Effective this year, employees and officials who have been employed for 20 years will be entitled to four weeks of vacation.

Fixed when he pleaded guilty to the charge was Ray J. Schumacher, 1300 W. Capital Drive, Appleton. The installation was made Jan. 11 at a private residence in Neenah.

Appleton Man Fined For Heating Repair Work Without License

NEENAH — An Appleton man was fined a total of \$64.50 Wednesday afternoon here by Winnebago County Branch 2 Judge James Sitter for making an alteration to an existing heating plant without proper City of Neenah license.

Fined when he pleaded guilty to the charge was Ray J. Schumacher, 1300 W. Capital Drive, Appleton. The installation was made Jan. 11 at a private residence in Neenah.

Bonding to Finance 5 Projects

OSHKOSH — Sale of \$1,835,000 in general obligation bonds for five municipal projects was approved Wednesday by the Common Council with bids to be received Feb. 6.

The projects and the amounts are the new Lincoln Elementary School, \$747,000; water works expansion, \$600,000; storm sewers, \$236,000; new Sawyer Street bridge, \$100,000; and a street department garage, \$82,000.

Purchase of seven air masks from the W. S. Darley and Co. Madison Park, Ill., at a cost of \$2,301 for use by the fire department was approved. The Darley firm submitted the lowest quotation.

City Mgr. Ray Harbaugh told the Council he does not plan to appoint a successor to Seventh Ward Supv. Matt Feustel, who died Sunday morning, until after the Jan. 31 deadline for filing nomination papers. As yet, no one has taken out papers for the post.

Madison Man Will Become First UW-M Resident Planner

MADISON (AP) — A member of Madison's city planning staff, John J. Griesbaum, will become the first resident campus planner at the University of Wisconsin-Milwaukee.

Griesbaum announced his resignation Wednesday night, effective Feb. 1. He will be in charge of determining building needs for the UW-M campus and will work with Joseph Mangiamale, neighborhood development planner who assumed his position on the campus in Milwaukee Jan. 1.

Menasha Mayor Cracking Down On Infractions in Procedures

Intends to Halt Actions of Some City Officials

MENASHA — Mayor John Klein is initiating a crackdown on what he terms "infractions in procedures" among department heads and city employees.

A memorandum to all city employees by Klein is designed to restore the executive position of the mayor, which has been bypassed by the "infractions," according to Klein.

The memorandum reads: "In the past there have been definite infractions in procedures concerning department heads and city employees. City employees

who are not department heads will direct it to the Mayor's office should first consult with their supervisors if they have any complaints, suggestions or ideas. Any department head who has a request, report or communication

May Replace Rest Home In Few Years

OSHKOSH — Pleasant Acres old-age home may have to be replaced within the next five years as a welfare-only institution because of pressure on the building's capacity.

Council Cites 2 Employees On Retirement

Two Appleton officials with a combined 41 years of public service were saluted Wednesday night by the common council.

They are Walter Bogan, 909 N. Summit St., who will retire as city building inspector Jan. 30, and Dr. R. R. Lally, 716 W. Front St., a former member of the park board.

For Bogan, who has been inspector for the last 16 years, it was his last common council meeting in an official capacity. The council extended him "a vote of gratitude for his outstanding job as building inspector."

Mayor Clarence Mitchell announced a testimonial dinner in Bogan's honor will be held Jan. 30.

Dr. Lally, who recently resigned from the park board after being a member for a quarter of a century, was extended "a sincere thanks and gratitude for his untiring services."

City Clerk Elden Broehm was instructed to send copies of the council action to Bogan and Dr. Lally.

Lists Plans for Shepherd's Clinic

OSHKOSH — A five-county shepherd's clinic for sheep breeders is slated from 12:30 to 3 p.m. Tuesday at the Equity stockyard sales building in Ripon, Winnebago County Agent Vernon Peroutky announced today.

University of Wisconsin extension livestock specialists, county agriculture agents and sheep breeders will take part in the program.

Local sheep breeders will give their views of the trend in the industry. County agents will report on sheep raising practices while the extension specialists will make recommendations on economics of lamb feeding, wool grading, and disease and parasite control.

Grants Given to 3 Professors for Research Work

OSHKOSH — Grants to support research studies in their respective fields have been granted to three Oshkosh State College historians, it was announced today.

They are Wesner Braatz, assistant professor of history, Dr. William Thompson, professor of history, and Dr. Edward Noyes, history department chairman.

Braatz has been awarded a Deutsches Akademisches Austauschdienst research grant for the summer of 1963 in order to study the background of German policy. He will travel to Bonn, Germany, for his research.

Dr. Thompson has been awarded a grant from the State Historical Society to prepare a book-length study of the labor education movement in Wisconsin. His research is to be based on the Schwartztrauber Papers, School of Workers Archives, and personal interviews. The state society will publish the material during the summer of 1964.

Dr. Noyes has received a grant from the Civil War Centennial Commission of Wisconsin to complete final research and prepare a manuscript on "Evolution of Military Service in Civil War Service in Wisconsin."

Aldermen Hoping to Straighten Boundaries

Kaukauna Council Wants to Switch Property With Little Chute Board

KAUKAUNA — The city council hopes to work more closely with the village of Little Chute on straightening out the boundaries of the city and village.

The council Tuesday night authorized the city attorney and engineer to work with village officials on the boundary.

Aldermen feel changing boundaries would simplify legal descriptions, tax billing and snow removal. At present, some lots are completely in Little Chute except for a 25-foot back yard strip in Kaukauna.

The council hopes to detach this strip and give it to Little Chute. Village limits would be moved 25 feet east from Draper Street to a point north of Riverside Drive.

In return, the Kaukauna council wants Little Chute to detach a portion of three lots south of Riverside Drive.

The engineer is to draw plans and the attorney necessary resolutions for the transfer. Village officials indicated they would approve a switch several years ago.

Aldermen voted to advertise for 1963 sidewalk bids. The engineer will draw specifications. In an effort to secure better bids, separate new walk and replacement walk bids will be asked.

The board of public works was

authorized to advertise for a truck driver for the rubbish truck as recommended by the city employees union.

A letter from Emerson Engineering Company informed the council that concerns would be ready to meet with the board early in February for a preliminary report on sewage treatment plant.

Mayor Joseph Bayegon requested the meeting to give attention on opportunity to review preliminary designs and construction of the sewage plant.

A letter was read from John E. Baker, former city attorney, encouraging the council to name the athletic area being developed, "Duty Bayegon Recreation Area," but the matter was referred to the Health and Recreation Committee for study.

The engineer was authorized to attend a 3-day concrete paving seminar at Milwaukee and Richard Landrum was engaged to audit city books at a cost of \$1,285.

Auxiliary to Sponsor Essay Contest Among Hortonville Schools

HORTONVILLE — The American Legion Auxiliary is sponsoring an essay contest of high school pupils, the 7th and 8th grader of the public school and the Bethlehem Lutheran and the SS Peter & Paul Catholic schools.

The theme will be "My Obligation to Citizenship."

A donation was voted for Carey and Otis, Mrs. Lloyd Riedl, Mrs. Ray Riedl, Mrs. Royce Riedl and Mrs. Robert Schneider.

Editor Speaks At Kaukauna Church Dinner

KAUKAUNA — The Rev. Orville Jensen, editor of the Green Bay Catholic Register, will be guest speaker for the sixth annual Guild of St. Paul dinner and concert night program at 6 p.m. Jan. 27 at St. Mary Parish hall.

Installation of officers will be held with the Rev. Joseph Mathews, spiritual director, as installing officer. Officers include Arnold Coomes, president; John Parks, vice president, and Mrs. Arnold Coomes, secretary-treasurer.

The Rev. Earl Brechard, pastor of St. John's, will be master of ceremonies. The Rt. Rev. Magr. Peter Salm, pastor, will give the opening prayer. Entertainment will be provided by the boys choir of St. Joseph Appleton. The group was modeled after the Vienna Austria boys choir. Director is Francis Scholtz who heads the vocal department at St. Joseph Grade and Xavier High School.

Tickets for the affair are available from members or can be purchased by contacting John Tulloch or Mrs. Francis Robedeaux, chairman for the dinner session.

Little Chute Police Made 283 Arrests in Past Year

LITTLE CHUTE — The village police department made 283 arrests during 1962 with 206 speeding violations leading the arrest list, according to the annual report released Tuesday by Robert Nechodom, chief of police.

Other arrests included 11 drunk and disorderly, 10 inattentive driving, 13 vandalism, nine animal violations, seven failure to yield right of way, five each for drunken driving, reckless driving and no driver's license, two for illegal entry at night, two for other departments and one each for illegal U-turn, failure to keep proper look out, passing at intersection, unregistered vehicle, improper left turn, driving on left

side of road and driving too fast for conditions.

A total of \$5,494 was collected in fines while an additional \$45 was collected for parking violations. The department issued warnings to 50 speeders and 60 parking violators.

Police investigated 99 accidents, policed 17 fires, conducted 562 investigations, policed 41 amusements and found four lost persons. Twenty-nine cases of larceny under \$50 were investigated, seven closed. Seven cases of larceny over \$50 were reported with five closed. Five bad check complaints were received, four cases closed as a result of making restitution. Police reported one automobile stolen and found.

Independent Dairymen Hit Agriculture Department

Attorney Says State Not Acting Against Price Fixing of Chains

BY DICK LYNN
Post-Crescent Staff Writer

D. N. McDowell, director of the State Department of Agriculture, said the department itself were severely criticized Wednesday by a Manitowish attorney who represents several independent dairymen.

Jacob Muchin, the attorney, criticized the department's lack of action against milk price-cutting by large chain dairies at a hearing conducted at the Outagamie County courthouse by the Agriculture Department.

A Fox Cities dairyman argued that the pricing methods are unfair to the small dairy operator and state and city health officials said the price system is adversely affecting the quality of the state's Grade A milk program.

"It's been a waste of time trying to get the state to do anything," Muchin said, and added, "You always give excuses saying more studies are needed. Every thing you have done has been for the benefit of large dairy chains. Your enforcement has been for the good of the large chains and for the destruction of the independent."

Muchin said the agriculture department should prove to Gov. John Reynolds that money appropriated to the department for enforcement is being used for that purpose. "Your investigations have only been a minor irritant to the large dairy chains," Muchin charged.

100 at Hearing
Nearly 100 dairymen representing independent firms and chain

dairies attended the day long hearing.

McDowell, the department director, defended his staff saying, "We have not done everything we wish to do, but the integrity of my staff is above reproach."

"Moral Issue"
Richard Lamers, president of Lamers Dairy Inc., of Kimberly, described the main issue involved in price-cutting as "the moral issue."

Lamers said, "Small stores should be entitled to the same fair profit that large supermarkets get because of the drop-off buying at volume discounts on the milk delivery system. Markups should be 4 cents a quart for everyone."

Under the drop delivery system, wholesale routemen leave the milk at the store and it is the drop-off dock delivery sys-

tem is affecting the quality of the state's Grade A milk program. Lamers said he "firmly believes the whole problem could be straightened out if the business leaders involved would take measures to stop capitalism from destroying itself. They're taking away their own freedom," he stressed, "and this can only lead to government price control."

In order to take advantage of the drop-off dock delivery type of milk delivery to stores, Lamers said small store owners as well as supermarket operators are being forced to buy more milk than they can move.

He claimed that small grocers are at a disadvantage because they are being forced into competition with supermarkets. "I know of one instance," he said, "where a small store is buying more milk than it can move quickly to get the lower prices."

Weather and several other factors can spoil the milk if it is kept too long. The supermarkets, in other words, are forcing the small man out of business by buying at volume discounts on the milk delivery system.

Clarence Luchterhand, of the State Board of Health, and Carl Moore, a deputy health commissioner from Green Bay, both said the drop-off dock delivery sys-

tem is affecting the quality of the state's Grade A milk program. Moore said milk being tested at stores in several communities has been found to have a lower quality. "However," he said, "the quality of milk tested at the production sites continues to be excellent."

Luchterhand said, "I certainly agree with everything Mr. Moore has said. In the interest of public health, we have worked several years to bring about our state's Grade A milk level, and we must be careful that there is no breakdown in this system. If it looks as though the drop delivery method is breaking down milk in Skokie is 25 cents a quart, 45 cents a half gallon and 87 cents a gallon, he said, compared to 22 cents a quart, two

Two Persons Were injured and taken to Appleton Memorial Hospital after a three-car crash on W. College Avenue this morning. The accident occurred when one car attempted to pass a second car and collided with the third car going in the opposite direction. (Post-Crescent Photo)

half gallons for 75 cents, and 64 cents a gallon in Wisconsin.

"No Action"

"We have been protesting for several years," Muchin claimed, "but there has been no action. In 1945 there were 520 dairies in the state, in 1955 there was 375, and today there are only 180. There has been a drop of 66 per cent in the number of dairies since 1945, but that doesn't seem to have made an impression on anybody in the department."

Muchin said he told a retailer fill the cases with their products. They pile the cases so high that the ice cream goes above the frost line. Little stores buy big shipments of ice cream to get lower prices and you don't know how long it remains in the store. No wonder the public says Wis-

consin is suffering too.

"The big producers come into the stores," he charged, "and down."

Charles L. Dalton, Milwaukee, a management consultant for the dairy industry, said, "Dairies have been starving to death on ice cream in recent years and living on milk, and now we're starting to be hit on the milk end too."

New Site for Fire Station Suggested

CONTINUED FROM PAGE 1

estimated the cost of a new headquarters building, including land, would be between \$200,000 and \$250,000.

The city intends to purchase all the property on the block except for two residential buildings near the corner of E. Atlantic and N. Belknap streets.

Exaggerated Needs

Mitchell, who first recommended in 1930 that the city replace the old No. 1 station and reiterated the need for the facility periodically since then, said the city's fire insurance underwriters had been contacted and the rating board approved the proposed site. He explained the fire department equipment would have good access to the downtown district in addition to serving other areas of the city.

"The Chamber of Commerce committee formed sometime ago to look for a new fire station site

consin's ice cream quality is down."

Charles L. Dalton, Milwaukee, a management consultant for the dairy industry, said, "Dairies have been starving to death on ice cream in recent years and living on milk, and now we're starting to be hit on the milk end too."

has also given its approval." Mitchell told aldermen during a committee of the whole session of the common council.

Mitchell said three other sites had been considered and added, "The Chamber of Commerce group has been fully aware of recent developments."

Ald. Alvin Tuve (8th), chairman of the council's finance committee, made the motion calling for approval and acquisition of the site.

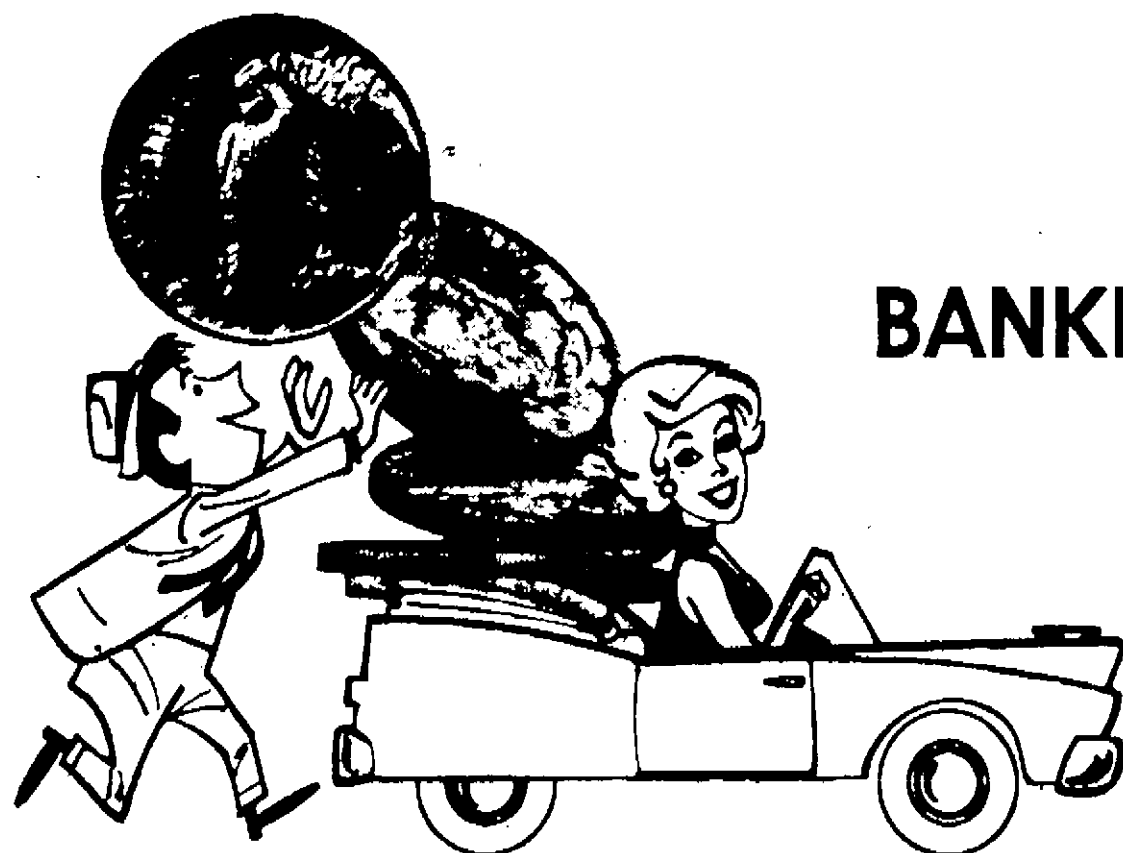

"We expect to have the new construction in the works sometime in the not too distant future, and I think our recent experience with the old No. 1 station building makes it imperative for the city to acquire a new site now," Tuve said.

Chief Kuchel said he was pleased with the proposed site and that it would fulfill the city's needs for a new fire station. Once the land has been acquired, Kuchel will be authorized to retain an architect to draw up plans and specifications for a new building.

Provide Space

The proposed site will provide enough space for a new building, parking area for fire department employees and will also have a training area. The area is zoned for industrial and multiple family purposes.

Aldermen are generally agreed that once the city builds the new station, the old building and property at Washington and Oneida streets will be sold to the highest bidder. Because the property is one block from College Avenue and near the heart of the business district, city officials are aware of the fact it is "prime property" and should command a good price.

BANKING CONVENIENCE

THAT'S MILES AHEAD!

Even if this convenient bank were not so centrally located, you'd still be miles ahead by taking advantage of the many "distinctively First National" services planned for people like you.

Our banking service is much more than a matter of money passing through hands.

For example, there's the Family Financial Counseling service we offer. Got a problem? Drop in anytime and talk it over with these friendly, experienced counselors. Like many another family, you can build a pretty sound financial future on the advice you can get here.

Whatever your needs, from a special savings program to assure the funds you'll need for the college education of your children . . . to low-cost financing for a new car . . . see us for the kind of help you want!

Drop in . . . or drive in to the finest drive-in banking facilities you'll find anywhere. Whenever you do, you'll see why we're known as "The Helpingest Bank in Town!"

Council Approves \$2 Million In Appleton Sewer Projects

Construction Had Been Given Top Priority by Public Works Board

Sanitary and storm sewer construction projects totaling \$2 million dollars for 1963 were approved Wednesday night by the Appleton Common Council.

The projects were given top priority by the department of public works following conferences with consulting engineers, the board of public works and the council's street-sanitation committee.

Total cost of the projects programmed for the current year to "take care of Appleton's immediate needs" and alleviate chronic flooding conditions in the central city area, is \$1,907,000.

Eventually, the common council will float a bond issue to cover construction costs. The engineering department will prepare specifications.

Last Projects
Sanitary trunk sewer projects include:
Matthias Street to Calumet Street and Tellah Avenue \$110,000.

Southside interceptor to Colony Oaks subdivision, \$80,000.
Meads Street, Northland to Florida avenues (a new junior high school site is included in that area, \$80,000).

The storm sewer projects:
Badger Avenue from Wisconsin Avenue to Memorial Drive, \$120,000.
Walnut Street from River to Atlantic streets, which is expected

to provide flooding relief for a wide area, \$200,000.

Glendale Avenue from Birchwood to Elmer streets, including tributary lines, \$80,000.

Grant Street from Birchwood to Eugene streets, also including tributary lines, \$23,000.

Masson Street, including the Linwood and Spencer Streets, and College Avenue area, \$126,000.

Others Listed
Oneida Street, including Richmond and Atlantic streets and the Wisconsin Avenue area, \$200,000.

Newberry Ct. from the Hannas-Basset ravine to Peter Street, \$85,000.

Matthias Street from Peters Street to Lourdes Drive, \$85,000.

Miscellaneous projects in scattered parts of the city, \$100,000.

In other common council action: The name of W. Larkin Street between Linwood Avenue and Outagamie Court was changed to W. Larkin Court with the city attorney instructed to prepare the necessary ordinance.

City officials were authorized to make an application to the Chicago North Western railroad for a permit to construct a 60 inch storm sewer under the tracks at Newberry St. and Newberry Ct.

Gas Permits
The Westgate Wrecking Co., Appleton, was given permission to block the midway adjacent to the Rio Theater, plus the Oneida Street side of the sidewalk, as of Feb. 1. The Rio Theater is being torn down by its owner, the Prange Co.

Instructed the city attorney to draft an ordinance for annexing the Appleton municipal garage site to the city and detaching it from the Town of Grand Chute.

Approved a contract with Chapel and Amundson of Green Bay for storm sewer pipe in the amount of \$82,970. The firm submitted the low bid.

Referred a tentative Park Hills plat, which is involved in the proposed expressway route along the southern fringe of the city, to the city planner for a recommendation.

Hearing Requested on Train Stop Petition

MILWAUKEE (AP)—A public hearing will be requested on the petition of the Chicago and North Western Railway to discontinue its "400" passenger trains linking Chicago and Minnesota points.

Deputy City Atty. Harry Slater said Wednesday.

Slater was authorized by the Common Council's Public Utilities Committee to appear before the Interstate Commerce Commission in opposition to dropping the trains.

Chamber Group

Opens Meeting

At Menasha

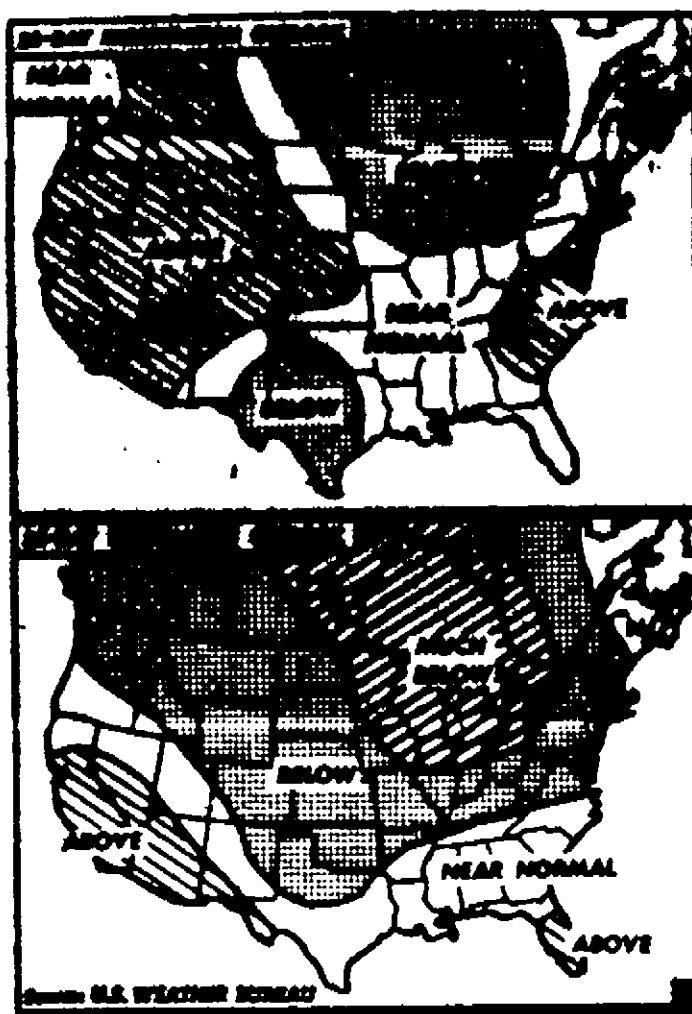

MENASHA — More than 30 Wisconsin communities are expected to be represented at a two-day mid-winter conference of Wisconsin Chamber of Commerce executives (WCCCE) at the Hotel Menasha today through Friday.

John G. Konrad, executive secretary of the Neenah-Menasha Chamber of Commerce and a past president of WCCCE, said registration for the conference begins at 4 p.m. today. Also slated for that time was a meeting of the WCCCE board of directors, of which Konrad is a member.

Guest speaker at a 7 p.m. dinner today at Hotel Menasha will be Paul Stoddard, agent in charge of the FBI office, Milwaukee.

Two guest speakers have been

slated for Friday. W. Don Eck, loan specialist of the Small Business Administration, at Madison, will speak at 10:45 a.m. on "How SBA Helps Small Business," and Robert Sauter, of Sauter and Sauter, architectural firm, Appleton, will speak at Friday's noon luncheon. Sauter will discuss Chamber of Commerce quarters.

These Maps, Based on those supplied by the United States Weather Bureau, forecast the probable precipitation and temperatures for the next 30 days. (AP Wirephoto Maps)

Combined Locks Water Rate Hike Made Effective Jan. 1

COMBINED LOCKS — An increase in water rates approved by the Public Service Commission will take effect Jan. 1 and be billed the first of April the village board decided Tuesday night.

The board established a 25 per cent sewer charge for home owners in the Town of Buchanan served by the village. An additional 90-cent charge for one-meter, two-family dwellings.

The new rate for village residents will be \$3.75 for the first 6,000 gallons of water, an increase of 50 cents. Rate for the next 14,000 gallons will be 50 cents per 1,000, up 10 cents.

Regulations Set Up
The next 30,000 gallons will be 40 cents per 1,000, up eight cents. The rate for 150,000 gallons will be 30 cents per 1,000, up nine cents. The rate for 300,000 gallons will be 25 cents per 1,000, up seven cents. Users of over 300,000 gallons will pay 22 cents per 1,000, up five cents.

The board approved quarterly mailings of water bills with payment due on the first of the month following the period billed.

A 10 per cent penalty will be charged to bills not paid within 15 days. After 30 days owners will receive a notice of delinquency. If the bill is not paid within five days, service will be disconnected without further notice.

The board voted to combine the offices of clerk-treasurer, thus no treasurer will be elected in April, apartment after reports of a The clerk has been serving as treasurer since the resignation of John Siegel in November.

Horticultural Society Meeting

Experts Say Damage of Weeds, Mice Can be Put Under Control

BY RAY PAGE

Post-Crescent News Service

FOND DU LAC — Weeds and mice that cost too many dollars in financial returns from apple, cherry and other fruit trees.

The pests can be controlled, but two experts agreed here Wednesday that it isn't easy. They discussed the problems at the 9th annual meeting of the Wisconsin State Horticultural society.

Weeds compete with fruit trees for moisture, nutrients, sunlight and space. Mice gnaw the bark off young trees in winter, causing heavy losses.

Treatment of weeds and grass in orchards was tackled by Dr. Rank A. Gilbert, head of the University of Wisconsin's branch experiment station at Sturgeon Bay.

B. R. Peterson, U.S. Dept. of Interior researcher at St. Paul, told about new methods for the control of mice and other rodents.

Some orchardists do a good job of fighting weeds by cultivation, Gilbert said. It's fairly expensive, though, because of the labor involved. Equipment must be expertly handled, too, or trees may be damaged.

New Chemicals
Some of the new chemical weed killers are effective and practical, Gilbert stated. There is some danger in their use, however, since they may kill or retard the trees if they are not handled properly. He suggested both pre-emergence killers and the chemicals that are applied after weed growth has started.

"Cherries are less tolerant than apples to weed competition," Gilbert remarked. He reported on studies at the experiment station that showed young fruit trees grow much faster and stronger where weeds are controlled.

Peterson outlined three methods available to the orchardist in fighting back at the mice. They are mechanical means, orchard sanitation and chemical control.

"The first method simply means wrapping the trunks of the young trees with hardware cloth, burlap or paper," he said. "It's a lot of work, and the protection is gone if the snow exceeds the height of the barrier."

Various chemicals are available for killing mice, but Peterson pointed out that some of them

can be a hazard to other wild life. In preparation of poison bait, he reported that most mice prefer oats to other grain.

Chemicals Developed
Chemicals are being developed that will be highly selective, which will lessen public clamor over the killing of birds and other harmless wildlife. There is one compound as selective that it will kill only one species of mice, and you're going to see more of that same type."

Apple growers predominated the attendance at about 150 men and women at the morning and afternoon sessions.

Sheriff Radioman Will Become County Policeman

Outagamie County Police Capt. Ronald Decker today appointed Robert Keating, 34, 218 E. Commercial St., as a traffic patrolman.

Keating will take the place of former patrolman Calvin Space who resigned to become the county sheriff. Keating will begin his duties Feb. 1 at a starting salary of \$315 per month.

The new patrolman is presently a radio operator for the sheriff's department. He has been employed by the county since June when he was released from the service.

Post Office Gets More 1-Cent Stamps

One-cent stamps are here. A hundred thousand of them. Appleton Postmaster Francis Sumnicht said the shipment arrived today. The Appleton Post Office exhausted its last supply Wednesday.

Sumnicht said he expects the various chemicals are available supply to be adequate. He said for killing mice, but Peterson pointed out that some of them

Shopping Center Represents New Concept in Economics, Planning

Consultant Says It Adds Another Dimension to Purchasing — Fun

"The shopping center today represents a new kind of activity — a new concept in economics, a new concept in suburban planning and a new experience for customers," John Lehrer, Milwaukee shopping center consultant, declared here Wednesday night.

Lehrer told the Sales and Marketing Executives Club of Northeastern Wisconsin, meeting at the Conway Hotel, that the shopping center "has taken the basic retailers have traditionally offered, and added a new dimension."

"That dimension," he said, "is fun." With enclosed malls, tastefully appointed stores, air conditioning and costly decorations, shopping centers have shown "phenomenal growth" in the past 10 years, and are now enjoying an annual sales volume of some \$50 billion.

Shopping centers have little to fear from discount operations, which do some \$4 billion in retail business each year, Lehrer asserted.

"Serious Trouble"
Quoting a Wall Street Journal report on the discount store industry, Lehrer said that many discount operations are in "serious trouble" — especially those which are headed by persons without long experience in the retail field, and who lack adequate financing.

"Traditionally, retailers work at a 35 to 40 per cent mark-up," he said. "Discounters did it at 25 per cent, cutting the margin to the bare minimum. As soon as volume drops and expenses go up, they're dead!"

Lehrer admitted, however, that like the shopping center, the discount store answered a definite need in the retail field.

"Discounters saw the void created by traditional retailers in the plush, lush days when delivery

and credit added costs to store sales."

Retailers in these days were not paying sufficient attention to the customer who didn't want charge or delivery, and discounters stepped in to cater to that customer, he charged.

Similarly, the shopping center industry grew out of a need created by two factors — the movement of city dwellers to the suburbs, and widespread use of the automobile.

There are, in general, three types of shopping centers: 1) the neighborhood center, offering convenience goods for its customers; 2) community centers, larger in size and including a "junior" department store, and 3) regional centers, more than a million square feet in size and containing department stores with 200,000 or more square feet of floor space.

Latest Trend

The latest trend is to have three department stores in a regional shopping center, which requires a trade area of between 700,000 and 800,000 persons to support it. The actual size and development of the shopping center are directly related to supply and demand.

"The shopping center industry grew by itself," Lehrer stated. "This is you and I, in the marketplace, recognizing an opportunity and going after it. There wasn't any subsidy, there wasn't any guarantee from this government body or that. Shopping centers are owned by their developers and operators, and stores are leased by tenants."

Such centers, he continued, "represent one of the first times a group of merchants have grouped together, under a central control, for mutual benefit."

Until the central business district people can get together and cooperate on something that is in their best interest, the shopping center will have the edge on them."

"The shopping center is here to stay, and so, to a lesser extent, is the discounter. But what of the regular retailer? He's here to stay, too, providing he is not a marginal operator."

There are two routes open to the retailer today, Lehrer said. "They are the clean, regular service route, and the discount route. The route that most retailers are taking today is the quality route, the high route. But in so doing, they commit themselves to certain things: getting the volume up and the cost down, clean stores, quality merchandise."

"How do you get the volume up? You just do a better job. If you do that, you won't have any trouble with the shopping center. The discount store is not taking over. Their volume is down at a level where it is not a danger to the traditional retailer."

"Everybody can compete," he concluded. "They've just got to improve their operation."

Youth Who Sold ID Card Jailed

Steven Doerfler, 19, 1288 Oakcrest Drive, was sentenced to the Outagamie County jail for three months and fined \$100 today by County Judge Gustave Keller.

Doerfler appeared in Outagamie County Court, Branch 2 for sentencing. A 12-man jury Tuesday found him guilty of selling his state identification card to a 17-year-old youth.

Judge Keller granted Doerfler Huber law privileges and told him he could apply for probation from the jail after serving 30 days in confinement.

Russian Air Pollution Experts Arrive in U. S.

NEW YORK (AP)—Four Soviet air pollution experts arrived here by plane Wednesday night to make a 30-day study of how various American cities cope with the air pollution problem.

The group came here at the invitation of the U.S. Public Health Service.

Future Prospects of the shopping center and the discount house were discussed by John Lehrer, president of John Lehrer Associates, shopping center consultant firm, at Wednesday's meeting of the Sales and Marketing Executives Club of Northeastern Wisconsin. Pictured from left at the Conway Hotel are Harry Case, Lehrer; Edward Merten, program chairman, and James Vosper. (Post-Crescent Photo)

Kaukauna Man Asks Hearing on Morals Charge

Alvin Driessen, 29, route 1, Kaukauna, has requested a preliminary hearing on a charge of taking indecent liberties with a

minor child. He appeared in Outagamie County Court, Branch 2 Wednesday.

The hearing was set for Tuesday and Driessen was freed from the Outagamie County jail after posting a \$1,000 bond. The offense allegedly occurred Oct. 20 in the Town of Cicero and involved a 15-year-old girl.

Name McClone To Park Board

Businessman Gets Five-Year Term on Mayor Appointment

Ray McClone, Appleton businessman and sports enthusiast, has been appointed to the Appleton Park Board for a five-year term.

Mayor Clarence Mitchell announced the appointment Wednesday afternoon and it was confirmed at night by the common council. Park commissioners serve without pay.

McClone, 36, resides at 1197 E. Meerspark Ave., and succeeds Dr. R. R. Lally, 718 W. Front St., who recently announced his retirement from the board after being a member for 25 years.

"I am pleased with the appointment and will do whatever I can to help the city," McClone commented today. He was one of the mayor for the position. Several persons considered by McClone is a native of Bend Creek and was graduated from high school there. He attended the old Appleton Business College and has been a resident of Appleton for 21 years. McClone is owner of Wisconsin-based Hammes land developers, McClone Lumber Co. and McClone's Kitchen.

Boards Club
Recently, McClone was elected to his fifth term as president of the Fox Cities Baseball Club. He is a member of St. Thomas Catholic Church, its Holy Name Society, the Elks and is a fourth degree knight in the Knights of Columbus.

McClone is a former member of the executive board of the American Bowling Congress and has been active in many Fox Cities sports promotions.

Mr. and Mrs. McClone have two daughters, Judy, who attends interior decorating college at Chicago, and Jenny, a senior at Xavier High School.

Serra Club to Hear Talk on Higher Education

John S. MacCauley, vice president for development at St. Norbert College, will be the principal speaker at a Friday meeting of the Appleton Serra Club. The meeting is at noon at the Holiday Inn.

MacCauley's topic is "The Function of Catholic Higher Education."

He joined the St. Norbert staff last fall after serving as an assistant director of the University of Notre Dame Foundation for eight years.

As vice president for development at St. Norbert, he is in charge of public relations and development activities.

MacCauley is a native of New York and a 1941 graduate of Notre Dame.

School Opposed In Town of Center

Crowd of Opponents at Hearing In Madison to Discuss District

Post-Crossed Madison Bureau
MADISON—A crowd of opponents Monday protested the appeal of two Town of Center officials to the state superintendent of public instruction for the creation of a new integrated school district to serve the town with elementary and high school programs.

Henry J. Van Straten, Outagamie county superintendent of schools, Center residents and residents of neighboring school districts of Seymour, Black Creek, Hortonville, Freedom and Shiocton told Angus Rothwell, the state superintendent, that the creation of the new school district would be a step backward in the organization of public education in Outagamie County.

Van Straten said it would be contrary to the long-range plan

for county schools worked out by the county school committee.

The issue reached Rothwell as an appeal by Harold Schmeichel, town chairman, and Walter Tuck, town clerk, from an order of the municipal board involved not to authorize the new school district.

Rothwell has four months in which to rule on the issue, but said he would try to get out his decision within a few weeks.

Withdraw Students
The proposed Town of Center district would withdraw territory and pupils from the Shiocton integrated school district, operating kindergarten through 12th grade, and the proposed new integrated districts in Seymour, Hortonville and Freedom.

The Town of Center is now split for school purposes among the Shiocton district and the union high school districts in Seymour, Hortonville and Freedom. Integration orders have been approved for the three union high districts, but they are not functioning as integrated districts because of appeals of the orders to the circuit court by Town of Center residents.

The integration orders for Hortonville and Freedom were to have been effective this fall, and the order for Seymour is to be effective July 1, 1963. Court action on the appeals is probable before the end of February, according to Van Straten.

Rothwell was told that the Center school district would have a prospective high school enrollment of 150, and an elementary registration of about 270 pupils.

But the testimony showed that the district will have very little more than the minimum of assessed valuation for the establishment of a new district, at less than \$3,000,000.

Schmeichel and Tucklin filed their appeal as town officers, and as individuals, according to the record.

The appellants can bring suit in the circuit court to override the state superintendent's decision if he rules against their appeal.

Water Pours From Vault at Iola School

IOLA — A leak in the heating system of the new elementary school in Iola caused an untold amount of damage early Wednesday morning.

The first employees to arrive at about 7 a. m. found water seeping from under the office door into the hall. When the storage vault was opened water poured out to cover the floors of the office rooms and an adjoining classroom, and also part of the hallway and multi-purpose room across the hall. A local heating contractor was called to close off the leak and the architect and heating contractor who installed the system were called to learn the cause, but no report has yet been made.

The janitor reported that the temperature in the vault when it was first opened was 100 degrees so that stationary and other supplies not touched by water were damaged by steam. There also appeared to be a considerable amount of damage to the tile floors.

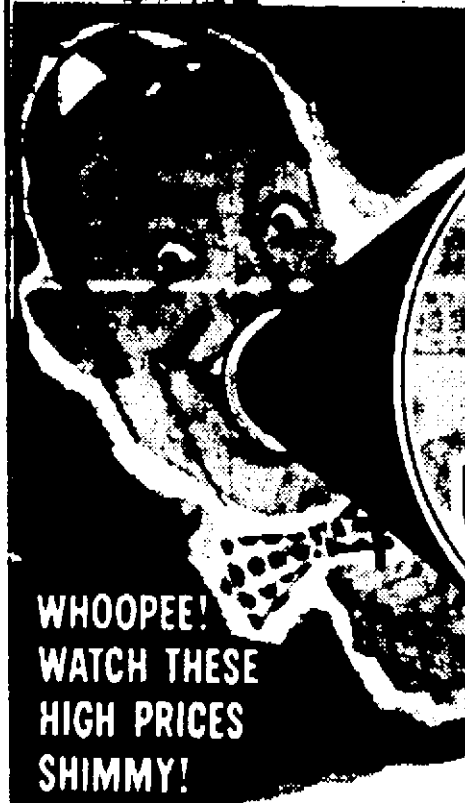

Ice Carnival Planned Sunday For Kaukauna

KAUKAUNA — The recreation department Winter Ice Carnival will get underway at 1:30 p.m. Sunday at the Tenth St. ice rink, according to James Gertz, recreation director.

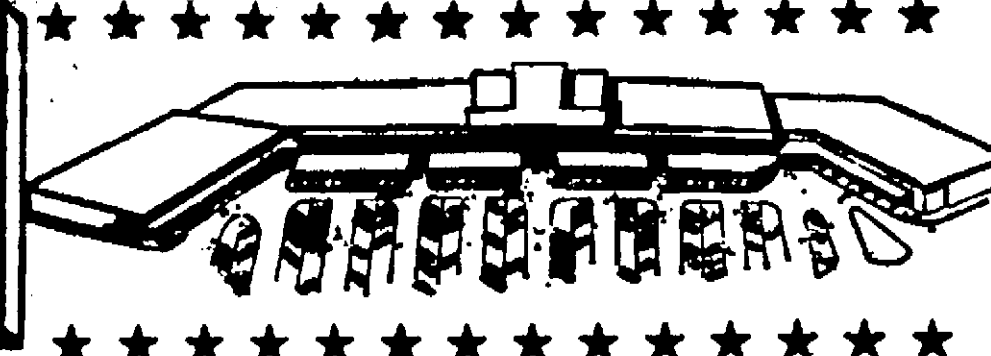

Races scheduled include 1-lap events for 7-year old boys and younger and a similar event for girls in the same age category. Boys and girls are to race separately in all divisions with the exception of the novelty races.

Midgits will have both 1 and 2-lap races. Juniors, 10 and 11 year olds, will have similar events while intermediates and juniors, ages 12 through 15, are to have 2 and 3-lap races. Seniors, over 16, will have a single 3-lap race. A program ball race for all but seniors will be a mixed event. In case of large entries in one event, heats will be run. Time the circuit court to override the state superintendent's decision if he rules against their appeal.

Inmate Gets 10 Years More

Jury Finds Youth Guilty of Hitting Reformatory Guard

Post-Crossed News Service
GREEN BAY — "The most dangerous inmate" in the crowded Wisconsin State Reformatory here received an added 10-year sentence at the institution Wednesday.

Michael C. Manson, 18, Milwaukee, received the maximum term of imprisonment for an attack with a heavy garden rake on guard Roger Wypyszynski, 25, within the walls of the institution last Aug. 9.

Manson was found guilty of the felony count of assault by a prisoner by a jury of six men and six women after a two-day trial Dec. 11.

"I think the jury's all prejudiced. I think I've been done an injustice," Manson told Judge James W. Byers before sentence was imposed.

The inmate also bitterly denounced Dist. Atty. Robert W. Warren.

Judge Byers disagreed. He told Manson the jury's finding of guilty was "based on the basis of the evidence" and that the prosecutor had done a competent job of placing all the facts before the jury.

Manson originally was found to be a juvenile delinquent in Milwaukee County Court July 15, 1958, after eight arrests for shoplifting and car theft. He was transferred from the Wales reception center to the Waukesha School for Boys and then to the reformatory after threatening to hit another inmate with a six-inch length of pipe and also attacking another boy was a screwdriver.

Manson, who attempted to slash his throat and wrists after attacking the guard at the reformatory Aug. 9, has been held in solitary confinement since then.

Village to Try New Method for Softening Water

LITTLE CHUTE — The village board Tuesday night voted to try a new water softening method for the village and authorized purchases to process the water.

Purchase of 125 cubic feet of amherlite sodium zeolite resin from Allis-Chalmers at a cost of \$2,429 was approved, as was sufficient gravel to provide a 15-inch gravel supporting bed for the 108-inch diameter softener. Cost of this was set at \$252.

The new softening process will be tried later this month or early in February. Cost of the program is expected to be in line with the former salt method, but water is expected to be softer.

Board members also approved a 15-cent per hour pay increase for women school crossing guards from \$1.25 to \$1.40 per hour.

Town of Woodville Will Charge Monthly Fee for Mobile Homes

ST. JOHN — The Town of Woodville board, by unanimous vote, passed an ordinance following a public hearing last night, approving a monthly rental fee of \$7 on all occupied mobile homes in the town.

The ordinance is effective Feb. 1. Fees will be collected monthly by the town treasurer, Walter Schmidt. At present, there are seven trailers in the town.

Purchasing Unit Asks Bids on Pick-Up Truck

KAUKAUNA — The purchasing committee is accepting bids on a three-quarter ton pick-up truck, bids to be opened at 9:30 p. m. Jan. 20.

The truck is to be delivered within three weeks after opening of bids and is to be used for the recreation and park department. Specifications are to be included in the proposal.

Yes, there are ways that work for many people and that may work for you, too, when you are blue and depressed. Try doing something nice for someone who is less well off than you are. Take a brisk walk to a place that always has brought you pleasure. Go shopping for something that you don't really need. Clean house or put the garage to rights. Work in the yard or straighten up the basement. Play some music that you like, go to a movie or go visit a friend. A change of scene or a little self-indulgence often helps lift a depressed spirit.

As for getting to the source of the depression, perhaps the booklet, "Tensions and How to Master Them," could help. A copy's yours for 25 cents and your name and address sent to this column, in care of this newspaper.

Can a sex maniac be cured?
 Yes— No—

This question was asked by a reader, Mrs. E. G. We must first ask, "What is meant by a 'sex maniac'?" Sometimes people, whose offenses are perhaps disgusting but are actually relatively harmless, are labeled as "sex maniacs." The only general answer that is possible is: "Sometimes they can and sometimes they cannot be cured." And, in many instances, the cure must be moral, rather than psychiatric.

(Copyright, 1953)

Lesson in English
 BY W. L. GORDON

Words Often Misspelled: Do not let, "I've got to write some letters." It is better to avoid the use of "got" in this sense. Say, "I have to (or, must) write some letters."

Often Mispronounced: Gneiss (a kind of rock). Pronounce as though spelled "nice."

Often Misspelled: Dingy (dull tarnished). Dingy (a small boat).

Synonyms: Politic (adjective), prudent, wise, sagacious, provident, diplomatic, judicious, cunning, wary, well-divined, discreet.

Word Study: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day.

Today's Word: Orthography, the art of correct spelling; the study of spelling. (Accent is on second syllable).

Lawrence Band To Present Concert Sunday

Fred G. Schroeder
Back as Conductor
Of College Group

Music for concert band is Sunday's fare in the fourth of the season's major ensemble performances on the Lawrence College campus. Fred G. Schroeder, conductor of Lawrence College Band, has prepared a program of contemporary music by some of the country's most gifted writers for wind ensemble. The 8:15 p. m. performance in Memorial Chapel will be given without charge.

The 75-piece band will be making its first concert appearance of the year, and the first with their regular conductor since his return from a European research leave in the spring of 1961.

Schroeder studied in Paris during the spring semester under a Lawrence College-sponsored leave. He also observed wind classes and talked with French instrument builders. The associate professor was replaced during this period by Joseph Henry, an Eastman School of Music graduate and Fulbright music scholar.

Sunday's program is representative of composers who, Schroeder says, understand the problems of band scoring.

They include composers Joseph Wilcox Jenkins, Clifton Williams, William Thomson, Frank Erickson and Wallingford Riegger. Another composer, Spaniard Joaquin Turina, is represented in an arrangement made by another highly skilled writer for winds, Alfred Reed.

Among the selections chosen the oldest is the 1913 work by Turina, "La Procession Du Rocio." The next oldest composition dates from 1956.

The Lawrence Band will open with Jenkins' "American Overture for Band," written in 1956. Schroeder says Jenkins' work is done with virile scoring and is built mostly on folk material.

Jenkins is a music theory in-

Council Frowns On Health Lab

Dr. Kagen Had Asked
For Use of Room in
City Hall Basement

The board of public works has frowned on a proposal by the health department to establish a laboratory in a basement room at city hall.

Dr. Marvin Kagen, city health commissioner, has repeatedly requested to use the room, formerly occupied by the blood bank, for a lab.

At budget hearings last fall, the common council appropriated money in the facility in the 1963 budget. Several years ago a makeshift laboratory had been located at the city hall but it was dismantled.

Mayor Clarence Mitchell and other board members took the position Tuesday that a health laboratory would result in a duplication of services. They cited that the water works plant has a modern lab and could be used by the health department.

In a recent report, Dr. Kagen told city officials the Appleton Health Department should be doing more testing of local eating and drinking establishments than it does in conjunction with the sanitation inspection program.

The board of public works will ask Dr. Kagen to attend its next meeting and outline his reasons for needing a laboratory at the city hall. The health department office is located in the building.

Lawrence to Meet Pair of MC Foes

St. Olaf, Carleton Play Here

Midwest Conference		W	L
Carleton	7	1	0
St. Olaf	6	2	0
St. Cloud	5	3	0
St. Mary's	4	4	0
St. John's	3	5	0
St. Thomas	2	6	0
St. Mary's	1	7	0

Friday's Games:
Carleton at St. Olaf,
St. Olaf at Lawrence.

Saturday's Games:
Carleton at St. Olaf (non-conference),
St. Olaf at Lawrence.

BY RALPH MUELLER
Post-Crescent Staff Writer

Lawrence College today began strengthening its western front in preparation of an invasion from Minnesota this weekend.

The Vikings are slated to play host to St. Olaf Friday night and Carleton Saturday afternoon. Victories over both foes would give the Lawrence team an excellent chance of moving into the first division of what appears to be one of the most balanced Midwest Conference races in years.

That strength on the western front could very well come from a sophomore jumping jack named Earl Hoover. The Zion, Ill. forward speared 13 rebounds and sparked the team in the early and late stages of its game with Ripon.

Hoover, who stands 6-4, was particularly effective after the 6-5 Luke Groser left the game on fouls. He carried the rebound load well and helped the Vikings to out-rebound the taller Redmen, 38-35.

Both of the Minnesota invaders have height. St. Olaf is led by a diminutive guard named Mark Aarnot. Aarnot, a 5-10 senior from Jackson, Minn., is the Midwest Conference's fifth best point-producer with a 19.7 average.

The Oles also have a dangerous front line performer in 6-6 sophomore Tom Malchow. Malchow, who hails from Aberdeen S.D., has a 16.6 average in league play.

Former University of Minnesota star, Bob Gelle, starts Fred Russler at a forward position on occasion. Russler, a former Oshkosh High School star, competes with Rollie Moe for an opening berth. Dennis Olson rounds out the starting lineup.

Carleton will present one of the toughest quintets in the circuit Saturday. The Carls are led by 6-7 Jim Motzko and 6-4 Dave Current. Both are among the loop's top 14 scorers and are the team's co-captains.

Current hits with an effective jump shot. He also is a fine ball-handler and rebounds with authority. Last season, he averaged 18.8 points per game. As a sophomore, he hit at a 17.3 pace.

Motzko is in his third year as a starter and is the team's leading rebounder. He is accurate from around the key.

John Turngren is the Carleton backcourt leader. The 6-foot senior usually has around 14 points per game.

Mike Tierney, a 6-4 junior forward from Whitefish Bay, and Ken Swanson, a 6-4 senior also available should coach Jack Thurnblad choose to send in more height.

Green Bay East	2	3	0
Sheshoygan North	2	3	0
Sheshoygan	2	3	0
Fond du Lac	0	6	0

Friday's Games:
Appleton at Fond du Lac,
North at West
Oshkosh at Manitowoc,
East at South.

BY JIM HARP
Post-Crescent Staff Writer

Still trying to shake a losing streak that began back on Dec. 26, the Appleton High School Terrors travel to Fond du Lac Friday night to duel the Cardinals in a Fox River Valley Conference test.

Coach Dick Emanuel's cagers

have skidded out of a tie for first place in the conference to where they currently are in a 3-way tangle for fourth.

Other games on Friday night's card will have Manitowoc (5-1) entertaining Oshkosh and Green Bay West (also 5-1) playing host to Sheshoygan North. Green Bay East will travel to Sheshoygan South.

Possession-type Game
Fond du Lac has dropped six straight conference games and ranks as the league's weakest offensive club with an average of just over 43 points per tilt. The Cardinals possession-type game has also kept opponents scoring down as Fond du Lac foes have averaged a little better than 56 per game.

Appleton ranks third in offense but currently sports the poorest defensive mark, having allowed foes a total of 379 points. The big 96-point mark Manitowoc hit against the Terrors two weeks ago is the major reason for the high average.

In what is designed to give the Terrors a needed lift in the rebounding department, Coach Emanuel has brought Neil Weber, 6-3 center, up from the junior varsity team. Weber has been averaging better than 12 points per game for the jayvees and has been a tower of strength off the boards.

Leading scorer for Fond du Lac this season has been Tom Smith who ranks seventh in the conference. Smith has 81 points in the six games.

The Terrors have three cagers in the top 13 in scoring. Brian Bock has the best output, 85.

VanderKelen Edges Taylor For Athlete of Year Award

'62 State Poll Develops Into 2-Man Contest

MILWAUKEE (AP)—The Big Ten's most valuable player and the National Football League's player of the year turned the 1962 Wisconsin Athlete of the Year poll into a two-man runaway.

And Ron VanderKelen, quarterback of the University of Wisconsin's Western Conference champions, emerged the winner by a narrow margin over Jim Taylor, fullback of the world champion Green Bay Packers, in the annual voting among the sports experts of Associated Press newspapers, radio and television stations.

The final count:
VanderKelen—130 points; Taylor 120.

The only other stars of 1962 to win mention were VanderKelen's Badger teammate, All America end Pat Richter; Warren Spain, the Braves' lefthander who added to his record as baseball's greatest living pitcher by taking over as the major league's top left-handed winner of all time, and Carol Sorenson, the pretty young Janesville golfer who won three important golf titles within a few weeks.

Unheralded Passer
VanderKelen, the unheralded passer who had played only 90 seconds of varsity ball in his previous three years at Wisconsin, threw himself to national fame, and very likely professional for-

White Sox Camp Plans Are Nearly Completed

Ball Club Buys 4 Acres of Lake Frontage

CHILTON — Negotiations by the Chicago White Sox to purchase land near Brothertown for

a summer boys camp are in the final stages.

Glen Miller, farm director for the Chicago baseball club, announced this week that four acres of Winnebago lake frontage property has been purchased from J. Wesley Tuttle, Milwaukee, and that the organization is now exercising its option to purchase some 56 acres of adjoining property from Gilbert Bowe, route 3, Chilton.

The availability of the lake frontage apparently proved the key to the baseball club's decision to establish the unique camp at Brothertown. The club held an option to buy the Bowe farm since late last summer but wanted access to Lake Winnebago, presumably for water recreation sports being considered for the camp.

The elaborate summer camp will be located almost directly south of Brothertown Harbor. Miller disclosed that it is the hope of Eddie Short, White Sox general manager, to get the camp into operation at least on a limited scale during the coming summer. It was originally the club's plan to establish a camp by 1964 but a break on a desirable site has apparently advanced the plans.

Hubert Schmidtkofer, Chilton, a

FVL Returns to Conference Play Co-Leading Fort Atkinson Invades Foxes' Gym Friday

Badger Lutheran Conference		W	L	OT
Fort Valley Lutheran	1	1	0	0
Lutheran	1	1	0	0
Winnebago Lutheran	1	1	0	0
Winnebago	1	1	0	0

Friday's Games:
Lutheran at Fort Valley,
Winnebago at Winnebago.

Fort Valley Lutheran will return to long-awaited Badger Lutheran Conference action here Friday night when it plays host to co-leader Fort Atkinson Lakeside.

The Foxes defeated Fond du Lac's Winnebago Lutheran, 59-38, Nov. 30 in its only previous loop action. On Dec. 14 Lakeside pulled even with the Foxes by scoring a 66-59 triumph over Manitowoc Lutheran.

Coach Gerry Kaniess' cagers have been keeping busy with non-conference tussles and currently own a streak of two in a row with victories over Stockbridge (57-52 last week) and Shiocton (51-44 Tuesday night).

The Foxes have a 4-6 record in overall play.

One of the key factors in the Foxes recent streak has been the improved play of sophomore Le-Ray Kieple. The little guard had 16 points against Stockbridge and nine against Shiocton.

The unexpected help from Kieple has helped make up for the loss of Verlyn Dobberstein. The high-scoring New London athlete is working out with the team and is expected to return to action by the end of the month.

Barry Wierschke and John Koschmann took turns holding up the front for the Foxes the last two games. Wierschke tallied 14 points, including some key free throws, against Stockbridge and Koschmann came through with 13 points against Shiocton.

Kaniess hopes that Don Arps and Larry Kahler can be of more service from here on. Arps netted four baskets at Shiocton, while Kahler has shown rapid improvement since the start of the month.

NBA East Team Defeats West All-Star Quint

Oscar Robertson,
Bill Russell Lead
115-108 Victory

LOS ANGELES (AP)—The East congratulated itself with utmost justification today on its 115-108 victory over the West in the National Basketball Association's annual All-Star game.

Many called it an upset. But, the way things turned out, this was no upset. Someone just picked the wrong favorite. And it irritated the East something awful.

What happened was that Oscar Robertson, Bill Russell and a host of less renowned pros of the East simply ran, passed and scored the pentatons off the West.

"I never had an easier game," said the East's coach, Red Auerbach.

The East opened the scoring on a basket by Tom Heinsohn of

Alex Says Wagers Were Cigarettes

Rozelle to Give Karras Chance To Explain Remarks on Betting

NEW YORK (AP)—Alex Karras, a rugged star on the Detroit Lions' celebrated defensive team, has a tough verbal scrimmage coming up today with Commissioner Pete Rozelle of the National Football League in the latest development of the pro football betting investigation.

Karras rekindled interest in the probe, which had been out of the headlines for the past few days, by admitting on television interviews Wednesday that he had bet on football games, including those he played in, although he said his wagers were limited to "a pack of cigarettes or a couple of cigars."

News of the first interview, taped Sunday by NBC for a Wednesday newscast, apparently prompted Rozelle to summon the big tackle to the commissioner's New York office for an explanation.

When contents of the interview were publicized several hours before the telecast, Rozelle announced:

Explains Remarks

"Alex Karras will be given an opportunity to explain the published remarks attributed to him.

Such actions as he admitted constitute a serious breach of a player's contract and the constitution and by-laws of the league."

An NFL player's contract says he can be fined and suspended for life or indefinitely, and-or have his contract cancelled for betting on games.

Rozelle would not confirm that a session was slated for today, in following the league's policy of refusing to discuss specific details of the probe. But in Detroit, Karras said he was flying in to see the commissioner today, and it also was learned he was booked on a morning flight from Detroit to New York.

The interview with NBC ended this way:

Question: Do you bet on ball games?

Answer: I have bet on ball games.

Question: Have you ever bet on a ball game in which you were playing?

Answer: Yes, I have.

In a followup interview with Dave Diles of WXYZ-TV in Detroit, Karras said he "never bet

more than a package of cigarettes or a couple of cigars and then I bet only with close friends. I never bet with a bookie or talked with one. I don't even know any bookies."

Lie Detector Test

The burly lineman also told Diles he was willing to "take a lie detector test, and added that he was coming to New York to see Rozelle and "cooperate in any way I can, telling him all I know."

Another Detroit player reportedly summoned to Rozelle's office, linebacker and placekicker Wayne Walker, denied he had been called. There also were reports that head coach George Wilson had flown here from Florida to confer with Rozelle, but the NFL chief refused to comment.

Walker would not say anything about teammate Karras' remarks on betting, but did say, "I never bet on any games—not even a college game."

Kimberly 15th In Initial WIAA Rankings

Wautoma, Hilbert Near Top of Small School Cage Listing

MADISON (AP)—Milwaukee Lincoln and Eau Claire Memorial, the teams that met for the 1962 state high school basketball championship, were ranked first and second in the Big 16 ratings announced today by the Wisconsin Interscholastic Athletic Association.

Lincoln, the reigning state champion, has a 10-0 record this year and a 30-game winning streak dating from December of 1960. Eau Claire has an 8-0 record this year.

In the Little 16, Shell Lake is ranked first with Waterloo in second place in the initial ratings made by the association this year.

- Big 16
1. Milwaukee Lincoln 10-0
 2. Eau Claire Memorial 8-0
 3. Milwaukee North 10-0
 4. Racine Park 9-1
 5. Watertown 8-1

CHEVROLET...the Quality truck!

WALK AROUND IT. SEE THE DIFFERENCES.

Start at the rear of this Fleetside pickup. Grab the tailgate and pull hard. No give. Two wedge latches keep it tight. Now unhook them and let down the gate. Jump up and down on it. Does it sag? Notice how the chains are wrapped in rubber so they won't rattle or mar paint.

Now look at the lower side panels. Two walls. You might dent the inside one but it won't show through. The floor will never rust. It's select wood, not metal.

Now please sit in the cab a minute. Comfortable? It also is double walled and the roof is insulated. Let's start 'er up and look for a washboard road. Chevrolet coil-spring suspensions fight road shock better than other types, good for the truck, load and the driver.

There are other things. But you can see why this is a truck that does a job without a lot of pampering. It's built right. Which is why it's usually worth more at trade-in. When would you like us to deliver it?

NEW 6-CYLINDER ENGINES

- New High Torque 200-cu.-in. Six—most powerful truck 6 Chevrolet has ever built. Standard in Series C60, optional at extra cost in lighter models.

Palmer, Player Favored in Meet

Bing Crosby's 22nd Annual Tournament Will Open Today

BY P. D. ELDERED
PEBBLE BEACH, Calif. (AP)—Arnold Palmer and Gary Player, respective winners of the year's first two tournaments and firing sub-par practice rounds here, were early favorites as Bing Crosby's 22nd National Pro-Amateur golf tournament opened today.

Neither Palmer, leading money winner in the last decade of golf, nor Player, the sharp-shooting star from South Africa, has captured this \$50,000 event previously. Yet both are currently scoring far better than Doug Ford, the New Yorker who won here last year in a one-hole playoff against Joe Campbell.

The lean Palmer, followed by a gallery of several hundred that will swell to thousands this week-end, proved the big attraction at Pebble Beach in a final warmup Wednesday. The power hitting Pennsylvanian toured the treacherous seaside layout in a 5-under-par 65. This performance included dropping one of his "spectacle" 25-foot putt on the ninth.

Three Courses
Palmer practiced this week on all three of the Peninsula courses being played in the Crosby competition—Pebble Beach, Cypress Point and the Monterey Peninsula Country Club.

As he came off the 15th Wednesday after barely missing a 10-foot try for his sixth birdie, Palmer said he was "playing a little better than I have"—a strong statement for a man who won the last tournament he played with a closing round 66.

The hard-driving Palmer never has fared too well in the Crosby. His best was a fourth place tie in 1961 when Bob Rosburg won. A light breeze came off Monterey Bay and a few clouds filtered overhead as he finished in bright sunny weather. But old timers warned "not to count on it staying that way."

The Crosby rarely misses coming up wet and stormy, and last year snow froze out play for a day. Forecasts for the weekend indicated rain might arrive before the golfers finish.

Player, who took the less difficult Monterey Peninsula course apart with a 9-under par practice tour Tuesday, lazed around Pebble Beach Wednesday in what was described as a "pickup 69"—or 3 under-par. That served notice the little man, who has been hitting spectacularly with new, lighter irons, could make it two in a row for 1963. He won the San Diego Open Sunday.

The Crosby goes four days to a Sunday windup, with 156 professionals battling for cash and matched with amateur partners from entertainment and other sports fields, for pro-amateur honors. The pros can fatten their money winnings in the pro-am.

VanderKelen Top Athlete

CONTINUED FROM PAGE 1

tune as well, by bringing the Badgers from far behind to a full panic finish against Southern California in the televised Rose Bowl Jan. 1.

He will receive the Red Dunn Memorial Trophy awarded annually to the AP poll winner by the St. Therese parish sports committee at a banquet to be scheduled later.

Before the performance that won him an assortment of Rose Bowl records, and the earnest attention of all the National Football League clubs who had passed him by in the NFL player draft a few weeks earlier, VanderKelen had brought the Badgers from pre-season regard as only a part of the Big Ten field at best to the title.

During the regular season, he attempted 168 passes, completed 91 for 1,181 yards and 12 touchdowns. He added 252 yards on 63 rushes for a total offense of 1,433 yards.

Taylor, in addition to his NFL player of the year award, succeeded his injured teammate, halfback Paul Hornung, as the league scoring champion. He collected 24 points in 19 touchdowns, which also was a league record for touchdowns.

The big fullback, hospitalized earlier this week with a liver ailment, also won the league rushing championship and, in his fifth season, eclipsed Tony Canadeo's all-time Packer record.

Rams Sign Fourth And Fifth Draft Picks for 1963

LOS ANGELES (AP)—The football Los Angeles Rams have signed their fourth and fifth-round draft choices to 1963 contracts.

General Manager Elroy Hirsch said Wednesday that Memphis State halfback John Griffin and 114 points in 19 touchdowns, which also was a league record for touchdowns.

The big fullback, hospitalized earlier this week with a liver ailment, also won the league rushing championship and, in his fifth season, eclipsed Tony Canadeo's all-time Packer record.

Terrors Seek End to Loss Streak Friday

CONTINUED FROM PAGE 1

points, to rank sixth. He is followed by Mike Weather with 70 and Gary Hietpas with 68.

Double Figures
Back is one of five players in the league who have hit in double figures (scored 10 or more points) in each of their conference games. Others in the select group are Smith of Food of Lac, Tony Kaborod, South, John Drew, West and Tom Stroede, Oshkosh.

Stroede is the leading scorer in the conference with 115 points followed by Drew with 107. South was hurt offensively this week when starting center Tom Nick submitted to surgery Tuesday and will be out the rest of the season.

Charlie Powell Gets Big Chance Against Clay

LOS ANGELES (AP)—California heavyweight Charlie Powell, who has had a variety of luck since he quit professional football, leaves Thursday for Pittsburgh for what might be his last big chance in the ring.

The towering Powell meets undefeated Cassius Clay Jan. 24 in a charity show sponsored by Pittsburgh's Dapper Dan Club.

Stephen (Suey) Welch and trainer Eddie Futch will accompany Powell, who formerly played defensive end for the San Francisco 49ers of the National and the Oakland Raiders of the American Football League.

"He's in good shape and I hope ready for Clay," said Welch, who has nursed Powell along for six or more years.

Powell watched Clay when he knocked out Archie Moore here in December.

"I think Clay can be hurt. I'm not so sure he can take a real good punch," Powell declared.

They'll Do It Every Time

Grandall 10th in Poll

Robin Roberts Cited as 1962's Comeback Player of the Year

BY JIM BECKER

Associated Press Sports Editor
Robin Roberts, who hit the end of the trail with the Philadelphia Phillies and then was dropped before he threw a pitch for the New York Yankees, was named today as the athlete who made the greatest comeback of the year.

Roberts, who found new life with the Baltimore Orioles and wound up second in earned run averages in the American League, edged another baseball veteran who sprang back from a bleak campaign, Stan Musial, in the annual Associated Press poll.

The Oklahoma football team, bouncing back to an Orange Bowl berth, took third spot. The San Francisco Giants, given up for dead before they battled back to win the National League pennant from the Los Angeles Dodgers in the last inning of the last playoff game, were voted fourth.

The University of Southern California Trojans, national football champions and leaders of a West Coast gridiron comeback, got the fifth spot.

Roberts explained his comeback this way: "The biggest thing was the opportunity I got to pitch, and an adjustment in my style of pitches—more changes of speed."

"I was trying to come up with something for a long time I just happened to pick it up last year. There was no one moment when anything great happened, it was more or less steady improvement."

Roberts gained 114 first place

votes and a total of 506 points, based on a 3-2-1 point count, in the voting by 352 sports writers and sportscasters throughout the nation.

Musial was named at the top of 90 ballots, and had 418 points. Oklahoma was the top choice of 43 voters and got 368 points. The Giants and the Trojans had eight first place votes each, with San Francisco edging the collegians by 76 to 56 points.

Roberts, now 36 and one of the most admired and respected men in sports, parted from the Phillies after a dreadful 1-10 campaign in 1961. He had 20 for six straight years and pitched the opening game for the Philadelphia club 12

times but he finished the 1961 season with a 5.85 earned run average and was clearly finished with the Phillies.

Bob Carpenter, Phils owners, retired Robin's uniform number and sold him to the New York Yankees for one last fling. The Yankees let him go on May 8 without letting him pitch a ball in a regular game.

It looked like the end, but the Orioles signed him on May 21, and he was superb for them all year, although he finished with a 10-9 mark. Roberts pitched well almost every time out and his 2.78 earned run average was second only to Detroit's Hank Aguirre.

Musial, now preparing for another season at the age of 42, bounced back to a .330 batting mark and tied the major league record by hitting four consecutive home runs in 1962. Musial had not hit over .300 since 1958, although his lifetime mark is .333.

The football Soons, winners of 47 straight in 1953-57, had fallen on evil days. They were 3-6-1 in 1960 and 5-5 in 1961. Then they lost two of their first three in 1962, but stormed back with eight straight to earn an Orange Bowl berth, although Alabama whipped them 17-0.

The voting, based on three points for first, two for second and one for third, with first place votes in parentheses:
1. Robin Roberts, Baseball (114) 356
2. Stan Musial, Baseball (90) 418
3. Oklahoma, football (42) 368
4. San Francisco Giants, Baseball (8) 76
5. Southern California, football (8) 76
6. Washington Redskins, football (4) 54
7. Billy Pierce, Baseball (2) 42
8. V.A. Little, football (2) 42
9. Nebraska, football (2) 42
10. Del Crandall, baseball (2) 33
Others receiving first place votes: Indiana, football; Hank Aguirre, baseball; Buffalo Bills, football; Wisconsin, football; Denver Broncos, football.

In American League action at Jerry's, Jerry Vander Velden hit 238-636 and Dick Williamson hit 245-585 to pace action.

Other high counts were registered by Wayne Kilsdonk, 591; Cliff Sanderfoot, 571; Norbert Van Dyke, 554; Melvin Biese, 550; and Joe Van Cuyk, 531.

Reuss Attacks Season on Sandhill Cranes

WASHINGTON (AP)—Hunters who can't tell a whooping crane from a sandhill crane were blamed by a congressman Wednesday for killing six of the last 38 whooping cranes left in the world.

And the fault lies with the Department of Interior, said Rep. Henry S. Reuss, D-Wis., for allowing an open hunting season on the sandhill crane in Texas and New Mexico.

The department reported Tuesday that the population of the nearly extinct whooping crane had apparently dropped from 38 to 32.

"I am confident that what happened," said Reuss, "is that the trigger-happy Texas and New Mexico hunters who were shooting at sandhill cranes last fall accounted for the six missing whooping cranes."

Reuss said in the two years hunters have been allowed to shoot the sandhill crane, some 3,500 had been killed. Only the most knowledgeable bird watcher can tell a whooping crane from a sandhill crane, he said. He urged closing the season on sandhill cranes.

State Will Receive Public Works Funds

WASHINGTON (AP)—Wisconsin will receive \$48,879 from a \$4 million fund being distributed among the states by the Interior Department to finance fish and wildlife facilities under the accelerated public works program. It was announced Wednesday. The states must provide matching funds for the program.

long time friend of Miller, provided the suggestion that led to the Chicago eventual decision to locate the camp at Brotherhood.

Miller said that he studied at about 15 other Lake Winnebago sites and many more in northern Wisconsin but found the Brotherhood area by far the most suitable.

Chien president, Arthur C. Allyn, conceived the idea of a summer baseball camp for boys. It is an effort to fill the gap left by the disappearing minor leagues and provide a reservoir of baseball talent.

Present plans call for the camp to handle about 200 boys between the ages of 8 and 16. It will consist of cabins, a large dining hall, lounge and other recreation buildings. Outdoor facilities will consist of at least three baseball fields, tennis courts, football and soccer fields. Other sports planned are water skiing, boating, basketball, fishing and horsemanship but the emphasis will be on baseball.

Camp Personnel

We hope to make it one of the outcasts'ing boys camps in the country, Miller said. Top-flight coaching and camp personnel are included in the plans.

Boys attending the camp will pay a regular tuition and the club already has applications from all over the country, Miller said.

By giving the boys solid coaching, it is hoped to develop major

St. Olaf and Carleton Visit Viking Pool

After accepting two wins last weekend, the Lawrence College swimming team is ready for the invasion of St. Olaf and Carleton Friday and Saturday. The Olaf are here for a 4 p.m. meet Friday while Carleton, the conference power, is here at 1:30 p.m. Saturday.

St. Olaf has not been strong thus far this year, but the Carls have. Carleton is the Midwest Conference favorite and will provide the Vikings with their strongest test of the year.

The double win — a 60-20 conquest of Knox and a 60-35 win over Monmouth — brought Coach Gene Davis' team to a 2-1 season record.

Byron St. Louis Rolls 578 Series

SHERWOOD — Rollie Hackbarth fashioned a 528 game and Byron St. Louis had a 578 series to share honors in the Sportsman's League at Michael's Bowl.

Hackbarth finished with a 580 series for the only other honor score.

The Village Bar (33-18) is in first place with Birling Dairy second, 1 1/2 games out.

Wayne Hardin to Continue as Head Football Coach at Navy

PEBBLE BEACH, Calif. (AP) — Wayne Hardin said Wednesday he would continue on as head football coach at Navy but added "turning down the Stanford offer is the toughest decision I ever had to make in my life. Both are wonderful institutions."

Hardin's statement comes on the heels of an earlier statement by Capt. William S. Bault, director of athletics at the Naval Academy, who said: "We want to put on end to the speculation concerning the Naval Academy football coaching job."

Map Plans

"Wayne Hardin will fill that position in 1963 so he has the past four seasons," Bault said. Hardin, who played for the University of the Pacific, would return from the

NBA East '5' Defeats West

CONTINUED FROM PAGE 1

At halftime it was 30-20, and the score was much closer than the contest. For example, 3 minutes and 30 seconds before the buzzer the West's great Elgin Baylor had scored his first and only field goal of the entire first half.

Robertson went on to lead the East in scoring with 21 points. Russell, who had 19, bottled up the West attack and won the Most-Valuable-Player award for the evening.

The shining light for the West was Bob Pettit, with a game high of 25 points. This was the veteran St. Louis Hawk's 10th All-Star game.

The thing that shocked the local boosters among the crowd of 14,838 was the frigid performance of Baylor and Jerry West of the Los Angeles Lakers.

Baylor sank 24 out of 15 field goal attempts, and 9 of 13 free throws for a total of 17 points. West hit on 5 out of 15 field goal tries and 3 out of 4 free shots for 13 points.

The West's coach, Fred Schaus of the Lakers, observed: "Bill Russell dominated both boards. We did a good job on Wilt Chamberlain."

Use the "Kick-Turn" for climbing steep slopes. Toni begins a downhill kick-turn by lifting his downhill ski (1), shifting his weight and bringing his uphill ski around (2) and completing his turn (3).

Ski With Sailer Climb Herring-Bone Style

BY TONI SAILER

All ski trails end in a Christiania. It brings you to a halt where and when you wish.

The Christiania can be tagged to the Stem Turn as well as to the Stem Swing and Parallel Swing.

It's as easy as that. Following your last turn, keep your skis parallel and swing your body into an uphill turn, at the same time pressing your heels with the rear ends of the skis outward and edging hard.

Now, one more word about climbing.

Where the slope is not too steep, you climb in herring-bone fashion. Legs straddled, ski tips wide apart, ends close together, you lift (not pull) your skis. Arms and poles push you ahead from behind the binding.

Two Steps

Where the slope is too steep, you climb it in traverses or in side steps.

Between traverses you do the so-called "kick-turns."

The downhill kick-turn is the safest. Start from traversing position with skis horizontal. Your weight rests on the UPHILL ski

Toni Sailer Shows how to leave a cross-hatch pattern in the snow as he climbs a moderate slope in herring-bone fashion.

— this being the only maneuver where it doesn't rest on the downhill ski. Then lift the downhill ski and put its rear end down so that the sole points ahead. Then, turning your body around and facing downhill, put both poles behind you for support and swing

Cincinnati, Bradley Will Clash Tonight

Virginia Tech 41-Game Home Win Streak Snapped

Cincinnati moves into the lion's den tonight. The lion is worried. The top-ranked Bearcats, unbeaten in 31 basketball games dating back to the last time they stepped into Bradley's lair at Peoria, Ill., will be out to clip the lion's tail tonight and snap a five-year losing string at the Bradley home court.

Commenting on Bradley's chances of maintaining its superiority over Cincinnati at Peoria, Braves' Coach Chuck Osborne cast a vote for himself as Realist of the Year when he figured out his team's chances this way: "For us to win, it would take our best shooting of the year, we would have to be close to breaking even on the boards, give our best defensive performance and have some good luck."

Cincinnati Assistant Coach Tay Baker, who scouted Bradley twice, isn't concerned about lions carrying rabbit's feet, even at Peoria.

Can Be Beaten

"I think that Bradley can be beaten there," he said. "I've seen them beaten at Peoria. We have no fear or apprehension about playing up there, but we'll have to have an outstanding effort to win."

It'll be a tough Missouri Valley Conference test for Cincinnati, 13-0 this season and all-conquering since a 70-68 overtime loss to Bradley at Peoria, Jan. 10, last year. In five games over the last five years, the Bearcats have been unable to beat the Braves on their home floor.

One home court string went by the boards Wednesday night when

Furman knocked off Virginia Tech 64-41 in a Southern Conference game, ending the Gobblers' 41-game home victory streak dating back to Feb. 7, 1958.

In other conference activity, North Carolina edged North Carolina State 67-66 in an Atlantic Coast game on Larry Brown's jump shot with 4 seconds left in overtime. Harvard defeated Dartmouth 30-35 in an Ivy League clash and Morehead beat Western Kentucky 87-71 in the Ohio Valley.

Elsewhere, ninth-ranked West Virginia whipped Penn State 80-73 as Mike Wolfe scored 30 points, sophomore Fred Hetzel tallied 35 in Davidson's 66-56 triumph over Wofford. Wittenberg upset Dayton 48-45, DePaul belted Notre Dame 83-69 and Louisville defeated Xavier, Ohio 75-66.

Schmitz Records 624 Series in Couples League

Bob Schmitz smacked a 264 singleton and a 624 series to set the kepling pace in the Bird Couples League latest action.

Women also came through with some good scores as Jackie Brinkman bagged a 549 series, Nina Rehfeldt had a 206 game and Deb Eastman powered a 197 game and 512 series.

Other high scores for the men included a 579 series by Wally Winters and a 236 game by "Hub" Horn. The Skylarks (21-12) have a one game lead over the Flickers.

1908 Olympic Winner Still Going Strong At the Age of 84

LONDON (AP) — Joe Deakin, who won the 3-mile race in the 1908 Olympics, is still going strong at the age of 84.

The octogenarian won a 3-mile race over snowbound roads in the Christmas handicap of the Surrey Athletic Club.

Although given a start over young competitors, Deakin beat most of his rivals in time of the race with a clocking of 18 minutes 39 seconds.

"I'm improving," Deakin said. "My time is better than when I was 80."

Temperature Drop Forecast For Friday

CONTINUED FROM PAGE 1

an hour. It was -15 in nearby Madison.

In Minnesota, a reading of -38 was reported in International Falls and -16 in Duluth. Minneapolis with six below, had its warmest morning this week.

In the Northeast, lowest temperatures appeared to be confined to Maine, with -25 in Old Town, -21 in Milliswick and -18 in Montpelier, Vt. The cold air also swept into New York State Wednesday, dropping temperatures to subzero marks, with records for the date in some cities. But readings generally were above zero this morning.

Outside the cold belts, temperatures were mostly in the teens to the 20s in interior sections of the country. They were in the 30s and 40s along the Pacific Coast and most of the central and southern sections of the Atlantic Coast.

Most of Southern California, southeast Texas, and the Gulf coastal region had marks into the 50s, with 70-degree readings in southern Florida. The moderating trend continued in the Southeast with early morning lows mostly in the middle and low 20s in Tennessee, north and central parts of Alabama and Georgia and most of the Carolinas. The upper 30s were reported in a few spots in northwest Florida.

Snow was indicated during the day from northern Idaho into northern Nevada, Utah and Colorado eastward through Montana, the Dakotas and southern Minnesota. The snow belt also was expected to cover areas across eastern Wyoming, eastern Nebraska and extreme northwestern Missouri.

U.N. Embarrassed By Mistake Made In Protocol

Chicago Daily News Service

UNITED NATIONS — A protocol officer's nightmare occurred here when the Yemen delegation received the January edition of the U.N. list of permanent missions.

Yemen Ambassador Muhiin Ahmad Al-Aini "protested vehemently," Arab diplomats report, when he saw the name of alternate representative Ahmad Zahrarah next to his own on the Yemen delegation list.

The two men had a public name-calling dispute in the last hours of the 116-nation U.N. assembly session over which had a right to vote and speak here for Yemen.

Al-Aini, of the revolutionary Yemen Arab socialist government of President Abdullah Sallal, won the fight after Washington had recognized the Sallal government.

Zahrarah represents the Imam of Yemen, who is fighting to retain his throne backed by Saudi Arabia and Jordan.

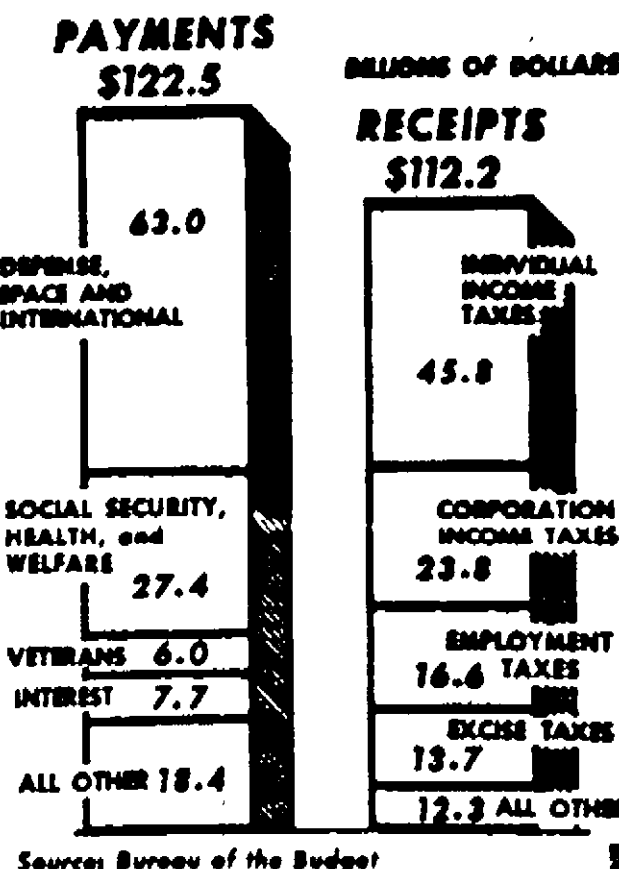

Embarrassed U.N. protocol officers broke precedence by issuing a mid-month correction. It substituted Dr. Abdul Wahed Kherbush for Zahrarah, as Al-Aini's alternate.

Widow Dies of Smoke Inhalation

DANBURY, Wis. (AP) — Mrs. Elva Wahlgren, 62, a widow who lived alone, died of smoke inhalation Wednesday as flames destroyed her two-story frame home during below zero weather. Her body was found two feet from an outside door.

Mrs. Wahlgren had telephoned a neighbor saying she had discovered flames and smoke in an upstairs bedroom. Rescuers were driven away by smoke and heat. Cause of the fire was not determined.

THE FEDERAL BUDGET FISCAL YEAR 1964 ESTIMATE

This is a chart showing President Kennedy's "cash" budget for fiscal 1964. It is larger than the \$98.8 billion regular budget sent to Congress for approval, because it includes funds Congress doesn't appropriate. These are the payments into and out of giant trust funds which the government holds, but doesn't own — social security, unemployment compensation, veterans life insurance and others. (AP Wirephoto Chart)

Actor Wins Right to Visit Adopted Children

SANTA MONICA, Calif. (AP) — Actor Gary Merrill has won the right to visit two of his adopted children—but over the bitter objections of his ex-wife, actress Bette Davis.

A Superior Court judge ruled that Merrill, 47, can have his adopted son, Michael, 10, on alternate weekends and some holidays.

The actor also can make reasonable visits to their daughter, Margot, 12, who is in a school in Pennsylvania.

But, the judge said, Merrill cannot visit the children while "under the influence of alcoholic beverages."

Merrill and Miss Davis were divorced in Maine in 1960 after 10 years of marriage.

But, the judge said, Merrill cannot visit the children while "under the influence of alcoholic beverages."

Merrill and Miss Davis were divorced in Maine in 1960 after 10 years of marriage.

Congress Gets Record \$98.8 Billion Budget

CONTINUED FROM PAGE 1

from the stimulus of a cut in rates. And despite this loss, receipts actually will increase \$1.4 billion from the 1960-61 estimate of \$98.5 billion because of an enlarged economy.

Special Message Later

Then Kennedy sought to rebut conservatives in Congress who decried rising deficits as fiscal irresponsibility and are reluctant to cut taxes when the government ledger is in the red.

Nowhere did Kennedy name the effective date in 1963 on which he based his projection of a tax cut's effect on revenues. He held back most details for a special message to Congress later this month.

Declaring false economy would jeopardize the national interest, Kennedy recommended increased spending for defense and space efforts.

For all other programs combined, his recommendations were slightly under the current total. Individually, some were higher—such as health, labor, welfare, education, housing and community development. Others—farm, postal and shipping subsidy programs, for instance—were lower, and the decreases more than offset the increases.

Proposed over-all defense

spending of \$98.4 billion would absorb 25 cents of every tax dollar, but Kennedy asserted: "There is no discount price on defense."

The total, up \$2.4 billion from the current year, includes \$61 billion for the Pentagon, \$2.8 billion for the Atomic Energy Commission, \$1.6 billion for military aid abroad and the balance for stockpiling, selective service and the like.

If Congress approves, expenditures aimed at leading a man on the moon in this decade and exploring faraway planets will go up 75 per cent, from \$2.4 to \$4.2 billion.

Plan Not Detailed

Pending a separate message, Kennedy withheld details on his education program. He didn't tell whether he again will recommend federal aid for school construction and teacher salaries, a proposal spiked on the religious issue in the last Congress. But he said spending should rise \$100 million to \$1.5 billion and he requested a doubling to \$3 billion of appropriations for immediate and future use.

In another controversial field, he suggested total spending of \$3.75 billion on foreign aid. This would include \$2.3 billion for economic

Thursday, January 17, 1963 Appleton Post-Crescent A4

crease of \$100 million in the entire program. He asked for an appropriation, however, of \$1.5 billion. That's just about what he asked for a year ago. Congress cut out a billion.

For all functions of government, Kennedy suggested new appropriations of \$98.8 billion. These are the figures Congress debates. Appropriations control much of current spending, although part of the nearly \$90 billion Kennedy proposes to spend has been previously authorized.

The President faces opposition to both his spending and tax plans because of the debt they will create.

Bobt Lighth Entended

Last year Congress raised the temporary limit to \$90 billion, providing for a drop to \$80 billion next April 1, to \$90 billion on June 25 and back to the permanent ceiling of \$285 billion on July 1.

To cope with conditions as he sees them, Kennedy urged a prompt extension of the \$90-billion limit through June 30. He said he would seek a further increase for the next 12 months. The present outlook, he said, is for a debt of \$315.6 billion at the end of that period. He postponed making a specific request, however, until a more reliable estimate is possible.

Before getting into the next fiscal year, Kennedy called on Congress to appropriate another \$3.9 billion for the current year. He said that much is needed to pay

Union Caucus Breaks Up Talks on Strike

NEW YORK (AP)—The stalemate between striking printers and the publishers of the city's nine major dailies and New York's newspaper blackout into its 41st day today.

A joint meeting of both sides Wednesday broke up when the printers' negotiating team left for a caucus, whereupon the publishers' representatives walked out.

Amory H. Bradford, vice president of the New York Times and chief negotiator for the Publishers Association of New York City said as he quit the meeting: "We are ready to resume meetings when the union is ready to negotiate. We are always ready to meet at the call of the mediators."

For legislation passed in 1953 without adequate financing.

For 1963-64 spending, he made these additional recommendations in what is known as the administrative budget:

Agriculture—\$6.7 billion, down \$1.1 billion.

Natural resources—\$2.5 billion, up a billion.

Housing and community development—\$200 million, down \$200 million.

Health, labor and welfare—\$5.6 billion, up \$700 million.

Jays, Neenah Try to Halt Two Rivers
The Mid-Eastern Conference will play a double round of games this weekend. Kimberly will be at Two Rivers Friday night, and the Raiders visit Neenah Saturday.
Menasha, still in the thick of the battle for first place, meets a pack of second-division teams. New London and Shawano Neenah also has designs on the lead spot and the Rockets will meet Kaukauna in addition to Two Rivers.
Kimberly and Neenah junior varsity teams will try to put a era.

University of Dayton Frosh Cager Dies Near End of Game
DAYTON, Ohio (AP)—Thomas Luppe, a lanky 6-foot-5 center of the University of Dayton freshman team, signaled for a time out with 1 1/2 minutes to play in the game with Wright-Patterson Air Force Base at the University Fieldhouse Wednesday night.
The 19-year-old Pittsburgher turned toward the bench, staggered and collapsed to the floor. He was dying.
Three doctors worked over Luppe for 25 minutes, right out on the basketball floor, as some 3,000 hushed spectators watched. The Rev. Charles Collins and the Rev. Edmund Rhodes of the university administered last rites of the Roman Catholic Church.
Finally Luppe was taken to Miami Valley Hospital. He was dead on arrival.
Natural Causes
An autopsy by the Montgomery County Coroner's office disclosed that Luppe died of natural causes. The report said he had an enlarged heart caused by a rheumatic fever siege when he was 7, and that his heart simply failed.
The boy underwent heart surgery in Cleveland's Mt. Sinai Hospital in 1954. Afterward, doctors let him participate in sports. He played four years of high school basketball and two of baseball without ill effects. He was outstanding in basketball and was counted on as a future Dayton Flyer regular.
Father Collins, dean of students and director of the university athletic committee, notified Thomas' parents, Mr. and Mrs. Edward

Cubs Add Pair to 'Satisfied' List
CHICAGO (AP)—The Chicago Cubs had 25 of their 29 listed players under contract today with the signing of two rookies, first baseman Mack Kuykendall, 19, and shortstop Mark Newman, 21.
Kuykendall, a .364 hitter at St. Cloud, Minn., led the Class C Northern League in homers last season with 13. Newman hit .385 for Lewiston, Wash., in the Class B Northwest League. He was drafted last fall from the Kansas City A's organization.

Linns, Tigers, Lions Score Victories
The Rams, the Tigers and the Lions opened second-round action in the Appleton YMCA Grade School Boys Basketball League with victories.
The Rams downed the Beavers, 13-4, the Tigers topped the Bears, 12-10, and the Lions defeated the Wolves, 24-17.
Tom Jones, of the Lions, took point honors for the day with 18. Ken Zalis scored 12 for the Tigers.
Saturday, the Lions meet the Beavers, the Bears dual the Rams and the Wolves tangle with the Tigers.

Pond '5' Downs Retson, 99-55
Zussman's, Norm's Also Register YMCA Victories
Marty Schultz scored 31 points for Retson's but Pond's kept up a steady flow of points to grab a 99-55 victory in the opening of second-round play in the Appleton YMCA Men's Basketball League.
Zussman's defeated Leath's 64-59, and Norm's Color Shop bested Berggren's, 62-51, in other league action.
Jim Siebers led the Pond attack as it produced 20 or more points in each quarter. Jeff Vandervelden connected for 24 points for Zussman's while Marty Schlegelmelch tallied 25 for Leath's.
Ron Abel sank 11 field goals to pace Norm's, and Warren Polman threw in 21 points to pace Berggren's.
Norm's and Pond's will clash at 8 p.m. in the feature game of Monday's slate. Leath's and Retson's tangle at 7 p.m. and Zussman's and Berggren's battle at 9.

Name Dick Groat Winner of Annual Eddie Dyer Award
HOUSTON (AP)—Dick Groat, National League All-Star shortstop last year, has been named the winner of the Eddie Dyer Award for outstanding leadership qualities.
Groat, named to receive the award by the Houston chapter of the Baseball Writers Association of America, will be honored at the third annual baseball dinner next Tuesday.
Groat was recently traded to the St. Louis Cardinals by the Pittsburgh Pirates.

KRA Archers Start With Victory Over Racine Team
KIMBERLY — The Kimberly Recreation Association archers got off to a flying start in defense of their State Mail Match Archery championship by edging last year's runnerup, Racine, 3,168 to 3,128.
Ken and Don Bodway paced the KRA squad as Ken posted a 802 score and Don had 796. Rounding out the 4-man squad was Glen Peterson with 792 and Ray Racette had 776.
L. Flamino led Racine with an 802 and former international archery champion Jim Caspers followed with a 786.
This week's KRA opponent will be Green Bay. The club also has entered four teams in the National Olympic Mail Matches. Last year the No. 1 squad won the open division, team No. 2 placed fourth and team No. 3 was seventh.

KRA	Racine
Ken Bodway 802	L. Flamino 802
Don Bodway 796	Jim Caspers 786
Glen Peterson 792	Ray Racette 776
Total 3,168	Total 3,128

Jan Natrop Hits 537 Series in South Side Loop
Jan Natrop smacked a 537 series for the only honor score in the South Side Ladies League at the 41 Bowl in recent action.
Siesta Club (37-14) lost three games but held first place by a 2 1/4-game margin over Gil and Alma's.
"Sheet" Reichert slammed a 308 game and 327 series to lead the Kitchen Chesters League at Hahn's Lanes recently.
Johnson Cleaners (31 1/4 - 18 1/4) is in first place. The only other honor score was a 191 game by Bernice Grey.

Valery Brumel to Wed Next Week
MOSCOW (AP)—Valery Brumel of Russia world high jump record-holder will be married next week, Tass agency said Wednesday.
Brumel who leaves Jan 24 for another invasion of the United States, will marry a Russian gymnast. She was described as a small, pretty blonde who earned the title of Master of Sport Tass identified her only as Marina.
Brumel raised his own high jump standard to 7 feet 5 1/4 inches last Sept. 20.

IT'S THE CAT'S MEOW! ALL CHICKEN

take it from the kids—
"We all like Mrs. Gross Soup BETTER..."
... except Billy, he's a wild one!

ABOUT 1,000 kids tasted Mrs. Gross' brand 8 out of 4 preferred Mrs. Gross Number 4 probably hated soup anyway.
THE "ALL-AMERICAN" INGREDIENTS FOR MRS. GROSS SOUP BECAUSE:
It tastes home made—mild, pleasing, soothing.
It has more flavor—because it has the exclusive Golden Nugget with its sealed-in chicken flavor.
It has more noodles—50% more.
AND it's so economical—25% more soup than other mixes.

Why not let Mrs. Gross make the soup in your house?

Try all Mrs. Gross soups: Chicken, Beef, Pork, Corn, Vegetable, Beef, Beef, Tomato, Beef, Beef.

BIG JO FLOUR
A tantalizing flavor of orange and a crunchy topping of sugar and walnuts. You'll find these Orange Walnut Muffins are extra delicious because they are made with Big Jo Flour.
For over 75 years Midwest homemakers have praised Big Jo as their secret of better baking. You will, too, once you've tried it. Big Jo Flour is pre-sifted, so you need never sift again for anything you bake. Buy Big Jo at your grocer's now!

BIG JO FLOUR
A Product of International Milling Company

YOUR NEWS QUIZ
PART I - NATIONAL AND INTERNATIONAL
Give yourself 10 points for each correct answer.

- 1 President Kennedy remarked that the Mona Lisa was the "second lady the people of France had sent to the U.S. although she would not stay as long as the first." The "first" lady was
a—the Statue of Liberty
b—Mrs. Kennedy
c—La Gioconda
- 2 The President gives Congress a State of the Union message as
a—ordered by the Constitution
b—part of our tradition
c—ordered by Congress
- 3 In a victory for the President, the House of Representatives permanently established the House Rules Committee as a member body.
a—12 b—15 c—20
- 4 The new five cent postage stamp showing the White House and the American flag is unusual because
a—it's the first five cent stamp printed
b—it's a duplicate of a three cent stamp
c—no words are printed on it
- 5 The U.S. and the Soviet Union advised the UN Secretary-General that no Security Council action on is required at this time.
a—the Congo b—Cuba c—South Viet Nam

PART II - WORDS IN THE NEWS
These words will be found in news stories about the 86th Congress. Take 4 points for each word that you can match with its meaning.

- 1-majority party a-messenger
- 2-page b-block action on a bill by speechmaking
- 3-filibuster c-meeting of party leaders to decide policies
- 4-whip d-the Democrats
- 5-caucus e-makes sure party members are present

"FOOTBALL is my dish—so is BROADCAST CHILI"

PAUL HORNUNG
Star Halfback of the Green Bay Packers,
finds taste excitement in BROADCAST CHILI

Top sports stars go for meaty Broadcast Chili. So will you. It's real, honest chili—yet mild enough for your whole family. It's a taste of excitement! Serve it soon!

Madison Cheese
MADISON (AP)—Wisconsin cheddar cheese market today steady, demand mostly fair; supplies generally ample; good inquiry on aged blacks. Prices: cheddars 24-30; 40-pound blacks 26-30; single cheeses 27-37; longhorns 21-30; milds 28-30.

Wisconsin Swiss cheese market: steady; demand slow to good; offerings of grade A blocks light to moderate; lower grades about adequate to short. Prices: clocks: grade A 43-44; grade B 42-44; no C prices.

Bonded Livestock
Calves — Strong to \$1 higher. Choice to prime 30.00 to 35.00; good to choice 27.00 to 30.00; standard to good 23.00 to 27.00; three-cuts 20.00 and down.

Cattle — Strong. Canners and cutters 11.00 to 14.00; utility cows 13.00 to 15.00.

Dairy Heifers — Steady. Utility to commercial 17.00 to 19.00; canners and cutters 14.00 to 16.00.

Bulls — Steady. Cutters and utility 15.00 to 18.00; commercial 18.00 to 20.00.

Hogs — Steady. Butchers, 180-240 lbs., 15.25 to 16.25; sows 11.00 to 14.00; boars 10.00 to 11.00; stage 10.00 to 13.00.

Sheep — Steady. Prime lambs 17.50 to 18.50; good to choice 14.00 to 17.00; utilities 9.00 to 14.00; ewes 4.00 and down; old bucks 3.00 and down.

Seymour Livestock
Cattle — canner and cutters, 11-14; utility and commercial, 14-15; top cow, 16-18; heifers, 15-19; bulls, 16-20.

Calves — choice to prime 30-34; good to choice, 26-28; standard to good, 22-25; throwouts, 19 down; \$1.00 cwt. Higher on heavy calves.

Good dairy and beef type heifer and bull calves up to 15 cents per lb. over veal depending on weight and conformity up to 34 per lb. and over.

Hogs — buying private treaty; no yardage or commission; butchers, 190-220 lbs., 15-16; sows, 11-13; boars, 9-11.

Chicago Butter
CHICAGO (AP)—Chicago Mercantile Exchange—Butter steady; wholesale buying prices unchanged. 93 score AA 57½; 92 A 57½; 90 B 56¼; 88 C 55¼; cars 90 B 57; 88 C 56¼.

Eggs about steady; wholesale buying prices unchanged; 70 per cent or better grade A whites 35; mixed 37; mediums 35¼; standards 35; dirties 27; checks 26.

Chicago Poultry
CHICAGO (AP)—(USDA)—Live poultry: wholesale buying prices ½ lower to ½ higher; roasters 23-24; white rock fryers 18; special fed white rock fryers 18½-19½; barred rock fryers 19-19½.

necessary:

that's the way people feel about their daily newspaper.

Add another staple to food, clothing, shelter, the daily newspaper.
It's that basic.

Nearly everyone reads it (99 million people on an average weekday)

They read it thoroughly, page by page (71%)
Would feel lost without it or miss it (79%)
They clip it (editorials 53%, ads 28%), quote from it (65%).

And 99 million consumers wouldn't have it any other way — an ever-changing diet of news and events, freshly packaged, eagerly consumed, thoroughly digested, completely welcome, The Daily Newspaper.

Note: 53% clip from editorial items, 28% clip from ads in a three month period.
65% quote from the newspaper in the past month.

NEWSPAPERARCHIVE®

Minding Your Business

By Cyrus Barrett, Jr.

DEAR CY:

What do you think about a company getting involved with a man's family? I sell for a large company, and some bright-eyed young man got the idea to promote a salesman's contest where the wives got prizes for their husband's effort. My wife has received several letters and a merchandise catalogue and is on my back to sell more and more. She won't settle for a new ironing board. She has to have a color TV. Don't you think companies should let the wives alone?

DEAR MELVIN S.:

Mr. Bright-Eyes came up with a humdinger, and you better get your sales sparking. Not every sales contest should include wives, but many a salesman never knew how well he could sell until his wife crowded him. A variation of this is awarding the wives auction "money." At a gala meeting, they bid for prizes with script their husbands won for them in the sales contest. For results, this is hard to surpass. Nothing produce sales life like a wife!

DEAR CY:

I am the exclusive dealer for a new product called the "Pinless Clothes Line." It is a fine product which saves time and work and holds clothes without pins even in gale winds. Behind it is a money-back guarantee. The only thing I want is to earn money with it to pay the bills. I incurred trying to promote the product. I would even sell some of my interest in it to a person willing to aggressively sell it. Do

you think want ads would turn up a buyer?

DEAR H. E. S.:

Classified ads unearth prospects. Whether they are buyers is determined by your product, the profit opportunities, the price—and you. Have your sales line ready when you place your next clothes line ad.

DEAR CY:

My husband comes home from the office with the badge of his rank—an attaché case. It is filled with memoranda and the papers he has to read at night. Your speed reading article got me thinking this would save him a lot of midnight oil. How does this technique work?

DEAR MRS. NOURSE:

When Evelyn Nielsen Wood 5159-A Lee Hwy Arlington Va began research on rapid reading techniques in 1945 she found most people slow their reading three ways. They reread. They stare at the page. They form words with their mouths. Her Reading Dynamics course (30 hours—\$150) trains the mind to grasp thoughts as the eye speeds vertically down the page at the rate of up to 20,000 words a minute. Your husband will need new excuses for reading trade material at home after taking this course.

Xavier Educators Check Scheduling In High Schools

Three educators from Xavier High School are visiting Wisconsin and Michigan high schools to observe different methods of scheduling the class day.

Brother Peter, Xavier director, Sister Peter, principal of the girls' department, and Francis Scholtz, band director, visited Preble High School to observe the long-short period class day in operation.

The group also plans to visit Kenosha Senior High School to see the operation of a split shift schedule, and the Highland Michigan High School, which is noted for its success in the use of unconventional scheduling and programs.

They will use the knowledge gained to help prepare for any scheduling changes which the increased enrollment at Xavier might necessitate.

High enrollment expected for next year may make it necessary to institute a split shift or other new scheduling methods in order to get greater use of the present facilities, according to Brother Peter.

English Lutheran Choir Names Officers

Ralph Melby has been elected president of the senior choir of First English Lutheran Church. Paul Hennickson is vice president.

Serving as secretary and treasurer is Linda Buntrock. Elected librarians were Mr. and Mrs. Ronald Sternagel. Jerry Borsche will be chaplain for the senior choir. Director of the choir is Edwin Zordell and the organist is Amber Nyman.

Church Elects New President

James Ormson Will Head Faith Lutheran For Coming Year

James Ormson was elected president of the Faith Lutheran Church congregation at the annual voters' assembly.

Fifty-six braved the bitter cold to attend the meeting and conduct the annual business of the congregation.

Other new officers are Harold Arbeiter vice president, James Barton secretary, Frank Waltman treasurer, Harold Phillips financial secretary, Hans Hoesch elder, Francis Ankerson, trustee, Werner Stranghoener and Elmer Kunzman board of education, Richard Heronemus, youth committee and Harold Ruggs, finance committee.

Elected assistant financial secretaries were John Bain Hanford, Baldock, Harold Bertschy, Wilbur Doell, Thomas Finn, Lawrence Geske, Edward Merten and Wendell Warnke.

Arnold Grummer was chairman

of the nominating committee, assisted by Carl Mueller and Harold Vonderhars.

Reports Growth

In the annual report of parish growth, the Rev. H. E. Simon, pastor, said the total new membership and the end of 1962 was 1,157. This included 686 confirmed members and 323 family units.

During 1962 the congregation received 28 family units to form the nucleus of the new Good Shepherd Lutheran congregation in southeast Appleton.

An unusual feature of the parish report was that during 1962 there were 52 baptisms and 40 confirmations in the congregation but no marriages and no funerals.

Possible Purchase

In other action the voters' assembly resolved to request the North Wisconsin District of the Missouri Synod to explore the possibility of purchasing property on Appleton's northwest side for long-range planning toward the eventual establishment of another congregation.

The assembly accepted three new voting members. Pastor Simon announced he was declining a pastoral call extended to him from St. Peter Lutheran Church, Reedsburg.

ANSWERS TO TODAY'S NEWS QUIZ

ANSWERS:
PART I: 1-a, 2-a, 3-b, 4-c, 5-b.
PART II: 1-d, 2-a, 3-b, 4-e, 5-c.
PART III: 1-b, 2-c, 3-c, 4-a, 5-d.
SYMBOL QUIZ: a-5, b-3, c-9, d-10, e-4; f-8, g-2, h-1, i-4, j-7.
CORRECTION: Symbol Quiz for Week of January 7, 1963. —Answers for (1) and (3) should read: 1-7; j-2.

East Berlin Shows Reds in Serious Trouble

CONTINUED FROM PAGE 1

them will be left after the United States and the U.S.S.R. tear hanks back and forth.

Khrushchev was both pleading and threatening.

The Soviet leader does not want to see world communism weakened by an irreparable schism. If it is possible, he undoubtedly would like to see the argument patched up. But perhaps the Red Chinese want too much.

Opports to Nikita

One of the things Mao seems to want is Khrushchev's head. The Chinese leader appears to have made up his mind that it is impossible for him to live with Khrushchev, that the rift will continue until an aggressive-minded Communist takes the Soviet reins.

Mao has been annoyed with Khrushchev's regime for some years. There has been irritation in Peking at the sluggishness of Soviet economic help for Red China and Soviet reluctance to sponsor Peking's membership in the nuclear club, to say nothing of Soviet aid to India and other governments the Chinese consider "reactionary."

This is primarily a rift between Khrushchev and Mao. It does not necessarily mean the Soviet-Chinese split is permanent. But while it remains so obvious, it damages the whole Communist movement. And Khrushchev seems to be at a loss to determine just what to do about it.

Nikita Visits Wall in Berlin

CONTINUED FROM PAGE 1

East Berlin. Maj. Gen. Helmut Poppe, the East German commander of East Berlin, stood at his side explaining the layout of the crossing point.

On the western side, an American Army officer in steel helmet and combat equipment stood near the dividing line watching the activity in the east.

Pedestrians Stopped

A line of 10 East German border guard officers stopped pedestrians crossing while Khrushchev was at the checkpoint.

The Soviet premier walked forward to the white line across Friedrichstrasse marking the border between East and West.

Standing two feet from the line Khrushchev grinned and waved cheerfully to a group of Western newsmen six feet away from him.

Then Khrushchev made a gesture with his hand, indicating it was time to go back. The group turned around and walked back into East Berlin.

They disappeared behind the maze of concrete obstacles across the road designed to keep vehicles from breaking through the Communist barriers.

Congress Ends Jan. 21

East German officials said Khrushchev will make a trip through East Germany before the end of his present visit. The time and route were not disclosed.

The congress is due to end Jan. 21.

Khrushchev spent the morning at the third session of the East German party congress where he heard Gornulka say the Soviet leader is calling the tune correctly for the world Communist movement.

38 Per Cent of State's College Students Frosh

MADISON (AP)—Wisconsin's nine state colleges report that 38 per cent of the 20,561 students enrolled are freshmen and the number is expected to climb this fall and in 1964.

The system's controller, Robert Winter, said Wednesday that there probably would be 8,850 freshmen enrollments at the colleges in 1964 and the per cent increases over the present freshman class are:

Eau Claire, 1,300, up 25 per cent; La Crosse 1,032, up 33 per cent; Oshkosh 1,740, up 38 per cent; Platteville 1,082, up 29 per cent; River Falls 807, up 23 per cent; Stevens Point 1,303, up 32 per cent; Stout 732, up 36 per cent; Superior 500, up 12 per cent; Whitewater 1,068, up 30 per cent.

UW Dean Will Study Problems of Foreign Students on Campus

MADISON (AP)—The University of Wisconsin has appointed Dr. Chester Rueddli, associate dean of the College of Letters and Science, to study the problems of foreign students on the Madison campus.

The school said Wednesday that there are 1,075 students, a record number, from 50 foreign countries enrolled and Rueddli will attempt to identify problems and recommend solutions.

Local Farm Program Costs

The cost of the various national farm programs are so huge that most of us cannot conceive of the vast amounts when they are quoted in the billions of dollars. But we had a much more tangible idea when it was revealed last week that Outagamie County farmers received a total of \$1,137,930 in payments in the year 1962 solely through programs administered by the Agriculture Conservation Stabilization Service.

By far the largest part of this total was paid to farmers for not growing corn. This amounted to \$865,970 paid to 1,104 farmers for not growing corn on 19,084 acres of land.

The County ASCA manager, Joseph

Rickert, advanced some justifications for these payments. He said surplus crops cost the government more than one million dollars daily for storage fees. Therefore it is cheaper to pay farmers for not growing corn. Part of the money paid farmers comes back to the government in taxes, he also explained. And it also pumps cash into the economy.

The Wisconsin Farm Bureau recently called the price support and production control program "a cruel political hoax on the farmer." It declared that 20 years of the program has accomplished nothing.

Outagamie County now has a good idea of what the program is costing.

Can We Stop the World?

This is the bricklayer; hear the thud
Of his heavy load dumped down on stone;

Make my marvelous wall so thick
Dead nor living may shake its strength.

Full as a crystal cup with drink
Is my cell with dreams, and quiet, and cool

Stop old man! You must leave a chink;
How can I breathe? You can't, you, fool.
Elmer Wylie

Frank S. Meyer, senior editor of the conservative *National Review*, told the hard truth in his speech at St. Norbert College when he emphasized that we must realize we are in a war with Communism with the "stark alternatives—victory or defeat." But the means of winning this conflict are not so easily determined. And we sadly believe that Meyer's main aim for winning the conflict leaves a lot to be desired. "I want to defeat Communism and go back to good old-fashioned American isolationism!", he declared.

Meyer sees the war against Communism as almost completely a power struggle involving our military forces or the threat of them. Certainly, since we believe we are stronger than the Soviet Union and the nuclear-bombed Red Chinese, this is a strong aspect of the conflict.

But Communism has shown itself to have an appeal to people although it has never won a fairly conducted election. Its lure, particularly to people who have never known anything except hunger, fear and injustice, goes beyond mere force or even empty promises. The "belly" explanation of Communism is incomplete. But it has some validity. And one of the reasons why newly developing peoples turn to Communism, even if only for a short time as so far has happened in Africa, is because they have lost faith in their own philosophies and religions. To some extent this is the fault of the religious leaders who for too long have praised the life after death and ignored the sufferings in this one. A lot of people have thrown aside their old philosophies with the belief that they can have enough food, a future on earth and heaven too. We can combat a Communist army in Latin America with one of our own. But we cannot halt any growing allegiance to an undercover Communist Party with only bullets.

Meyer's position is that the United States, as a nation, should oppose dictators only when they are a threat to us (as all Communist dictators are at present) but that assistance to other peoples, after the defeat of Communism, be limited to private extensions of capital and charity.

'Quickie' Divorces Upheld

The Wisconsin Supreme Court has ruled that lower courts must recognize divorces granted in other states. The ruling reversed a decision by a Milwaukee circuit court judge nullifying a "quickie" Nevada divorce.

Thus the court ruled in effect that persons may avoid Wisconsin's stringent divorce laws by obtaining legal out-of-state divorces.

The decision is not expected to produce a rash of out-of-state divorces, however.

Looking Backward

Citizens Battle Lynch Mob at Jail

100 YEARS AGO
Quoted from the Appleton Motor for Jan. 15, 1963.

Tuesday forenoon of last week (Jan. 6) the usual quiet of our City was disturbed by a mob, numbering from 75 to 100, from the Town of Greenville, who demanded the Indian murderer of Joseph Smith, with the intent to lynch him.

They were, of course, refused, so the mob proceeded to the jail with the determination to take out the prisoner. The Sheriff called on our citizens in the name of the State to defend the jail. They promptly responded.

The mob went at the jail door with a heavy plank, but the plank was turned aside by one of our citizens, doing no damage.

Mr. C. F. Pfennig addressed the mob and appealed to them not to violate the laws of the State, with little effect. Just after noon an attempt to force an entrance into the jail, a skirmish ensued wherein quite a

number of the citizen soldiery got some pretty severe knocks. Among the number of volunteer citizens were Sgt. S. P. Ming, C. D. Foote, C. Pfennig, Samuel Boyd, E. St. Mary, George Ladd, Mitchell, head clerk in Pettibone's Store, and others.

There were an equal number on the other side. The Sheriff telegraphed to the Governor for a detachment of soldiers to be sent here to quell the disturbance.

At this juncture in the proceedings, quite a number of firearms had collected in the jail and the mob must have come to the conclusion that "discretion is the better part of valor" for they shortly disbursed, ostensibly to arm themselves, without accomplishing their barbarous purpose. No further disturbance has occurred.

10 YEARS AGO
Thursday, Jan. 13, 1953.

Officers for 1963 of the Appleton Trades and Labor Council

were Carl Smith, president, Louis Weber, vice president, Mike Blick, recording secretary, Edwin Henke, financial secretary, and Nicholas Reider Jr., treasurer.

Officers of the Hook and Ladder Company at Forest Junction included Edward Freitag, president, Joseph E. Schneider, vice president, Earl Janach, secretary, S. E. Jansch, treasurer, A. A. Janach, chief, Albert L. Stanelle, H. P. Fassbender, H. M. Zick, Roy Reinke and Claude Thomas, trustees.

Sophomore boxers at Appleton High School and their scheduled bouts were Frank Spitzer versus Staley Reitzer; Marvin Pils-Vernon Hoffman; Ralph Kampe-Kenneth Courtney; John Wolfe-Robert Thompson; Earl Schabo - John Hammer, and Bill Mulvan versus George Schaefer.

Valerie Kading was elected president of the Lyric Club of Bear Creek High School. Other officers were Nathan Wied, vice

'Now I Wonder What's in It'

People's Forum

Communism May Not be Threat By Definition, but by Actions

Editor, Post-Crescent:

One statement by Mrs. John Rhode in her most recent letter to the People's Forum (Jan. 11) particularly intrigues me. She states, "Communism is not a threat to the United States. The very definition of Communism makes that clear: 'A more equitable distribution of scarcity.' We do not have a scarcity in the U. S. We have an abundance of everything."

I have no quarrel with her statement that there is no scarcity in the U. S. I do disagree with her definition of Communism and her statement that it is not a threat to the United States. Whose definition is that? It certainly defines neither Marxian nor Russian Communism!

Marxian, or true Communism, is based on group ownership rather than private property. Its purpose is to distribute the plenty found in some nations and hoarded by some people equally to all nations for use by all people. One of its admitted aims was to forcibly overthrow all capitalistic countries and distribute their material goods among all the communistic countries. By a stretch of the imagination Mrs. Rhode's definition can be accepted for Marxian Communism. But, as pointed out above, this does not mean that this Communism is no threat to the U. S. On the contrary, it means that this type of Communism would be a very grave threat to our nation and every other nation with a capitalistic economy and "an abundance of everything."

However, as anyone who has studied Karl Marx and Russian Communism will affirm, there

president: Jean Long, secretary, Anita Klemm, treasurer, and Martin Paul, sergeant-at-arms.

"The Outlaw King," an operetta about Robin Hood and his Merry Men, was in rehearsal at St. Mary High School, Menasha. Mary Ann Thiel was playing the role of Maid Marian and Daniel Tuchacher, Robin Hood.

14 YEARS AGO

Thursday, Jan. 15, 1953.

Assemblyman Mark S. Catlin Jr., Appleton, was named Republican floorleader by his party colleagues in the state legislature.

Frederick Froehlich was elected president of Faith Lutheran Church at the Appleton congregation's annual meeting. He succeeded LeRoy Stohman.

Fred G. Schroeder was to be introduced as the new director of the Lawrence College Band at the group's first concert of the season. Schroeder came to Appleton from the Sheboygan public schools in 1951, replacing E. C. Moore. He combined work in the Appleton public schools and Lawrence Conservatory of Music his first year here and in September, 1952, became a full-time staff member of the Conservatory.

Otto A. Hansen was elected president of the Outagamie County Bank to succeed Joseph Dohr, who retired after 12 years as head of the banking firm.

Mrs. Earl Riban was elected president of the International Club. Other new officers were Mrs. Bruce Matheson, vice president, Mrs. Elton Rice, secretary, and Mrs. Robert L. Lampman, treasurer.

is a great difference between the two. So great is the difference that Russian "Communism" cannot even be considered communism!

Home Grown Degree Idea Draws Praise

Editor, Post-Crescent:

May I comment on your editorial "Home Grown College Degrees" in the Sat., Jan. 5, Post-Crescent.

First of all, let me say that I enjoy most of your editorials and this one I'll endorse wholeheartedly. Never have I seen an industrious and hard worker in the headline — yes, I remember the 30's.

It often seems that experience plays no part in our educational structure. Let's give the New York state suggestion serious consideration in Wisconsin. I think we'd soon find that not only books, buildings, and degrees make scholars, but that the "man behind the gun" is the first prerequisite of a successful educational system.

Thank you.
Martin F. Hoffman
Route 1, Fremont, Wis.

City Fortunate to Have Fine Memorial Hospital

Editor, Post-Crescent:

We have just brought our daughter home from a stay of nearly four weeks at Memorial Hospital. I hope that you will print this letter, so that all of the staff of the hospital will know how appreciative we are.

Our daughter is 13 years of age — an age that is difficult to be content while hospitalized. However, we found that the pleasant and cheerful surroundings at Memorial Hospital were most helpful in making her stay as happy as could be possible. We were most pleased with the patience and understanding shown by the nursing staff, the concern of the dietician in pre-

paring tasty meals, and the friendliness of all that she and we came in contact with. We think, too, a good deal of praise should be given to the hospital auxiliary for their part in making Memorial Hospital pleasant for both patients and their families.

I am sure our experience is not unique, but with the normal tendency to complain about little things, I do want to say a public "thank you" to Memorial Hospital. How fortunate we are to have such a fine institution in Appleton!

Appleton, Wis.

Liquor With Fido

BRUNSWICK, Ga. (AP) — A 62-year-old man was charged with violating state liquor laws when police found 40 gallons of illicit whiskey hidden beneath his doghouse.

Officers said the underground hideout was almost big enough to be a fallout shelter.

Pressure Mounting on Both Sides of Issue About Teen Beer Age

BY JOHN WYNGAARD

MADISON — About all that is clear about the celebrated youth and beer issue in the new legislature is that

it is an issue and that there is more pressure evolving from it on both sides than on any other question that has emerged in the legislative chambers at this early stage.

The outlook is decidedly murky. A reporter can walk through the chambers and get diametrically opposite estimates of the probable legislative decision from men he trusts for their judgment and candor, which is a way of saying that the individual prejudices and convictions are running so high that even the skilled politician finds it difficult to be objective.

There is strong support, by all appearances, for the raising of the minimum age limit for the consumption of beer by minors in public places from 18 to 19 years. The commercial interests involved, known in the crude language of politics as the "beer lobby", are apparently convinced that such a minor concession to the conservatives on this question cannot be stopped.

Yet there is no certainty that 19 will be the new minimum age under state law, because many of the most effective of the advocates for sterner regulations don't believe that would go far enough and want a straight 21 year rule. That was the explanation for the Legislative Council's failure to muster the 10 votes required to recommend the 19 year bill last week, for example.

PROS AND CONS

From the viewpoint of those who are worried about youth and beer, which two years ago included the legislature itself as it authorized a study of the relation of minors and beer and auto accidents, the 19 year minimum age would do some good. It would virtually eliminate, for example, the high school student from the beer bar. Practically all 19 year olds are past high school age.

But the 19 year bill as now presented to the legislature, would not achieve "uniformity," which is one of the goals of those who are concerned about beer-imbibing youngsters driving to remote beer bars, in spite of

some public impressions and claims. It is this element of the controversy that has made for such murky understanding of the question.

Scores of municipalities today, under their local option privileges, have prohibited beer bars in their own jurisdictions by enacting 21 years in local ordinances as the minimum age for the consumption of intoxicants. Such ordinances are now in effect for about 60 per cent of the inhabitants of the state, according to one official estimate. The pending 19 year bill would nullify these ordinances. It is true, but it would not assure the sale of beer to 19 year olds in these localities, whatever some of the beer interests may privately hope. For there is no tool now available, or likely to be made available in this state where "home rule" is nearly a sacred symbol, that would force aldermen in Milwaukee, or De Pere or Neenah to grant beer bar licenses to persons who would sell to 19 year olds, if those aldermen did not wish to do so. Thus "uniformity" is a chimera, in terms of this bill. Whatever temptations that now exist for youngsters of 18 to cross over into more liberal jurisdictions in their autos at night, would continue for those who are 19 and 20.

The only likely result would be a slight diminution of the traffic.

This is not an easy question to resolve, a sane interested parent can observe quickly by listening to any conversation about it among his neighbors. It involves on the one hand a growing worry about the highway accident rate, and on the other a long and vigorous tradition of individual liberty derived from this state's ethnic and political history.

Legislators are as uncertain of the merits of the controversy as any other persons, and thus there is perhaps a better chance for indirect approaches, as through more drastic auto license revocation laws for youngsters violating either the road or beer laws, and by a reference to the merits of the age and drinking question to an advisory referendum. The latter is the final move in the strategic plan of the reform element, and is based on the conviction that the city authorities in the communities representing 60 per cent of the population with 21 year old laws represented the popular will when they wrote those ordinances.

Strictly Personal

Daydreams That Come True Often Nightmares

BY SYDNEY J. HARRIS

Purely Personal Prejudices: The worst companion in any venture is an incompetent enthusiast; for every one person in whom enthusiasm is a virtue, there are a dozen in whom it is simply a substitute for knowledge.

The same quality that attracts us to a mate is often the very quality that eventually repels us: a woman marries a man because she thinks he is dominating and then learns he is merely domineering; a man marries a woman because she is fluffy and then learns she is merely pulpy.

It is a vast over-simplification to suggest that poverty "creates" crime; what would be truer to say is that the man with the least to lose is most likely to take the greatest risks, in any direction. It is so-called "respectability," rather than honesty, that keeps the bulk of people from taking to illegal pursuits.

Just as standing waters become poisonous, so a mind that does not change and flow freely becomes poisonous from its own stagnation; ideas; propaganda from the outside does not poison

minds nearly so much as their own lack of activity.

The last paradox that man can grasp was expressed by Proust, when he said: "The universe is true for all of us and different for each of us."

All of us are believers in free will when we are successful, and believers in determinism when we fail; success makes us over-estimate our own powers, and failure makes us over-estimate the blind forces of fate.

Speaking of success and failure, isn't it this polarity which determines whether we refer to someone as a "slight acquaintance" or an "old school friend"?

The futility of giving advice was piercingly expressed by George MacDonald, with his usual pungent brevity, when he wrote: "When people seek advice, it is too often in the hope of finding the adviser side with their second familiar self instead of their awful first self of which they know so little."

Impatient romantics should be cautioned that a daydream that comes true before we are ready for it can seem like a nightmare; to meet one's heart's desire before one is big enough or strong enough or steady enough to handle it maturely is the most devastating experience.

Man's fall is perpetually symbolized in the fact that nothing as we get older tastes as good as our first taffy-apple.

Potomac Fever — by Fletcher Knebel

One thing about JFK's state-of-the-union message. Democratic speech-writers never have to grapple around for enough problems to pad out the text.

Right-wingers had a two-day conference in Washington. They didn't dare stay around the New Frontier any longer — or somebody might sneak in and give them a government subsidy.

Psychiatrist: The fellow who keeps track of your social insecurity number.

The temperature drops to 15 below in Las Vegas. They're over-doing this business of a cold deck.

Trouble with the Republican party. It can never seem to get equal time in this population explosion.

President Hopes for Tax Cuts by July 1

Reaction in Congress Seems To Forbid Retroaction Plan

BY STEPHEN F. CHASE

WASHINGTON (AP) — Next July 1 is President Kennedy's new target for personal income tax cuts starting his three-year, \$11.5 billion tax reduction program, his budget message indicated today.

The retreat from Kennedy's original hope of cuts retroactive to Jan. 1 apparently was forced by the go-slow reaction of key members of Congress. They dislike the towering deficit that goes along with Kennedy's record \$68.9 billion spending schedule.

The legislators' caution, combined with the sheer workload of writing perhaps the most sweeping tax overhaul in history, could result in an even later starting date. Some members of Congress want to wait until Jan. 1, 1964.

That is the date on which Kennedy proposed to begin the second stage of his program—corporate rate cuts, further individual rate reductions, and some of the "reforms" which are supposed to recoup \$3.5 billion of the lost revenues.

Possible Slowdown

Such a six-month delay would reduce the near-record deficit of \$11.9 billion which the President foresees for fiscal 1964, the government year which starts next July 1.

But some government economists fear that, in the meantime, the slow advance of the economy may stall. Kennedy hinted at this possibility, he gave warning that a business slowdown would mean shrinking revenues.

"This would indeed be unfortunate," he told Congress, "both because of the effect on govern-

ment finances, and because of the lost opportunities and the human misfortune that would accompany a sluggish economy and growing unemployment."

Nowhere in the message did he

state that July 1 is now his target for tax relief. But it was clearly implied in the budget message, as well as in the statement of any reference to the calendar year 1963.

Personal income will increase \$19 billion from last year to a 1963 total of \$40 billion, the message predicted, and corporate

profits will advance by \$2.1 billion to \$69 billion.

The production, income and profits estimates are all potential forecasts. But the rate of advance would hardly be sufficient, according to government economists, to prevent further increases in unemployment.

Kennedy blamed the nation's slow economic growth in part on "the restraining effects of the tax system." Tax reduction now will bring budget surpluses in the future, he argued.

"This issue must be faced squarely," the President went on. "Our present choice is not between a tax cut and a balanced budget."

The choice, rather, is between chronic deficits arising out of a slow rate of economic growth, and temporary deficits stemming from a tax program designed to promote fuller use of our resources and more rapid economic growth.

The latter choice is the only

Thursday, January 17, 1963 Appleton Post-Crescent A7

reasonable one. Adoption of the tax program I am proposing will strengthen our nation's economic vitality, and by so doing, will provide the basis for sharply increased budget revenues in future years."

Kennedy disclosed that his special message to Congress due later this month, will contain a proposal for special tax help for small businesses. He gave no elaboration.

Feeling the proposed reduction of corporate rates next Jan. 1, he said, the present 48 per cent rate should be extended until that time. Without extension, it would drop to 47 per cent on July 1. Present excise rates should be extended for another year beyond their present 1962-1963 expiration date, Kennedy said, along with the 5 per cent passenger tax on airline fares.

Robbers Draw Prison Terms

Scuffle Develops In Lockup After Pair Sentenced

CHICAGO (AP)—Two convicted robbers who tortured their victims, mostly suburban North Shore householders, were sentenced Wednesday to 60 to 100 years in prison.

They are Frank Yonder, 23, a former Chicago beautician, and Nicholas Guido, 41, of Joliet, reported to have been the leader of the gang. They were convicted by a Criminal Court jury on Jan. 9 after nearly three hours' deliberation.

After the sentence was pronounced by Judge Joseph Butler, a scuffle developed in the lockup between the courtroom.

Yonder pushed Lt. Edward King of the state's attorney's police against the cell bars. King suffered a slight injury to the right side of his head.

King said Yonder began struggling as King and Policeman James Kennerly were removing him from the lockup to the Cook County Jail.

"I'll kill you!" Yonder shouted and threw King against the bars, King reported.

Guido and Yonder were convicted of robbing the home of C. Laury Bothof, president of the Standard Rate and Data Service, Skokie, in the Bothof home near Winnetka on May 28, 1962. Mrs. Bothof was tortured by the men who invaded their home.

The state alleged that members of the gang obtained keys of well-to-do customers of Yonder's beauty shop when they left their cars to be parked and made duplicate keys.

Religion Editor Dead at Age 65

NEW YORK (AP) — The Rev. Dr. Anthony Vance McCracken, 65, nationally known religion editor, collapsed and died Wednesday in his home in suburban Bronxville.

Dr. McCracken had been editor of the United Church Herald, organ of the merged Congregational Christian Churches and Evangelical and Reformed Church and its predecessor publications for more than two decades.

Dr. McCracken, born in Pittsburgh, Pa., Sept. 1, 1897, was an ordained Congregational minister who preached in Concord, N.H. before turning to the editorial field. He held a doctor of philosophy degree from the University of Chicago.

He is survived by his widow Eleanor, a son, Vance, a Miami, Fla., banker, and a daughter, Mrs. Alden Whitman, assistant women's news editor of the New York Times.

Bar Closed, He Gets Stuck in Chimney

MIAMI, Fla. (AP) — Down the chimney went Ray Tallman. He got stuck at the bottom. Rescue crews with sledge hammers got him out.

It happened Tuesday at a bar at Sweetwater, west of Miami. Police Chief Jack Knight said Tallman told him the bar was closed when he got there, so he tried the chimney route.

The chimney was 12 inches square on top, but tapered to 8 inches below, and the 140-pound Tallman couldn't make it.

Tallman, 40, was charged with breaking and entering.

Kennedy Asks \$4.2 Billion For Space Race

Hopes Americans
Can Land on Moon
By End of Decade

BY FRANK CARRY
WASHINGTON (AP) — A big boost in spending for the U.S. space agency was recommended today by President Kennedy to blaze a trail for American landing on the moon by this decade's end and put more muscle in the space race.

He asked Congress to approve \$4.2 billion for fiscal 1964—\$1.8 billion more than in 1963 and more than triple the amount spent in 1962.

"The space programs of the National Aeronautics and Space Administration will continue to expand as this nation strives to maintain a position of world leadership in the exploration and utilization of space," Kennedy said.

Increase For AEC
In addition, the administration sought Congress' okay for \$184,880,000 spending by the Atomic Energy Commission for space projects—an increase of some \$40.4 million over this year. This would cover a stepped up effort to develop nuclear powered rockets and advanced devices for supplying communications and other satellites with auxiliary nuclear power.

Thus, for all space projects by the two agencies the administration sought approval for spending \$4,384,880,000 in the coming fiscal year, compared with \$2,544,449,000 in the current one.

In his budget message to Congress, Kennedy noted that defense spending and the growth in the space program had accounted for the major part of the increase in the budget since his administration took office.

More Advances Seen
As to the space program, he said:

"The accelerated programs for the exploration and use of outer space moved ahead vigorously during the past year, and further significant advances are anticipated in the year ahead."

"This budget provides for an increase of \$2 billion in appropriations for the National Aeronautics and Space Administration to proceed with the top priority manned lunar landing program and with its side range of programs of scientific investigation and development of useful applications such as communications and meteorological satellites."

The President added that efforts are being concentrated on the continued development of the complex Apollo spacecraft—the vehicle slated for the lunar mission—and the giant advanced Saturn rocket needed to boost the Apollo to the moon.

Funds for Research
He also said the budget provides for strong research efforts aimed at developing the technology needed for advanced space missions "including future manned space flight and unmanned explorations of Venus and Mars."

Declaring the recent Mariner flyby of the planet Venus proves U.S. progress in unmanned space investigations, the President said that during the coming fiscal year the development of geophysical astronomical meteorological and communications satellites would also continue.

Kennedy recommended spending \$2,713,000 for manned space flight, compared with an estimated \$1,376,000,000 for the current year and \$547 million in fiscal 1962.

For unmanned investigations of space, spending of \$593 million is asked compared with \$441 million this year.

Kennedy gave top priority to "the vast effort required for a manned lunar landing."

"Funds during the current and coming years," the budget explanation added, "provide for experiments with Gemini flights—the two-man spacecraft for earth orbital flights which is the next step after the Mercury program—for continuing development of the Apollo spacecraft and for beginning the development of the lunar excursion Module."

The Module is the craft which is being designed to carry the explorers from the Apollo to the moon's surface.

Backing Sought for Measures Excluding Teachers From '61 Law

MILWAUKEE (AP)—A resolution asking the Wisconsin Association of School Boards (WASB) to support legislation to exclude teachers and other professional school personnel from the 1961 public employee law has been prepared for introduction at the opening of the group's convention tonight.

The proposal of the resolution committee states that the association feels "that professional staff employment relations, under the individual teacher contract law, can best be conducted outside the provisions of the 1961 Employment Relations Act."

About 1,000 delegates are en-
